Notice of Public Meeting

Pursuant to A.R.S. § 38-431.02, notice is hereby given to the members of the Navajo County Community College District Governing Board (Board) and to the general public that the Board will hold a regular District Governing Board Meeting open to the public on **December 17, 2013 beginning at 10:00 a.m**. The meeting will be held at the Northland Pioneer College Painted Desert Campus, Tiponi Community Center meeting room, located at 2251 E. Navajo Blvd., Holbrook, Arizona.

One or more Board members and/or staff members may participate in the meeting by telephone if necessary.

The public is invited to check on addenda that will be posted up to 24 hours prior to the meetings. Copies of the meeting agenda may be obtained through the Office of the President, Northland Pioneer College, Painted Desert Campus, 2251 E. Navajo Blvd., Holbrook, AZ, telephone (928) 524-7418 or (800) 266-7845 Ext. 7418, at least 24 hours in advance of the meeting. Agendas will also be posted in campus offices. If any disabled person needs any type of accommodation, please notify Lisa Jayne at the above address or telephone number at least 24 hours prior to the scheduled time.

The Board may vote to hold an executive session for the purpose of obtaining legal advice from the District's attorney on any matter listed on the agenda pursuant to A.R.S. §38-431.03 (A)(3). Should the District's attorney not be present in person, notice is further given that the attorney may appear by speakerphone.

I, <u>Lisa Jayne</u>, certify that this notice of public meeting, prepared pursuant to A.R.S. § 38-431.02, was posted on or before the 16th day of December 2013, at 10:00 a.m.

Lisa Jayne, Recording Secretary to the Board

Navajo County Community College District Governing Board meeting Minutes

November 19, 2013 - 10:00 a.m. Painted Desert Campus, Tiponi Community Center 2251 East Navajo Boulevard, Holbrook, Arizona

Governing Board Member Present: Mr. Frank Lucero, Ms. Ginny Handorf, Mr. Daniel Peaches, Mr. James Matteson, Mr. Prescott Winslow

Staff Present: President Jeanne Swarthout; Vice President Blaine Hatch; Vice President Mark Vest; Information Services Director Eric Bishop; Institutional Effectiveness Director Dr. Leslie Wasson; Recording Secretary to the Board Lisa Jayne.

Others Present: John Spadaccini, Kristen Boilini, Ann Hess, Everett Robinson, Cynthia Hutton, David Smith, Tamara Martin, Maderia Ellison, Peggy Belknap, Beaulah Bob-Pennypacker, Margaret White, Sharon Hokanson, Stuart Bishop, Matt Weber.

Agenda Item 1: Call to Order and Pledge of Allegiance

Chair Handorf called the meeting to order at 10:03 a.m. Mr. Matteson led the Pledge of Allegiance.

Agenda Item 2: Adoption of Agenda

Mr. Peaches moved to adopt the agenda as presented. Mr. Matteson seconded the motion. *The vote was unanimous in the affirmative*.

Agenda Item 3: Call for Public CommentNone

Agenda Item 4: Reports

4.A. Financial Position – Vice President Hatch

Vice President Hatch reviewed the Financial Report with the Board. Mr. Matteson asked if the property assessed valuation was coming back up. Vice President Hatch stated he did not feel there would be much of a change yet. There still is not a lot of new construction county wide which is one way to grow the assessed valuation. Mr. Lucero asked how much the decreased property valuation has affected the College. Vice President Hatch stated it was approximately a half a billion dollar reduction in the County. Mr. Lucero asked how much of that was reflective of the paper mill closure. Vice President Hatch stated it would not be completely evident until the next cycle of assessed valuation. Mr. Winslow asked what factors besides the collection of property taxes contributed to the low cash flow months. Vice President Hatch stated the other primary factor has to do with State aid. State aid is the next largest revenue source and it is distributed on a quarterly basis and receives distributions in July, October, January, and April.

4.B. NPC CASO - Margaret White

Margaret White addressed the Board and stated that CASO has submitted topics for convocation to the executive team for January 10. These topics were both customer service and year round school, and CASO is looking forward to participating in team building. There will be a CASO and Faculty Association retreat in spring. CASO is also working on a new format for the salary proposal as requested by college council. CASO is anticipating the dedication of the skills center. Candy bar sales for student emergency fundraising are going well. CASO is not currently involved in any other fundraising activities right now. The CASO professional development textbook scholarship is being well utilized. Mr. Matteson asked how the discussion on working a 40 hour work week went. Margaret White stated there was no negative discussion whatsoever.

4.C. Faculty Association - Cyndi Hutton

Cyndi Hutton, Co-Chair of Faculty Association, addressed the Board and stated that the Faculty Association meeting on Wednesday afternoons has worked well for improving attendance. Also, during a special meeting last week the faculty association voted to go back to the faculty association model rather than the faculty senate model that had been adopted as it was too cumbersome. The Association has raised \$600 for faculty association scholarships and has worked with CASO for convocation in which one topic suggested was classroom safety. Dr. David Smith, faculty in biology, presented to the Board his current research on evolution of the braincase and functional morphology in therizinosaurs. Mr. Prescott asked Dr. Smith what role students have played in helping with his research. Dr. Smith stated students help recover fossils from the site and have also helped create posters to be presented to the community, as well as having participated in class discussions on the topic.

4.D. NPC Student Government Association – Jake Hinton-Rivera

Dean Hinton stated that Melissa Luatua has left her position and he will be filling in for her with SGA until her position is filled. Dean Hinton presented new SGA President, Lorin Jessup. Lorin Jessup introduced himself to the Board and stated he is interested in getting more students involved on campus and reported that two new clubs were approved by SGA, and those were Early childhood Education and Future Business Leaders of America. The laptop scholarship has also been finalized, although there were nine laptops available, some campuses will not have a student awarded because there were no application. Lorin also stated that faculty member Richard Harris will be taking over the annual Costa Rica trip and SGA will help provide funding for scholarships for that. SGA is looking into a leadership conference and will be planning a fundraiser for it so SGA members can participate. The SGA food drive ends just before Thanksgiving and the food will go to local charities that provide food for those in need. Lorin Jessup stated SGA would like to become more involved in the community.

Agenda Item 5: Consent Agenda

- A. September 17, 2013, regular meeting minutes.
- B. Dual Enrollment Intergovernmental Agreements with Holbrook USD; Blue Ridge USD; Ganado USD; Winslow USD; Joseph City USD; St. Johns USD; Pinon USD; Hopi Sr./Jr. High; Chinle USD; Show Low USD

Navajo Community College District Governing Board meeting – 11/19/13 – Page 2 of 7

Northland Pioneer College

Post Office Box 610 • Holbrook, AZ 86025 • (928) 524-7311 • Fax (928) 524-7312 • www.npc.edu

Mr. Matteson moved to accept the consent agenda. Mr. Lucero seconded the motion. *The vote was unanimous in the affirmative.*

Agenda Item 6: Old Business

None.

Agenda Item 7: New Business 7.A. *Alumni Award – Terry Yazzie*Moved to December meeting.

7.B. Legislative Update by College Lobbyist Kristen Boilini

President Swarthout introduced the college lobbyist Kristen Boilini. Kristen introduced herself to the Board and gave them a history of her involvement in finance and government. She stated there is a budget request to be sent to the Governor's Office that is being worked on. There is expected to be an upcoming bill that may deal with guns on campus. Also, the Arizona Tax Research Association has expressed interest in looking at the expenditure limitation formula.

The College will focus on budget. Kristen presented two letters to the Board that had been sent to Governor's Office regarding the budget for all ten community colleges for the year. Unfortunately, due to student count, funding is down about \$2 million from last year. The colleges are requesting full funding in equalization aid. M&O and equalization aid are two budget items the Governor's Office has fully funded the last several years.

What was taken from the community colleges was the capital outlay line item. Last legislative session capital outlay was renamed to STEM funding, hoping that it would allow discussions about science math and technology program funding. Asked legislature for \$22 million in funds last year, and ended up with \$2 million. The positive outcome was re-establishing the line of funding.

The second letter outlines a \$30 million budget request sent to the Governor's Office on November 15. This package is a \$1.5 million appropriation to each of the community college districts with the rest of the funding distributed based on FTSE.

To validate the request the budget request outlined four areas that meet the goal and requirements of statewide performance goals, and those were: financial aid, dual enrollment, retention, and remediation programs, and will be asking that the \$1.5 million remain unrestricted so a college could use it in any of the four areas as needed.

Mr. Peaches asked what the governor's mission is in terms of education. Kristen Boilini stated the Governor is focused on doubling baccalaureate degrees in the state by 2020, but has recognized that Community Colleges play a crucial role in that process.

Mr. Winslow stated the unpreparedness of K-12 is of concern and hopes there will be conversation about what balance of funding could help offset the remediation crisis. Kristen Boilini stated she hoped that there would hopefully be opportunity through enhanced dual

enrollment funding to work with high school students before they come on campus. The governor's budget has included \$50 million for K-12 reading programs, but dealing with the problem is complex and will need a concentrated effort by a consortium of educators that can come up with solutions.

President Swarthout asked what can be expected of ATRA. Kristen Boilini stated ATRA has concerns of expenditure limits, as they are concerned that the Community Colleges are overstating FTSE.

Mr. Matteson asked how colleges would report to the legislature when the community colleges are so varied on how they will use the funding. With STEM fund reporting and reporting around this budget request, each community college would submit a separate report on outcomes.

Chair Handorf asked for talking points to keep the Board parallel of where things actually are. Kristen Boilini stated that she could do that.

7.C. Review of Joint DGB/Legislative Summit Meeting

President Swarthout asked if there were any charges the Board wished to direct to the executive team in light of the summit. Mr. Winslow stated that in light of the apologetic tone of the legislators from having cut higher education funding, when the economy recovers we should hold them to their commitments. President Swarthout stated the Joint DGB Summit will be held again in 2015.

7.D. Review of AZCC 2013 Student Progress & Outcomes Report and AZCC 2013 District Outcomes Report

President Swarthout stated the two reports presented to the Board are aggregates on the metrics of the community college strategic plan that looks at improvements for all ten colleges as a whole. The second report is NPC's individual report.

7.E. Review of 2012-2013 Apache County Analysis

Vice President Hatch reviewed the Apache County Analysis with the Board.

7.F. First Read of 2014-2017 Strategic Plan

Director Wasson explained the Strategic Plan development process to the Board. Mr. Winslow asked how the Board is involved in learning to what extent the College has achieved strategic goals. President Swarthout stated that a yearly report is issued to the Board in August or September outlining what progress was made on the Strategic Plan. This year it may be in the operational report. Chair Handorf stated that it's been helpful having expense requests connected to the strategic plan directives. President Swarthout stated they could do more connecting of requests to the Board to the Strategic Plan. President Swarthout asked the Board to provide any suggestions they might have to the Strategic Plan by December 10

7.G. Request to Approve the 2014-2015 Planning and Budget Development Calendar Vice President Hatch stated the calendar was adjusted after the Board retreat in October. Vice

President Hatch went over several items on the calendar, and stated that in the future the Board

should approve the calendar in September. He also stated that at the December District Governing Board meeting there will be a review of the budget assumptions and staff will get Board input at that time. Vice President Hatch stated staff recommends the Board approve the proposed budget calendar.

Mr. Matteson moved to approve the 2014-2015 Planning and Budget Development Calendar. Mr. Peaches seconded the motion. *The vote was unanimous in the affirmative*.

7.H. Request to Approve NAVIT Exhibit Annual Update

Vice President Hatch presented proposed Exhibit A, estimated cost of the 2013/2014 year, and C, a listing of all the courses by location for the 2013/2014 year of the NAVIT IGA and recommended the Board approve.

Mr. Matteson moved to approve NAVIT Exhibit A and C as presented. Mr. Lucero seconded the motion. *The vote was unanimous in the affirmative*.

7.I. Request to Approve NATIVE Intergovernmental Agreement

Vice President Hatch stated the NATIVE IGA was approved initially in the fall and now that the spring 2014 schedule has been pinned down, Exhibit B needs approved. Vice President Hatch stated staff recommends approval of Exhibit B. Mr. Winslow asked where he could find a map to show the boundaries of JTEDs. Matt Weber stated he could send a JTED map to the Board. Mr. Winslow clarified that NATIVE and NAVIT does not overlap. Matt Weber stated they did not.

Mr. Winslow moved to approve Exhibit B as part of the Intergovernmental Agreement with NATIVE. Mr. Peaches seconded the motion. *The vote was unanimous in the affirmative*.

7.J. Fall 2013 Enrollment Report

Vice President Vest reviewed the 2013 enrollment report with the Board. Although the report shows a 17% enrollment decline this fall, a lot of that is accounting. By the end of the year Vice President Hatch will do an annualized enrollment report to the State that will include all types of enrollment during the year. The fall semester snapshot is becoming less and less relevant because it reflects a smaller percentage of total enrollment as it only includes classes that are actually in session on a specific date in October when the College reports FTSE numbers to the State.

There are four categories of enrollment - first, enrollment that is actually in the fall semester but has moved within the semester so it's no longer showing up on the count. Second, enrollment that last year showed up in the fall count but is going to show up in the spring count this year. It might make more sense to do an annualized count and compare to the annual count from last year, rather than a fall report. Third is enrollment that has been lost this year, this is generally in the area of business but the College is confident this is a short-term loss and much of it will be recoverable next fall once new faculty is available. The fourth category is the one of most concern as it consists of enrollment decline that is primarily predicated on a student's to pay.

DOC FTSE is actually higher than last year, but on the report it shows it's down due to developmental services division moving away from 16 week classes into an 8-week/8-week split. Completion and retention numbers are better with the 8week sections, at the end of the year it also means a higher yield for students. In the short-term TLC enrollment is moving from semester into short-term count.

The law enforcement academy in fall had 35 FTSE, the spring law enforcement academy will have 13-15 students, and so was not part of the count. Blue Ridge High School, the College's largest dual enrollment partner, changed their schedule this year, and switched all dual enrollments into the spring semester count. Also, because of business faculty losses there is enrollment decrease in the business department. NAVIT's enrollment is down 25% from its peak. The school districts and NAVIT are having budget cuts. When ADOE told JTEDs they could no longer offer general education courses to students who are participating in JTEDs that had an impact on general education program.

Mr. Lucero asked if there were departments that had enrollment increases. Vice President Vest stated there were enrollment increases in welding, Spanish, performing arts, music, nursing, art, geography, and social sciences. Chair Handorf stated the College needs to work on bringing in money that is not dependent on State funding. Mr. Lucero asked how remediation is tied to funding. Vice President Vest stated there is adult basic education and then there is remediation for college work. Although they tend to be lumped together, the adult basic education students are not Pell eligible. Anyone who wants to take general education courses has to take a placement test. Half of the students start out in remediation based on the placement test, which is a national average. Pell funding is tied to some of the general education remediation courses and that is the problem with the Department of Education putting a semester limit on Pell eligibility. The College has focused on shortening the path for students who need remediation because of this. Vice President Vest stated he would let the Board know what funding area students needing remediation are in since he didn't have available numbers.

Agenda Item 8: Standing Business

8.A. Strategic Planning and Accreditation Steering Committee Report – Leslie Wasson Director Wasson stated that SPASC is at the end of the strategic planning cycle and will begin the budget part of the cycle. The big change to note is that SPASC will be facilitating the budget discussion.

8.B. Human Resources Update - Sharon Hokanson

Director Sharon Hokanson summarized the human resources report to the Board. Mr. Matteson asked if the Faculty in Business position had any good applicants. Dean Belknap stated there were a good number of solid applicants.

8.C. President's Report – President Swarthout

President Swarthout will be at ACPE conference next week and will be attending AC4 beforehand. Phi Theta Kappa induction is Friday evening in Snowflake. Attended the

government affairs reception hosted by the Show Low Chamber of Commerce, and was somewhat disappointed by the low legislator turn out.

Agenda Item 9: Board Report/Summary of Current Event

Mr. Winslow stated that Winslow High School volunteered to be one of ten Arizona high schools to participate in an Arizona college application campaign. The goal is to require every senior to apply to at least one college. There were 30 volunteers and faculty of the school assisting as well as representatives of several universities, and there were also five NPC staffers present. Mr. Matteson stated he toured a law enforcement program at Santa Rosa Community College in California. Mr. Lucero asked about the ramifications of Coconino override not passing. President Swarthout stated Coconino stated they will survive but will have to trim their mission significantly.

Agenda Item 10: Announcement of Next Regular Meeting: December 17, 2013.

Agenda Item 11: Adjournment

The meeting was adjourned at 1:15 p.m. upon a motion by Mr. Lucero, a second by Mr. Matteson, and a unanimous affirmative vote.

Respectfully submitted,

Lisa Jayne
Recording Secretary to the Board

Navajo Community College District Governing Board meeting – 11/19/13 – Page 7 of 7

INTERGOVERNMENTAL AGREEMENT BETWEEN NAVAJO COUNTY COMMUNITY COLLEGE DISTRICT AND WINDOW ROCK UNIFIED SCHOOL DISTRICT NO. 8

This Intergovernmental Agreement ("Agreement") is entered into this ______ 20th day of November, 2013 between Navajo County Community College District, ("College"), and Window Rock Unified School District No. 8, ("School District") (collectively "Parties"). Both Parties are public agencies of the State of Arizona as defined in Arizona Revised Statutes ("A.R.S.") § 11-951.

BACKGROUND

College and School District are authorized to enter into this Agreement pursuant to A.R.S. § 15-342(13), § 15-701.01(G), § 15-1444(B)(4), and § 15-1821.01. Grant schools are authorized to participate in this Agreement under the Tribally Controlled Schools Act, 25 U.S.C. § 2501 *et seq*. This Agreement and its use are mandated under A.R.S. § 15-1821.01(1).

College has determined that it is desirable to offer college level courses that may be counted toward both high school and college graduation requirements at the high school during the school day.

School District desires that College provide to high school students college level courses that may be counted toward both high school and college graduation.

AGREEMENT

In consideration of the mutual promises contained herein, the Parties agree as follows:

PURPOSE

The purpose of this Agreement is to set forth the understanding of the Parties as to their respective responsibilities and rights in providing Dual Enrollment Courses, as defined in Section 2 below, to eligible School District students.

2. DEFINITION

Pursuant to A.R.S. § 15-101(11), a "Dual Enrollment Course" is defined as a college level course that is conducted on the campus of a high school or on the campus of a joint technological education district, and that is:

A. applicable to an established community college academic degree or certificate program, and transferable to a university under the jurisdiction of the Arizona Board of Regents; or

INTERGOVERNMENTAL AGREEMENT BETWEEN NAVAJO COUNTY COMMUNITY COLLEGE DISTRICT AND HEBER-OVERGAARD UNIFIED SCHOOL DISTRICT NO. 6

This Intergovernmental Agreement ("Agreement") is entered into this _______ day of ________, 2013 between Navajo County Community College District, ("College"), and Heber-Overgaard Unified School District No. 6, ("School District") (collectively "Parties"). Both Parties are public agencies of the State of Arizona as defined in Arizona Revised Statutes ("A.R.S.") § 11-951.

BACKGROUND

College and School District are authorized to enter into this Agreement pursuant to A.R.S. § 15-342(13), § 15-701.01(G), § 15-1444(B)(4), and § 15-1821.01. Grant schools are authorized to participate in this Agreement under the Tribally Controlled Schools Act, 25 U.S.C. § 2501 et seq. This Agreement and its use are mandated under A.R.S. § 15-1821.01(1).

College has determined that it is desirable to offer college level courses that may be counted toward both high school and college graduation requirements at the high school during the school day.

School District desires that College provide to high school students college level courses that may be counted toward both high school and college graduation.

AGREEMENT

In consideration of the mutual promises contained herein, the Parties agree as follows:

1. PURPOSE

The purpose of this Agreement is to set forth the understanding of the Parties as to their respective responsibilities and rights in providing Dual Enrollment Courses, as defined in Section 2 below, to eligible School District students.

2. DEFINITION

Pursuant to A.R.S. § 15-101(11), a "Dual Enrollment Course" is defined as a college level course that is conducted on the campus of a high school or on the campus of a joint technological education district, and that is:

A. applicable to an established community college academic degree or certificate program, and transferable to a university under the jurisdiction of the Arizona Board of Regents; or

11/22/2013 08:54

- B. applicable to a community college occupational degree or certificate program.
- C. Notwithstanding the foregoing, physical education shall not be available as a Dual Enrollment Course.

3. EFFECTIVE DATE AND TERM

- A. This Agreement shall be effective:
 - i. After the governing boards of School District and College have approved it; and
 - ii. On the date that authorized representatives of both Parties have signed it ("Effective Date").
- B. The term of this Agreement shall be from the Effective Date through June 30, 2014 ("Term").

4. OBLIGATIONS OF COLLEGE

4.1 General Course Requirements

- A. College will offer Dual Enrollment Courses to School District juniors and seniors, and to freshman and sophomore students subject to Paragraph F in this Section 4.1 who meet College's prerequisites.
- B. Pursuant to A.R.S. § 15-1821.01(3), College will ensure that all Dual Enrollment Courses offered to School District students are:
 - 1. of a quality and depth to qualify for college credit as determined by College,
 - 2. evaluated and approved through the College curriculum approval process;
 - 3. at a higher level than taught by the School District high school;
 - transferable to an Arizona public university or applicable to an established community college occupational degree or certificate program; and
 - 5. compliant with all other standards for College courses.

Dual Enrollment Courses offered pursuant to this Agreement are listed in Exhibit B attached to this Agreement.

C. Students enrolled in Dual Enrollment Courses shall be admitted to College for college level credit under current procedures for admission of students to College, and in compliance with A.R.S. § 15-1821.01 and A.R.S. § 15-1805.01. A student who is under eighteen (18) years of age may be

granted admission if the student meets the pre-requisites for the Dual Eurollment Course and the student achieves any one of the following:

- 1. a composite score of ninety-three (93) or more on the preliminary scholastic aptitude test;
- 2. a composite score of nine hundred thirty (930) or more on the scholastic aptitude test;
- 3. a composite score of twenty-two (22) or more on the American college test;
- 4. a passing score on the relevant portions of the Arizona instrument to measure standards test;
- 5. the completion of a college placement test designated by College that indicates the student is at the appropriate college level for the course; or
- 6. is a graduate of a private or public high school or has a high school certificate of equivalency.

Home schooled students are exempt from Sections 1-6 of this Paragraph C. Notwithstanding the above, a student who enrolls in a vocational or occupational education course may be admitted on an individual basis with the approval of College if the student meets the established requirements of the course for which the student enrolls and College determine that the student's admission is in the best interest of the student. College retains the right to refuse admission to and remove a student from Dual Enrollment Courses in accordance with College policy.

- D. College has the right to limit the number of semester hours in which a student may enroll in Dual Enrollment Courses to not less than six (6) credit hours per semester.
- E. College shall determine residency status of students for tuition purposes in accordance with A.R.S. § 15-1801 et seq.
- F. Pursuant to A.R.S. § 15-1821.01(2)(b) and subject to Section 5.1(E) below, College may waive the class status requirements set forth in Section 4.1(A) for up to twenty-five percent (25%) of the students enrolled for Dual Enrollment Courses by College. College shall have written criteria for waiving the requirement for each Dual Enrollment Course which shall include a demonstration, by an examination of the specific purposes and requirements of the course, that freshman and sophomore students who meet the Dual Enrollment Course prerequisites are prepared to benefit from the college level course. College shall report all exceptions and the justification for each exception.
- G. College will provide to School District the instructional information necessary to meet the goals of the courses delivered, including but not limited to College approved textbook titles, syllabi, course outlines and grading standards applicable to the Dual Eurollment Courses.
- H. College will ensure that instructors of Dual Enrollment Courses follow the Dual Enrollment Course guidelines, and that the same standards of expectation and assessment that are applied to other College courses are applied to the Dual Enrollment Courses.
- I. For each student, College will assign an identification number to the student that shall correspond to or reference the Student Accountability Information System (SAIS) number assigned to the student. School District will provide College with the SAIS number for each student as provided in Section 5.1(G).

(

J. College will grant College credit for a Dual Enrollment Course when a student satisfactorily completes the course.

4.2 Instructors and Instruction

- A. College will ensure that School District instructors teaching Dual Enrollment Courses have valid College teaching qualifications in the field being taught and are selected and evaluated by College using the same procedure and criteria that are used for instructors at College campus.
- B. If College is providing the instructor for a Dual Enrollment Course, College will provide at College's expense a substitute instructor, as necessary and as agreed upon by School District, to cover the absence of any College instructor teaching a Dual Enrollment Course.

4.3 Assessment and Monitoring

- A. Except for vocational and occupational Dual Enrollment Courses, and if required by College policy, College will assess each student who seeks enrollment in a Dual Enrollment Course through an assessment test prior to, or at the time of, enrollment to determine and assure proper placement in the Dual Enrollment Courses.
- B. College will involve full-time College faculty who teach a particular discipline in the selection, orientation, ongoing professional development and evaluation of School District faculty teaching Dual Enrollment Courses.
- C. College will designate a liaison officer to assist with dual enrollment activities and to meet with the liaison designated by School District as necessary and, at least once within a two-year period, to review Dual Enrollment Course outlines and School District's high school Scope and Sequence, and to review and amend the course outlines as necessary.
- D. College will provide career counseling and advisement for School District students while they are enrolled in Dual Enrollment Courses.

4.4 Policy and Procedure

- A. College will comply with all applicable procedures and requirements for the Dual Enrollment Courses set out in state statute and College policy.
- B. College will provide School District with College policies and procedures applicable to students enrolling in Dual Enrollment Courses.
- C. College will provide School District access to the educational records of students as necessary to carry out the terms of this Agreement, and limit access to such records to employees who have a legitimate interest and a need to know the substance of the particular record, understanding that students enrolled in the Dual Enrollment Courses will be enrolled in both School District and College. Pursuant to Title 34, Part 99, Section 99.31 of the Code of Federal Regulations, the Family Educational Rights and Privacy Act of 1974, as amended ("FERPA"), School District and College may disclose educational records of students to each other as "officials of another school system" where the student is enrolled.

4.5 Students with Disabilities

- A. After notification from School District of a student's need, if College is providing the instructor, College will cooperate with School District to ensure the instructor complies with Section 504 of the Rehabilitation Act of 1973, as amended, and the Individuals with Disabilities Education Act ("IDEA"). College shall work with School District in determining appropriate accommodations, however, School District shall have the primary financial and administrative responsibility for providing and implementing necessary accommodations.
- B. College will provide training and guidance to instructors and other personnel in the area of compliance with the Americans with Disabilities Act ("ADA") and Rehabilitation Act of 1973, as amended, as the Acts specifically relate to instructing students in a postsecondary education situation.

4.6 Reporting

From: HEBER/OVERGAARD USD

College will submit a report to the Joint Legislative Budget Committee pursuant to A.R.S. § 15-1821.01(2)(b) when necessary, and School District will provide College with data that is required for inclusion in any such report in a timely fashion, as specified in Section 5.6.

5. OBLIGATIONS OF SCHOOL DISTRICT

5.1 General Course Requirements

- A. School District will provide an opportunity for School District students who meet criteria pursuant to Paragraph B of this Section 5.1 to enroll in Dual Enrollment Courses and to receive college credit and credit toward high school graduation.
- B. Pursuant to A.R.S. § 15-1821.01(6), School District will ensure that each student who enrolls for a Dual Enrollment Course pursuant to this Agreement is a full-time student and is currently enrolled in and attending a full-time instructional program, as defined in A.R.S. § 15-901, in a school in School District, except that high school seniors who satisfy high school graduation requirements with less than a full-time instructional program shall be exempt from this provision.
- C. If School District is providing the instructor for the Dual Enrollment Course, School District will provide instruction in accordance with the polices, regulations and instructional standards of College in courses designated as Dual Enrollment Courses to students of School District at the School District facility during the day.
- D. School District will verify that each student enrolled in a Dual Enrollment Course, including those not electing to enroll for College credit, satisfies the prerequisites for the Dual Enrollment Course as published in College's catalog and complies with College policies and this Agreement regarding student placement in courses.
- E. The School District Superintendent or designee may allow freshman and sophomore students to enroll in Dual Enrollment Courses subject to Section 4.1(F) above.

School District will adopt and utilize College approved textbooks, course outlines, and grading standards applicable to the Dual Enrollment Courses being taught. School District shall provide textbooks for the students. Each student shall be responsible to purchase other supplies, if any, required for the Dual Enrollment Course. Classroom supplies normally supplied by College are included in tuition charges.

928 535 5146

For each student enrolling in a Dual Enrollment Course, School District will enroll the student G. using the student's SAIS number and provide that number to College.

5.2 Instructors and Instruction

- If School District is to provide the instructor, School District will nominate an instructor qualified in the appropriate subject area for each Dual Enrollment Courses and submit each instructor's name and credentials to College for approval. .
- School District will ensure that instructors teaching Dual Enrollment Courses provide instruction in accordance with policies, regulations and instructional standards of College and comply with College assessments.
- If School District is providing the instructor, School District will provide at School District's expense a substitute instructor, as necessary and as agreed upon by College, to cover the absence of a School District instructor who teaches a Dual Enrollment Course. In the case of substitutions exceeding ten (10) consecutive school days, School District shall notify College in writing of the name and credentials of the substitute instructor.

5.3 Assessment and Monitoring

- School District will designate a liaison officer to assist with dual enrollment activities and to meet with the College designated liaison as necessary and, at least once within a two-year period, to review Dual Enrollment Course outlines and School District's high school scope and sequence to review and amend the course outlines as necessary.
- School District will provide counseling and advisement for School District students while B. they are enrolled in Dual Enrollment Courses.

5.4 Policy and Procedure

- School District will ensure that each student seeking enrollment in a Dual Enrollment Course: A.
 - 1. has completed the necessary registration forms;
 - has completed College assessment examinations, if required by College;
 - 3. is aware the student is subject to both School District policies and procedures and College policies and procedures;
 - 4. is aware the student is participating in a college level course, even though provided at the School District, and should act appropriately, and

- 5. is aware of the requirements for determination of resident/nonresident tuition.
- B. School District will ensure that each instructor of Dual Enrollment Courses agrees to be subject to School District policies and procedures and College policies and procedures, including the right of College to withdraw authorization of the instructor's participation in the dual enrollment program for failure to follow College requirements.
- C. School District will provide College access to the educational records of students as necessary to carry out the terms of this Agreement, and limit access to such records to employees who have a legitimate interest and a need to know the substance of the particular record, understanding that students enrolled in the Dual Enrollment Courses will be enrolled in both School District and College. Pursuant to FERPA, School District and College may disclose educational records of students to each other as "officials of another school system" where the student is enrolled.

5.5 Students with Disabilities

School District will determine the appropriate accommodations for each qualified student with disabilities in accordance with the ADA and Section 504 of the Rehabilitation Act of 1973, submit appropriate documentation on students with disabilities to the Disabilities Coordinator at College, and implement accommodations as required by Federal and State law and as negotiated between the College Disability Resource office and School District. School District shall work with College in determining appropriate accommodations. School District shall have the primary financial and administrative responsibility for providing and implementing necessary accommodations.

5.6 Reporting

School District will provide to College any data or other information that is required for the submission of the report required by A.R.S. § 15-1821.01(2)(b).

5.7 Facilities and Funding

- A. School District will provide classroom/laboratory space in which Dual Enrollment Courses and activities will be conducted. Facilities and ancillary services provided for the delivery of Dual Enrollment Courses shall comply with all applicable provision of the state Fire Marshall Code, A.R.S. § 41-2161 et seq. (access for disabled persons), and all other applicable federal and state laws.
- B. Payment, if any, for facilities and ancillary services shall be designated in Exhibit A attached to this Agreement.

MUTUAL AGREEMENTS

6.1 Instructor

A. Throughout the term of this Agreement, an instructor provided by School District shall remain an employee of School District, and shall be subject to the terms and conditions of the instructor's employment contract and School District policy, but shall also be subject to continuing approval by College. Should a School District instructor violate College procedure or policy, College may

11/22/2013 08:59

withdraw authorization for the instructor to participate in the dual enrollment program and School District, upon such withdrawal of authorization, shall substitute another qualified instructor and notify College in writing of such substitution. The instructor must be approved by College pursuant to the terms of this Agreement.

Throughout the term of this Agreement, an instructor provided by College shall remain an employee of College, and shall be subject to the terms and conditions of the instructor's employment contract and College policy, but shall also be subject to School District policy. Should an instructor violate School District procedure or policy, School District may ask College to withdraw authorization for the instructor to participate in the dual enrollment program and College, upon such withdrawal of authorization, shall substitute another qualified instructor and notify School District in writing of such substitution.

6.2 Student

From: HEBER/OVERGAARD USD

Each student enrolled in a Dual Enrollment Course, even though enrolled as a College student during the term of the Dual Enrollment Course, shall remain a student of School District and shall follow the schedule and calendar of classes as established by School District and approved by College.

6.3 Removal from Course

School District retains the right to refuse to allow a student to enroll in a Dual Enrollment Course and to discipline and/or remove any student from the Dual Enrollment Course in accordance with School District policies. College shall have the right to request School District to remove a student from a Dual Enrollment Course in accordance with College policy.

6.4 Schedule and Number of Students

School District and College shall mutually determine the schedule of, and maximum and minimum number of students to enroll in, each Dual Enrollment Course. Such schedule shall not be changed except by written agreement of School District and College. School District and College must mutually agree if any student who is not a student of School District will be enrolled in a Dual Enrollment Course; provided, however, that any such student must comply with the admissions requirements and course prerequisite requirement provisions of this Agreement.

Availability of Instructors 6.5

Availability of Dual Enrollment Courses offered by College shall be dependent on the availability of appropriately qualified instructors. College may compensate School District for the services of a qualified instructor provided by School District or, alternatively, College may provide a qualified instructor to deliver any Dual Enrollment Course.

6.6 Guidelines

School District and College shall ensure that each student enrolled in a Dual Enrollment Course, and all personnel of School District and all personnel of College who are involved in the dual enrollment program are provided with dual enrollment guidelines, and that such persons agree to review and comply with the guidelines.

6.7 Rigor of Courses

College and School District agree that college level courses are rigorous and demanding courses, and the standards and criteria of any Dual Enrollment Course shall meet statutory and College criteria, and such criteria shall not be diminished for the purpose of the dual enrollment program.

7. FINANCIAL PROVISIONS AND FORMAT FOR BILLING: See Exhibit A attached.

7.1 Fees

Fees and charges for the Dual Enrollment Courses and program are provided on Exhibit A attached to this Agreement.

7.2 Supplies

School District will provide and pay for basic textbooks, workbooks, supplies and other costs related to the teaching of and the administration of Dual Enrollment Courses within School District.

7.3 Tuition

- A. Either the student or School District shall be responsible for payment of tuition to College, as specified in Exhibit A.
- B. College may provide grants, scholarships or financial aid in accordance with College policies and as set forth in Exhibit A. In addition, College may offset tuition payments owed to College by School District with payments due from College to School District.
- C. School District understands and agrees that tuition charges for students enrolled under this program may vary from student to student depending upon the total number of student credit hours for which each student has enrolled each term, and depending upon the residency status of the student. Pursuant to A.R.S. § 15-1802(C), the residency of an unemancipated student under the age of nineteen years will be that of the student's parent or legal guardian, and any student who is not a legal resident of Arizona will be charged out of state tuition rates.

7.4 Billing Format

The format for the billing of all services pursuant to this Agreement is set forth on Exhibit A. The Billing Format shall include all information required by A.R.S. § 15-1821.01(1)(a).

8. CONTINUATION OF AGREEMENT

The continuation of this Agreement beyond the initial fiscal year is dependent on and subject to the appropriation and availability of funding for each Party in each subsequent fiscal year. If sufficient funding is not made available to allow a Party to continue meeting its contractual obligations under this Agreement, that

1

Party shall so notify the other Party and either Party may cancel this Agreement and have no further obligation to the other Party. In the alternative, the Parties may by mutual written agreement, modify this Agreement to reduce the level of compensation, services or other consideration provided.

RECORDS

All accounts, reports, files and other records relating to this Agreement shall be kept for a minimum of five (5) years after termination of this Agreement and shall be open to reasonable inspection and audit by the other party during that period. Audits may be conducted, at a time mutually agreed upon by the parties, by any appropriate political subdivision or agency of the State of Arizona or by representatives of the comptroller General of the United States or the Secretary of Education when required by applicable federal regulations.

10. CONFIDENTIALITY

All written student records shall be kept confidential in accordance with FERPA and regulations adopted pursuant to FERPA, the IDEA and regulations adopted thereunder, and applicable state laws and school board policies controlling the disclosure of personally identifiable information from a student's education records.

11. TERMINATION/DISPOSITION OF PROPERTY

11.1 Termination

Either Party may terminate this Agreement for any reason following written notice to the other Party of intent to terminate delivered not less than 90 days prior to the intended date of termination. Except as provided in this section 11, termination shall only be effective at the end of a semester, and no Dual Enrollment Course shall be terminated prior to such effective date.

11.2 Risk to Health or Safety

If either Party has reason to suspect that any activities undertaken pursuant to this Agreement present a risk to the health or safety of students or is contrary to the Party's mission or operations, that Party may request that a meeting between the Parties be convened within 48 hours and promptly confirm the meeting in writing. In such circumstances, the Parties to this Agreement will attempt to reconcile differences within five working days of such meeting. If reconciliation is not achieved within the five day period, this Agreement will automatically terminate.

11.3 No Relief from Obligations

Termination shall not relieve either Party from its obligation to pay for services provided prior to termination and those for any student already admitted and enrolled in a course or courses and obtaining dual credit at the time of termination or notice thereof.

11.4 Disposition of Property

The Parties do not contemplate joint acquisition of any property pursuant to this Agreement. Upon termination of this Agreement, equipment furnished or purchased by College for the program

shall be retained by College, and equipment furnished or purchased by School District for the program shall be retained by School District.

12. RESPONSIBILITY

From: HEBER/OVERGAARD USD

12.1 Conduct of Operations

Each Party agrees to be responsible for the conduct of its operations and performance of contract obligations and the actions of its own personnel while performing services under this Agreement, and each party shall be solely responsible for supervision, daily direction, control of payment of salary (including withholding for payment of taxes and social security), workers' compensation and disability benefits.

12.2 Indemnification

Each Party, to the greatest extent legally permissible, shall indemnify, defend, and hold harmless the other Party from any liability resulting from the negligence, intentionally tortious, or willful misconduct of the indemnifying Party's employees, officers, students and agents.

13. CANCELLATION FOR CONFLICT OF INTEREST

This Agreement may be canceled pursuant to A.R.S. § 38-511, the pertinent provisions of which are fully incorporated herein by reference.

14. NON-ASSIGNABILITY

Neither Party may assign any right or delegate a duty or responsibility under this Agreement without the prior written consent of the other Party.

15. COMPLIANCE WITH NON-DISCRIMINATION LAWS

To the extent applicable, the Parties shall comply with all College policies and State and Federal laws and regulations, including Executive Order 99-4, which prohibit discrimination against any person based on race, religion, handicap, color, age, sex, sexual orientation, political affiliation or national origin, and the Parties shall prohibit discrimination in the employment or advancement in employment of a qualified person because of physical or mental disability including all applicable provisions of the ADA.

RIGHTS/OBLIGATIONS OF PARTIES ONLY

The terms of this Agreement are intended only to define the respective rights and obligations of the Parties. Nothing expressed herein shall create any rights or duties in favor of any potential third Party beneficiary or other person, agency or organization.

17. ENTIRE AGREEMENT

This Agreement, and its attachments as noted herein, constitutes the entire agreement between the Parties, and, except as previously noted, all prior or contemporaneous oral or written agreements are superseded by this Agreement. There are no representations or other provisions other than those contained

herein, and any amendment or modification of this Agreement shall be made in writing and signed by the Parties to this Agreement.

18. INVALIDITY OF PART OF THE AGREEMENT

If any part of this Agreement is held to be illegal, invalid or void by a court of competent jurisdiction, the remainder of this Agreement shall remain in full force and effect with those offending portions omitted.

GOVERNING LAW

From: HEBER/OVERGAARD USD

This Agreement shall be construed under the laws of the State of Arizona and shall incorporate by reference all laws governing intergovernmental agreements and mandatory contract provisions of state agencies required by statute or executive order.

All statutes and regulations referenced in this Agreement are incorporated herein as if fully stated in their entirety in the Agreement. Each Party agrees to comply with and be responsible for the provisions, the statutes, and the regulations set out in this Agreement.

20. NOTICE

All notices, requests for payment, or other correspondence between the Parties regarding this Agreement shall be mailed United States postage prepaid or delivered personally to the respective parties at the following addresses:

If to College:

Dr. Jeanne Swarthout, President Northland Pioneer College P.O. Box 610 Holbrook, Arizona 86025

If to School District:

Ken VanWinkle, Superintendent Heber-Overgaard Unified School District No. 6 P.O Box 547 Heber, AZ 85928 COLLEGE

EXHIBIT A

FINANCIAL PROVISIONS

APPROVED TUITION AND FEES APPLICABLE TO THIS AGREEMENT

Tuition: \$64 per credit hour.

2. IDENTITY OF PERSON OR ENTITY RESPONSIBLE FOR PAYING STUDENT TUITION AND FEES

Students are responsible for payment of tuition and fees. An individual billing account will be established for each participating student.

ADDITIONAL CHARGES

Except as provided in this section, no additional fees shall be charged for assessment tests, if any, used for placement purposes. Assessment fees, if any, will be charged subject to and in compliance with College policies and procedures, and relevant state statutes and regulations.

FINANCIAL AID POLICIES

Except as indicated in this section, College offers no grant, scholarship or financial aid for the dual enrollment program. The provision, if any, of any grant, scholarship or financial aid shall be subject to and in compliance with College policies and procedures, and relevant state statutes and regulations.

All students enrolled in an authorized dual enrollment course are eligible for tuition and fee scholarships.

FORMAT FOR BILLING

Except as provided below, charges will be assessed each semester and invoices shall be sent no later than thirty (30) days after the end of the semester. Payment shall be due within thirty (30) days of receipt of the invoice.

NCCCD shall reimburse the School District at a rate of Ten Dollars (\$10.00) per credit hour for each properly enrolled student, to a maximum amount of One Hundred Dollars (\$100.00) per credit hour for each dual enrollment course. The invoice shall be based on NCCCD course rosters and include the information listed in Exhibit B of this Agreement.

6.	FULL	TIME	STUDENT	EOUIVAL	ENT
----	------	------	---------	---------	-----

Regular Meeting Agenda Item #7-A December 17, 2013 Informational Only

Terry Yazzie, Fall 2013 Outstanding Alumnus

Today we are honoring **Terry Yazzie**, a 1994 NPC graduate, who is giving back to his hometown of Jeddito and to the Diné through a new Adult Basic Education (ABE) program at the Window Rock campus of Diné College.

"I do not think of myself as a role model, because I am one of the people," Yazzie said when describing how he demonstrates the need for a GED or higher education to his fellow Diné. "I try to instill the importance of an education, using my background as an example to influence them to believe in themselves."

Born to the Tlizilani and for the Kiyaa aani (Towering House) clans, Yazzie was born at Keams Canyon and raised in Jeddito. He has fond memories of his days in the Keams Canyon Boarding and Jeddito Public schools. Even in high school in Ganado, he "didn't fit in, and did not put forth my best effort," not realizing the value of an education. "Maybe it was due to being in a controlled environment with many rules to follow. When I got to NPC, it was the academic freedom that unleashed my potential and desire for learning," he said.

He credits NPC instructors Virginia Arthur and Angie James with sparking his interest in Adult Basic Education. "Virginia and Angie influenced me to be an ABE instructor, helping other students succeed just like how the NPC staff guided me through the early years of my education. I was truly blessed to meet and learn from an amazing group of people. They valued education and it made me want to learn more."

Yazzie recalls his first meeting with NPC staff member Peggy Belknap. "She advised me through the entirety of my degree program at NPC." His first instructor was Donna Ashcraft. "I remember how welcoming her classroom environment was. She left an impression of being a person that cared about her students and she made me believe in myself," he said. "I am thankful I had many wonderful teachers, such as Dr. Marvin Vasher, Jill Diemer, John Deaton, Dr. Arvin Palmer, Dr. Gene Luke, and many more who taught me to be a better person through education." Louella Nahsonhoya, a former NPC center manager and Board member, guided him to become an academic adviser.

While still an NPC student, and later while working on his Bachelor of Science degree in history from NAU (received in 1996), Yazzie served as an academic tutor and administrative assistant at NPC. In 2000, he became an NPC associate faculty member, teaching pre-college and GED courses in reading, writing and mathematics and providing placement testing and advising for students.

Today, he is applying the models used by NPC's ABE program and Diné College –

Shiprock in creating the program at Diné College – Window Rock. The Shiprock program, under Yazzie's supervisor Thomas Bennett, was recognized on Oct. 26, 2013 as the outstanding adult education program in New Mexico. "It was a great honor to witness and be a part of the recognition," noted Yazzie. "I am honored to work with an amazing group of colleagues – Jacqueline, Jesse, Judith and Chris."

"The biggest challenge I see is the student not believing in themselves. My fellow Diné are very bright people and the students I work with all need second chances," he said. "They have found a reason to make the effort and to make their dreams come true," he continued. "I have seen the changes made and the dreams are being fulfilled.

Yazzie works as their instructor, mentor and coach. "It takes hard work, commitment and determination on the part of the students. For me, it is exhausting, but incredibly rewarding when they earn their diplomas. It is my job to ensure that they put forth their best efforts and to learn as much as possible," he explained.

Before becoming Adult Education Coordinator and instructor at the Window Rock campus, Yazzie served as an academic adviser/coordinator at Diné's Ganado campus.

"Education made me a better person. I believe I learned to be objective and to think before I make a decision," he continued.

"My late mother's vision for me reached fruition when I earned my Master of Arts degree in American Indian Studies from Prescott College in 2012. Northland Pioneer College laid a solid foundation for me that I cherish," Yazzie said. He also credits his older sister, Lorraine, who "ventured outside of our comfort zone to attend college in Colorado. The women of my family have been there to push me and I am grateful for their support."

His service to his fellow Diné is not limited to education. Earlier this year he was elected President of the Jeddito Chapter, a Navajo Nation island surrounded by the Hopi Reservation. He had previously served as a planning aide for the chapter, gathering demographic data that resulted in a \$300,000+ grant to extend power lines to 27 homes and implemented an advanced GPS system to support emergency medical access to rural homes.

Yazzie enjoys photography, reading and "old music from the 1960s, 70s and 80s in many genre," finding comfort in the music. "I love cars, particularly sports cars, and college basketball and football." But his greatest passions are discovering "historical documents concerning trading posts in Navajo history and collecting old Pepsi and Coke cans."

In nominating Yazzie for the Outstanding Alumnus Award, Ann Hilliard wrote, "Mr. Yazzie is a career educator who demonstrates a commitment to lifelong learning and intellectual growth."

As NPC's Fall 2013 Outstanding Alumnus he will receive a plaque, transferrable 3-credit tuition gift certificate and mementos from the college.

The Outstanding Alumnus program honors former NPC students who are dedicated to giving back to their communities and show dedication to lifelong learning. To nominate an individual, visit www.npc.edu/alumni-award-nomination-form.

Regular Meeting Agenda Item 7B December 17, 2013 Action

REQUEST TO APPROVE PROGRAM MODIFICATION FOR INDUSTRIAL MAINTENANCE & OPERATIONS PROGRAM

Recommendation:

The Instructional Council recommends approval of changes to the Industrial Maintenance & Operations (IMO) Associate of Applied Science (AAS) Degree and Certificate of Applied Science (CAS). Details of the changes noted in the text below.

Summary:

The proposed changes are minor and, in part, necessary due to last year's elimination of the AIS Program; effective date will be Fall, 2014.

Industrial Maintenance & Operations (IMO) (AAS/CAS)/CP)[clarify formatting]

About this Program

The Industrial Maintenance & Operations program prepares students to be technicians and operators capable of understanding the entire system with which they work. Core courses cover the complex related mechanical, pneumatic, hydraulic, electrical, thermal and sensory control systems used in modern industry.

Local career opportunities exist in all Northland district communities and throughout the state and nation. Technical employers include power plants, paper mills, saw mills, various utilities and communications companies and small to medium manufacturing companies.

For additional information about the Industrial Maintenance & Operations Program, contact the Program Coordinator at the Painted Desert Campus, **(800) 266-7845**, ext. **7360**.

Associate of Applied Science (AAS)

About this Degree • 64 credits

To earn an **Associate of Applied Science degree in Industrial Maintenance & Operations** the student must complete 19 credits of general education requirements, 24 or 28 credits in an area of specialization, 15 credits of required electives, and two or six credits of unrestricted electives.

General Education Requirements • 19 credits Communications • 6 credits

ENL 101 College Composition I	. 3 credit
Plus one of the following:	
ENL 102 College Composition II	3 credit
FNL 109 Technical wWriting	3 credit

Mathematics • 3 credits

Select one of the listed mathematics courses, or any MAT course for which MAT 109 is a prerequisite.

MAT 101 Basic Technical Mathematics....... 3 credit MAT 109 Algebra I: Introductory....... 3 credit

Computer Science • 3 credits

Arts and Humanities • 3 credits

Select one course from the Arts and Humanities section of the AAS Discipline Studies list on page 60.

Physical and Biological Science 4 credits

Select one course from the Physical and Biological Sciences section of the AAS Discipline Studies list on page 61.

AREAS OF SPECIALIZATION

■ Electrical

Core Requirements • 24 credits

IMO 151 Electrical Level I	6 credit
IMO 152 Electrical Level II	6 credit
IMO 153 Electrical Level III	. 6 credit
IMO 154 Electrical Level IV	. 6 credit

■ Instrumentation

Core Requirements • 28 credits

IMO	155 Instrumentation Level I	7	credit
IMO	156 Instrumentation Level II	7	credit
IMO	157 Instrumentation Level III	7	credit
IMO	158 Instrumentation Level IV	7	credit

■ Maintenance Fundamentals Mechanical Maintenance

REQUEST TO APPROVE PROGRAM MODIFICATION FOR COMPUTER INFORMATION SYSTEMS PROGRAM

Recommendation:

The Instructional Council recommends approval of changes to the Computer Information Systems (CIS) Associate of Applied Science (AAS), Certificate of Applied Science (CAS) and Certificate of Proficiency (CP). Details of the changes noted in the text below.

Summary:

The proposed changes are minor and, in part, necessary due to last year's elimination of the AIS Program; effective date will be Fall, 2014.

Computer Information Systems (CIS) (AAS/CAS/CP)

About this Program

The Computer Information Systems program provides students with knowledge and skills in the areas of computer programming languages, graphics in multimedia, database management and information systems.

Career opportunities exist both in and out of the Northland district communities. Graduates are needed by business, industry, government, public and private agencies and small business enterprises.

Associate of Applied Science (AAS)

About this Degree • 64 to 65 credits

To complete an **Associate of Applied Science degree in Computer Information Systems** a student must complete the 16 to 17 general education requirement credits, an area of specialization (28 to 30 credit) and 18 to 20 credits of required electives. **Basic keyboarding knowledge is required for successful completion of all CIS courses.**

General Education Requirements

• 16-17 credits

Communications • 6 credits

	ENL 101 College Composition I
	Mathematics • 3 or 4 credits
Į	Select one of the following courses.
	MAT 112 Algebra II: Intermediate 3 credit MAT 121 Intermediate Algebra 4 credit
	Discipline Studies • 7 credits
	Per the AAS Discipline Studies list on page 60-61.
	AREAS OF SPECIALIZATION
	■ Computer Information Systems

Regular Meeting Agenda Item 7D December 17, 2013 No Action

ACCCC Annual Report to the Governor

Summary: By Arizona statute, the ten community college districts are required to submit an Annual Report to the Governor on November 1. This report follows a specific template. The required information is generated by each community college district Institutional Research Office, and then united in a single document by the district currently assuming those responsibilities. The 2013 Annual Report to the Governor is provided for the Board's information.

The Annual Report to the Governor requests basic data from each community college district. In addition, it requires highlights of accomplishments for the reporting period as well as challenges overcome and those anticipated for the next annual reporting period.

ARIZONA COMMUNITY COLLEGE COORDINATING COUNCIL

Arizona Community College Coordinating Council

Penelope H. Wills, Ph.D. President, Yavapai Community College 1100 E. Sheldon Street Prescott, AZ 86301

December 1, 2013

Honorable Janice K. Brewer 1700 W. Washington Phoenix, Arizona 85007

Dear Governor Brewer,

On behalf of the Arizona Community College Coordinating Council, it is my pleasure to present you with the *Annual Report for FY 2012-2013* in accordance with A.R.S.§15-1427.

The Arizona Community College Coordinating Council and I appreciate your continued support of our mission and the mutual constituents we serve.

Sincerely,

Penelope H. Wills, Ph.D.

Arizona Community College Coordinating Council Chair

c. Honorable Andy Biggs, Senate President
 Honorable Andy Tobin, Speaker of the House of Representatives
 Honorable Ken Bennett, Secretary of State
 Ms. Joan Clark, Director, State Library of Arizona
 Mr. John Kavanagh, Chair, Joint Legislative Budget Committee

ACKNOWLEDGEMENTS

The Arizona Community College Coordinating Council (ACCCC) prepared this report on behalf of the community college districts. Each community college district provided the data contained in this report through their institutional effectiveness/research offices.

ACCCC thanks the following individuals and the members of their staff. Without their efforts the preparation of this document would not have been possible.

Statewide Summary

Introduction

The Arizona Community College Coordinating Council (ACCCC) is a statewide partnership of the chief executive officers of each of the 10 accredited community college districts in the state that exists to strengthen and promote Arizona's community colleges. ACCCC addresses a range of issues of importance to community colleges including:

- · academic and student affairs:
- workforce and economic development;
- budget and finance;
- state and federal relations; and
- stakeholder and system partnerships.

The 10 districts comprising ACCCC (Cochise, Coconino, Graham, Maricopa, Mohave, Navajo, Pima, Pinal, Yavapai and Yuma/La Paz) served more than 335,000 students for credit statewide in FY 13.

Below is a table with cumulative data for FY 13.

Introduction

Cochise College operates campuses in Sierra Vista and Douglas; centers in Benson, Willcox, Fort Huachuca, and the Arizona State Prison Complex, Douglas; and an Online Campus. It contracts with the Santa Cruz County Provisional Community College District to offer educational services there.

- Cochise students completed a record 1,500 degrees.
- The college launched the online planning and student success tool myDegreePlan, a web-based program that allows students to track academic progress and complete their degrees. The auditing system helps ensure that students choose the classes they need and don't fall behind in finishing their programs of study. It also allows them to see how changes in their planning may impact completion.
- Cochise was noted as one of the Most Affordable Large Community Colleges by AffordableCollegesOnline.org.
- New programs became available in respiratory therapy and unmanned aerial systems.
- The college baseball team finished third at the Junior College World Series. Women's soccer, men's and women's basketball, and men's and women's rodeo also made it into the post-season, with some athletes recognized for team GPA and others signing on to play at four-year institutions.

- The college foundation received its largest gift and a pledge, together valued at about \$4 million, in support of construction of an expansion to the college's Sierra Vista Campus Career Technical Education facility.
- The Nursing Department received a Health Resources and Services Administration grant to provide \$640,000 in scholarships to disadvantaged students.
- The Small Business Development Center opened an extension office focusing on international trade and garnered its third consecutive Center of Excellence Award, recognizing creation of 760 jobs, retention of 264 jobs, start-up of 175 businesses, capital infusion of \$11 million, and sales increases of \$36.5 million.
- The college unveiled "The Prehistoric Peoples of Cochise County," an exhibit of excavated and donated archaeological materials of local significance.
- The Computer Challenge, Math & Science Experience, 20 summer camps, Running Start Academy for motivated high school students, and STEM Exploration Academy introduced k-12 students to the college throughout the year.

Major Issues & Resolutions in 2012-13

- The college renovated the gymnasium to benefit its athletic teams and recruitment efforts. Through an agreement with Fort Huachuca, the majority of college classes offered on post are now available in a middle school the military is no longer using.
- A new Governing Board member replaced a long-time member who was honored as the college's first trustee emeritus.

Upcoming Issues for 2013-14

- A college wide Strategic Think Tank will identify community and student needs and consider financial realities in charting the institution's next few years.
- The college will engage an academic performance group to extend STEM outreach programs to younger students in rural areas utilizing a grant from APS Foundation.
- The college is implementing a student success and financial literacy mentoring program supported by USA Funds.
- The college will continue outreach to Sonora, Mexico, students who might benefit from English-language or other educational activities just across the border.
- The college will further revitalize the Aviation Program by resurfacing the airport taxiway.
- The college is making its first comprehensive effort to identify its 30,000-plus alumni while planning for its 50th anniversary celebrations in 2014-2015.

Coconino County Community College District Coconino Community College

Dr. Leah L. Bornstein, President 2800 S. Lone Tree Road, Flagstaff, Arizona 86001

Phone: 928.226.4100 Fax: 928.226.4106 Website: <u>www.coconino.edu</u>

Introduction

Coconino Community College (CCC), established in 1991, serves many diverse communities throughout Coconino County including Flagstaff, Fredonia, Grand Canyon, Page/Lake Powell, Sedona, Tuba City and Williams. CCC offers university transfer, career/technical programs, continuina education and community interest courses. Serving approximately 10,000 students annually, the College continues to provide expanding opportunities for traditional and non-traditional students.

Major Accomplishments in 2012-2013

- Successfully completed 91% of the first year's goals of the 2012-2015 Strategic Plan.
- Received a \$2.5 million Department of Labor Trade Adjustment Assistance Community College and Career Training (TAACCCT) Grant to help CCC and NAU improve the delivery of two-year educational and technical career programs.
- Expanded access for CCC students to all of the computers and multimedia studios in NAU's Cline Library, furthering the CCC/NAU library partnership.
- The High School to CCC (HS2CCC)
 Program made significant accomplishments including rekindling both dual enrollment and concurrent enrollment activity at Fredonia High School in Fredonia, AZ.
- Received 17th annual Government Finance Officers Association award for the Comprehensive Annual Financial Report for FY2012.
- Reviewed Campus Security in response to safety concerns and implemented

- several improvements such as installation of new door locks to allow classrooms to be locked from the inside.
- Remodeled a new area for a Veterans' Center that opened in spring 2013.
- A Pay for Performance system was approved by the Board in spring 2013 and will be implemented as a pilot program in FY2014.
- A pilot group of 25 faculty members was trained to use the new Learning Management System "Canvas." As a result, all 25 faculty used Canvas in the classroom the following semester with a 100% success rate.
- Reduced health premiums were the result of 80.5% employee participation in the Wellness Incentive Program offered by NAPEBT.
- Implemented the Open Pathways accreditation process.

Major Issues & Resolutions in 2012-2013

- Conducted a thorough review of accounts receivable processes and implemented corrections to the Banner system, corrected procedural inconsistencies among campuses, updated website for more accurate, student-friendly information, and sent notifications to students with outstanding balances.
- Due to a high percentage rate of student loan defaults, Financial Aid has been working with external resources to contact students at risk of defaulting on their loans. In addition, have partnered with the Department of Education to restrict the amount of unsubsidized loans that students borrow.
- Due to declining state funding combined with one of the lowest property tax rates in the state, the Governing Board recommended seeking a \$4.5 million

voter approved override in November 2013.

Upcoming Issues for 2013-2014

- Implementation of election override outcome.
- Implementing the Affordable Health Care Plan requirements.
- Continue to use innovative methods to decrease CCC's student loan default rate.
- Renegotiate IGA with the City of Page Library to reduce costs.
- Improve technology resources available to students and streamline the management of shared responsibilities.
- Academic Affairs is planning for the implementation of its new restructure plan.
- The Teaching and Learning Center is undergoing a renovation in 2013-2014 with increased access to emerging technologies for teaching, expanded training opportunities for faculty, and enhanced support for course design and development. The renovation and enhancements are partially funded by the TAACCCT Grant.

Graham County Community College District Eastern Arizona College

Mark Bryce, J.D., President 615 North Stadium Avenue, Thatcher, Arizona 85552

Phone: 928.428.8231 Fax: 928.428.8211 Website: <u>www.eac.edu</u>

Introduction

Eastern Arizona College (EAC), founded in 1888, is the longest serving community college in the state and serves residents of Graham, Gila and Greenlee Counties. In addition to the main campus in Thatcher, the College delivers educational courses at 14 other locations. Fall 2013 marks the ninth year EAC has provided contracted services to Gila Community College Provisional District. Prior to 2002, EAC provided educational services to residents of Gila County for 35 years.

During 2012-2013, EAC enrolled 8.239 Sixty-nine percent of students District-wide. total enrollment was from Graham County, Two percent of enrollment was from Greenlee County, and twenty-nine percent of enrollment was from Gila County. The annualized FTSE enrollment was 3,810.4. During 2012-2013, 1,351 students received degrees or certificates with 496 students participating in the 203nd Annual Commencement Exercises. EAC's related operational cost per FTSE was \$8,413.

- EAC was rated as a top community college in the nation by scoring at or above the 85th percentile in 23 categories of the National Community College Benchmarking Project.
- Construction was completed for a new Alumni Visitor Center at EAC. The facility is an addition to the Gherald L. Hoopes Jr. Activities Center and displays artifacts and memorabilia of the College's rich history. The Visitor Center also houses the EAC Foundation.
- Two EAC Administrators serve as members of the Arizona Science Teachers Association Board—one as Membership

- Secretary and another as Region V Director.
- Seven of eight EAC athletic teams were honored by the NJCAA as academic teams of the year for maintaining over a 3.0 GPA as a team. EAC men's basketball achieved 2nd nationally with a GPA of 3.41.
- EAC was honored by the Arizona House and Senate for its long-standing commitment to the higher education aims of the State and proclaimed the Legislative Year 2013 as a period of honor and celebration of EAC's 125th Anniversary.
- In April, EAC's Communications Studies program was accepted into the National Communication Association's Sigma Chi Eta honor society. This group recognizes Communications Studies majors who have maintained a cumulative GPA of 3.5 in the field.
- EAC's own Director of Nursing, Carolyn McCormies, was elected Vice President of the Arizona State Board of Nursing.
- EAC announced a new scholarship to honor William "Bill" Konopnicki, former member of the Arizona House of Representatives from 2003-2011, for his service and support to the College and the community.
- EAC presented on the college's innovative approach to establishing performance benchmarks for partnerships at the Annual Conference of the Hiaher Learning Commission of the North Central Association of Schools and Colleges in Chicago. EAC has recruited nine other colleges, including Central Arizona College, cooperatively administer attitudinal surveys to representatives of the colleges' key business, governmental, and education partners, and to aggregate and compare results, thus identifying best practices in partnership relations.
- Arizona State University and EAC have partnered to offer high-demand bachelor's degrees at EAC. The first two programs, a BIS (Bachelor of Inter-disciplinary Studies) in Organizational Studies and a BSN (Bachelor

- of Science in Nursing) were launched in Fall 2012, and students are set to graduate in May 2014.
- EAC helped facilitate the merger of three workforce development boards from Cochise, Graham, and Greenlee Counties into a single Southeast Arizona Workforce Connection, leading to improved business outreach and employment services for the region.
- The construction of a 3,000 square foot greenhouse on Discovery Park Campus was the result of an unprecedented cooperation between EAC, the Bureau of Land Management, and the Gila Watershed partnership.
- EAC Marching Band continues to host EAC Band Day—a qualifier for Arizona State Division IV marching competition. EAC is the only remaining community college marching band in Arizona.

Major Issues & Resolutions in 2012-2013

 EAC is half way to its goal of building a \$40,000 endowment to fund nursing scholarships for students in the EAC Nursing Program.

Upcoming Issues for 2012-2013

 EAC's partnership with ASU requires continual collaboration as new programs are added to make higher education more accessible to students in eastern Arizona.

Maricopa County Community College District

Dr. Rufus Glasper, Chancellor

District Office: 2411 West 14th Street, Tempe, Arizona 85281

Phone: 480.731.8100 Fax: 480.731.8120 Website: <u>www.maricopa.edu</u>

Introduction

The Maricopa County Community College District (MCCCD) is one of the largest community college systems in the United States, serving the growing educational and training needs of Maricopa County. MCCCD consists of ten regionally accredited Colleges, the Maricopa Corporate College, two skill centers, and many learning centers.

MCCCD provides a full range of academic services, including dozens of academic, career, technical, and personal interest programs. Students who plan to transfer to a university may earn the Arizona General Education Curriculum Certificate (AGEC); an Associate's Degree in Arts, Business, or Science; or a specialized degree in Elementary Education or Fine Arts. Many Associate of Applied Science degrees are designed for students seeking technical expertise or to upgrade their career skills.

As the largest provider of workforce training in Arizona, MCCCD continues to help Arizona respond to economic needs. MCCCD's Center for Workforce Development serves as a resource for information about labor, economic, and workforce trends, and workplace issues. MCCCD continues to work with municipalities within Maricopa County to provide innovative job training programs. MCCCD also maintains relationships with many industry partners to provide specialized programs and courses.

The Maricopa Community Colleges Foundation has awarded over \$25 million in scholarships and program grants in the past 27 years, with just over 2,100 scholarships worth \$1.6 million awarded in the last year alone. It supports many scholarship funds, including the Achieving a College Education program (ACE), which targets primarily high schools students who may not consider going to college.

MCCCD celebrated 50 years of providing training and higher education in Maricopa County: celebrate.maricopa.edu. During its 50-year history, MCCCD has been an innovative leader in higher education and a strong advocate for accessible, high quality, and affordable education for our students.

- Chandler-Gilbert Community College (CGCC) and Estrella Mountain Community College (EMCC) were awarded a \$13.5 million TAACCCT grant as part of the Arizona Sun Corridor-Get Into Energy Consortium (ASC-GIEC). The consortium, which also includes Northland Pioneer College, Pima Community College and Yavapai College, is currently offering AAS degrees in a number of technology fields in Power Plant Technology, Mechatronics Technology, Engineering Industrial Maintenance and Operations, Electrical Utility Technology, Electrical Instrumentation Electrical Technology. Utility Design Technology and Engineering Technology. The PPT program also offers students the option to pursue a Nuclear Uniform Curriculum Program (NUCP) certification. The NUCP certificate is recognized by all U.S. nuclear power plants.
- Gateway Community College (GWCC) received Title V Hispanic Serving Institution grant, which has provided resources and support in expanding tutoring and intrusive student support services such as peer mentoring, supplemental instruction, and the expansion of the early alert system.
- GWCC partnered with Glendale Community College to conceptualize, develop, and implement a comprehensive career management program for City of Phoenix-Phoenix Workforce Connections.
- Glendale Community College (GCC) implemented the Senior Bridge Program to provide a seamless transition for high school

- seniors participating in the ACE Plus program.
- GCC completed the five-year program commitment with HLC Assessment Academy. The program used course-level assessment to improve student learning outcomes and was presented at the HLC Assessment Academy in June 2013.
- GCC spearheaded an agreement with the Chrysler Corporation to house a Chrysler Training Center at GCC.
- Mesa Community College (MCC) completed several major facilities projects, including the remodeling of the Kirk Student Center, expansion of the Student Center at Red Mountain Campus, and the remodeling of the Outback Theater.
- MCC served as a sponsor for the East Valley Employer Outreach network that includes employers and community partners.
- Phoenix College (PC) implemented Degree Phoenix, a project funded by the Lumina Foundation that is designed to increase the numbers of Latino youth who enter postsecondary education and earn a credential/degree. Based on the success of Degree Phoenix at PC, the partnership is 1 of only 28 projects invited to apply for an additional \$200,000 in funding.
- PC completed Primer Abrazo, a summer bridge program funded through a WAESO (Western Alliance to Expand Student Opportunities) grant to increase the academic preparation and degree expectations of underrepresented recent high school graduates interested in STEM careers.
- Paradise Valley Community College (PVCC) secured significant external grant funding, including \$400,000 for First Things First to improve infant/toddler educational training programs in central Maricopa County, \$180,000 for First Things First Early Childhood education and training programs for the north Phoenix region, and \$90,000 for the Helios Foundation grant (Raising Arizona Early Childhood Language Acquisition). The grants focused on professional development for early childhood directors and staff in the field.

- Rio Salado College (RSC) launched Start at Rio, <u>www.startatrio.com</u>, an interactive website that assists prospective students to effectively plan for college and understand the services, tools, and resources available at Rio Salado to help them achieve their educational goals.
- RSC formed a new partnership with the Arizona Department of Juvenile Corrections and existing partnerships with CVS Caremark, Correctional Officer Training Academy, and Salt River Project were expanded.
- RSC is one of seven community colleges in consortium working on the Trade Adjustment Assistance Community College Training (TAACCCT) Grant - National Information, Security, and Geospatial Technology Consortium (NISGTC) grant in order to meet the needs of the Industry for an educated and prepared IT workforce. EMCC, PVCC, South Mountain Community College, and Maricopa Skill Center have agreed to join RSC as NISGTC affiliate college participants demonstrating impact that can result in working together for the benefit of student retention, completion and success.
- Scottsdale Community College (SCC)
 established an office of Service Learning in
 to connect the classroom experience with a
 curricular relevant service experience in the
 community. One unique aspect of the
 service learning activities is the involvement
 of International students taking part in the
 U.S. Department of State Global Trust
 program.
- South Mountain Community College (SMCC) expanded its facilities, labs and learning environments (e.g., Apple Lab) and upgraded Performing Arts Center facilities. SMCC also created its new Community Entrepreneur Center (CEC), a local hub of information and resources for small businesses and entrepreneurship, and secured two federal grants to fund future development of the CEC.
- SMCC opened partnerships with two countywide Youth Initiatives to transition foster youth into higher education and will participate in a mentoring program for

minority males who tested into Developmental Education.

Major Issues and Resolutions in 2012-13

- The Maricopa Community Colleges are well into the implementation phase of the Seamless Student Experience (SSE) initiative, an effort that, among other things, will make it easier for students to register and apply for financial aid at any Maricopa community college.
- The Maricopa Community Colleges are in the process of creating a performancebased funding model for its system of 10 colleges and two skill centers. The model will be in alignment with the state-wide model and Strategic Visioning document created by the 10 Arizona community college districts (http://www.arizonacommunitycolleges.org). Beginning in November 2012, Maricopa formed an internal work group to explore Maricopa-specific performance-based funding. The goal of performance funding at the Maricopa Community Colleges is to provide resources to incent changes that will improve institutional performance, especially through improvements in student outcomes, progress and overall student success.
- MCCCD and Rio Salado College contributed with other state Adult Basic Education (ABE) providers to retain adequate funding levels.

Upcoming Issues for 2013-14

- The District's primary goal is to promote student completion and success. To promote that goal, the District continues actively pursuing strategies to help students achieve their educational goals while giving taxpayers a good return on their investment.
- Starting in FY 2013-14, the Maricopa Community Colleges will begin a process of prioritization of all programs and services. This process known as Maricopa Priorities will aid us in collectively realigning resources (funds, people, and space) to help us improve as an institution. These efforts will be guided by our District's vision, mission, goals, values, and core planning areas.

Mohave County Community College District Mohave Community College

Michael J. Kearns, President 1971 Jagerson Avenue, Kingman AZ 86409

Phone: 928.757.0801 Fax: 928.757.0836 Website: <u>www.mohave.edu</u>

Introduction

The mission of Mohave Community College is to be a learning-centered college, serving all constituencies, inspiring excellence through innovative learning methodologies and empowering students to succeed.

Since its establishment in 1971, Mohave Community College (MCC), located in northwest Arizona, strives to provide high quality, affordable and accessible higher education to all who seek it. The College's service area covers more than 13,000 square miles making it the fifth largest county in the United States. MCC has campuses in Bullhead City, Colorado City, Kingman, Lake Havasu City and a Distance Education Campus. In addition to having a wide range of credit programs both transfer and occupational, MCC has a non-credit just for fun - Community Outreach Division and a Corporate Outreach Program which provides training to the College's service area businesses. industries and government entities.

Mohave Community College is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools.

- MCC's Nursing Program is accredited by the National League for Nursing Accrediting Commission, Inc. and it is approved by the Arizona State Board of Nursing.
- MCC's Paramedic and Emergency Medical Technician programs are certified by the Arizona Department of Health Services Bureau of Emergency Medical Services

- MCC's Dental Hygiene program is accredited by the Commission on Dental Accreditation.
- MCC's Surgical Technology program is accredited by the Commission on Accreditation of Allied Health Education Programs in cooperation with the Accreditation Review Committee on Education in Surgical Technology.
- MCC's Physical Therapist Assistant program is accredited by the Commission on Accreditation in Physical Therapy Education.
- MCC's Fire Science program is accredited by the National Fire Academy in cooperation with the U.S. Fire Administration's Higher Education Division.

- MCC awarded over 400 degrees and nearly 300 certificates during 2012-2013.
- The Higher Learning Commission granted MCC its 10-year reaccreditation. The next scheduled HLC visit is set for 2022-2023.
- MCC and its partner the BHHS Legacy Foundation completed the construction of the new Allied Health Science Building II. The building will house programs such Radiologic Technology, Emergency Medical Technology, Medical Assisting and Biology.
- MCC partnered with Colorado River Union High School District (CRUHSD) and the Western Arizona Vocational Education to make college-level courses

towards a firefighting certificate available to CRUHSD.

Major Issues & Resolutions in 2012-2013

- MCC continues to work on its Strategic Plan which identifies MCC's goals through 2016.
- MCC Paramedic program earned its accreditation by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). Making it one of only three programs in the state to be accredited.
- MCC redesign its welding program curriculum to meet national standards.
- MCC Dental Hygiene program earned its reaccreditation by the Commission on Dental Accreditation. The next scheduled visit is set for 2020.

Upcoming Issues for 2013-2014

- MCC finalized its Strategic Plan which identifies MCC's goals through 2016 and awaits Board approval.
- The College will begin new programs in Fall 2013 that lead to Associate of Arts in Visual Communications and a Production Technician certificate.
- MCC continues to improve its facilities; the next schedule construction is set for the Lake Havasu City Campus.
- MCC expanded its partnership with Kingman Unified School District and Western Arizona Vocational Education to facilitate classes in Automotive Maintenance and Light Auto Repair.
- MCC partners with northern Arizona community colleges: Coconino and Northland Pioneer Community Colleges, to improve workforce development among the rural areas.
- A new university articulation agreement is set to be signed with Potomac College.

 MCC welding program is seeking accreditation from the National Center for Construction Education (NCCER).

Navajo County Community College District Northland Pioneer College

Dr. Jeanne Swarthout, President P.O. Box 610, Holbrook, Arizona 86025

Phone: 928.524.7420 Fax: 928.524.7419 Website: <u>www.npc.edu</u>

<u>Introduction</u>

Northland Pioneer College (NPC) comprehensive, multi-campus community college located in northeastern Arizona. Established in 1974, NPC now has 4 campuses, 5 learning centers and other delivery sites throughout the service area. NPC provides coursework in Apache County through an annually renewed intergovernmental agreement. Close to 60% of NPC's service-area population Native American primarily residing on the Navajo Nation, Hopi Reservation and White Mountain Apache Reservation. Of the 21,158 square mile service area, nearly 40% of the land is set aside as reservation while another large amount of land is in Bureau of Land Management or National land, significantly affecting the College District's ability to tax local property. With few exceptions, NPC is the single provider of higher education in both Navajo and Apache counties (Diné College serves portions of the Navajo Nation). Distance, poverty levels, low educational attainment and limited infrastructure present challenges which NPC will always work with its communities to resolve.

- Developed and implemented online course enrollment competency test.
- Held very successful Law Enforcement Reserve Academy. All Academy recruits obtained employment on completion.
- Significant expansion of student clubs and activities to promote retention.
- Implementation of Medical Assistant program for adult and JTED students.
- Consolidation of academic departments to promote efficiency.

- Complete revision of Business and Administrative Systems curriculum.
- Approval of a Paramedic to RN Program.
- Received a nearly \$2 million Get Into Energy Grant as part of Arizona Sun Corridor Consortium to specialize in the development and delivery of curriculum to the energy industry.
- Approval of a Mechatronics Program concentrating on electronic control processes and combining mechanical and robotic skills used in industries.
- Re-creation of the Career Services Program with multiple career and recruitment fairs for students.
- Completion of Construction Trades Program curriculum meeting National Center for Construction Education and Research certification requirement.
- Implemented first-time instructional agreements with the Navajo Nation.
- Hired, trained and deployed a database administrator to support decision making.
- Implemented data integrity processes.
- Organized and mandated teams to launch HLC Assurance readiness.
- Established Institutional Review Board
- In Holbrook began construction of a 26,600-square-foot Skill Center which will provide training for welding, industrial maintenance/operations, construction technology, and mechatronics.
- Surveyed users of the Northern Arizona Training Center regarding future facility.
- Acquired a document imaging solution to improve service to students.
- Created an I-40 Corridor Coordinating Council with Mohave and Coconino community colleges to collaborate in areas of academic instruction, curriculum

- development, data sharing, business functions and student services.
- Continued implementation of model classrooms at center locations.

Major Issues & Resolutions in 2012-2013

- Continued funding of soft capital purchases out of Maintenance and Operations resources.
- Completed plans for funding capital needs without bonding or dedicated capital funding sources.
- Arranged for relocating the Kayenta Center to an improved location through a partnership with the Kayenta Township.
- Met a financial stability goal via the implementation of a cash reserve policy
- Entered into an agreement with the Arizona Department of Administration to provide reports of college revenues and expenditures at AZ OpenBooks website

Upcoming Issues in 2013-2014

- Lack of funding predictability
- Loss of major employers in Navajo co.
- Continued decline in net assessed valuation
- Declining high school pipeline population
- Outflow of population in Navajo and Apache counties
- Sequester, shut-down effects in all three reservation communities served resulting in less 3rd party resources for students.
- Increasing restrictions on Pell Grant qualifications, severely affecting rural, parttime students. 60% of NPC's student body.
- Serving increased job-ready needs with declining resources.
- Growing network/data demands by students and communities.
- Aging technology infrastructure.
- Increasing external demands for data and reports.

Pima County Community College District Pima Community College

Lee Lambert, J.D., Chancellor 4905 E. Broadway, Tucson, Arizona 85709

Phone: 520.206.4500 Fax: 520.206.4990 Website: www.pima.edu

Introduction

Pima Community College (PCC) is one of the largest community colleges in the United States. The College offers approximately 2.700 credit and special interest courses. Pima Community College offers a total of 182 Transfer and Occupational Degree include programs. programs Associate of Arts, Associate of Science, Associate of Fine Arts, Associate of Applied Arts, Associate of Applied Science, Associate of Business Administration, and Associate of General Studies degrees. The College also offers certificate programs. In 2012-13, the College served nearly 61,885 students in credit and non-credit classes. Unduplicated headcount was approximately 53,550 for credit and 2.436 for non-credit courses. The graduating class of 2013 included 3.665 students earning 5,730 degrees and certificates. PCC's enrollment reflects the ethnic diversity of Southern Arizona. The U.S. Department of Education has recognized PCC as a Hispanic-Serving Institution with a minority rate of 50%. Fifty-five percent of the College's students are women.

Major Accomplishments in 2012-2013

Pima names new Chancellor: In May 2013, PCC named Lee Lambert, J.D. as its new Chancellor. Mr. Lambert replaced interim Dr. Zelma Harris, who was serving as Interim Chancellor while the College searched for a suitable candidate. Mr. Lambert served as President at Shoreline Community College in

Shoreline, Washington since 2006. Before being named president at Shoreline. Lambert served Seattle-area as the institution's Vice President for Human Resources and Legal Affairs. He has a law degree from Seattle University School of Law and a Bachelor's Degree in Liberal Arts from Evergreen State College in Olympia, Washington. Lambert was one of four finalists selected by an independent citizens' Search Advisory Committee who lead the search for a new chancellor. He was identified as the leading candidate on May 10, 2013. Mr. Lambert visited PCC in April to take part in employee and public forums, to visit the College's six campuses, and to meet administrators, the PCC Foundation and the Governing Board. Lambert began on July 1, 2013. He is the sixth person since 1992 to occupy the position of PCC chancellor, including two who served on an interim basis. Before 1992, PCC was led by presidents.

PCC's Tuition to Remain Among the Lowest in Arizona: PCCs tuition will remain among the lowest at Arizona community colleges after the PCC Board of Governors approved a \$2.00 per-credit-hour increase to in-state tuition in March, 2013. The \$2 increase is the smallest percentage rise in before the state years, began dramatically reducing funding to community colleges. The change will bring PCC's instate tuition to \$65.50 per credit-hour, about less than the preliminary 2013-14 average per-credit-hour tuition at Arizona's nine other community colleges.

Grants: Pima Community College has increased the number of county residents it

can assist financially to be trained in more than one dozen high-demand healthcare jobs. Because the program has exceeded enrollment goals since it began in 2010, the federal government increased the funding for the third year of the grant to enroll 540 students, up from initial goals of 450-500 students. As of the end of September, 645 students had signed up for Pathways assistance, nearly 100 more students than anticipated. Pathways' goal is to enroll a total of 1,750 to 2,000 students over the five-year life of the grant. Nearly two years after the first classes began, the program is exceeding its enrollment goals. As of the end of June, 484 students signed up to study in Pathways, nearly 100 more students than anticipated. And 172 students have completed training in fields that range from home health aides and medical billers to paramedics and nursing assistants.

Pima Community College is also among five Arizona community colleges that will share in a four-year, \$13,477,799 federal grant to train adults for jobs in the state's energy and mining industries. PCC's share of the grant is \$1,878,236. The job training initiative is targeted to help military veterans, long-term unemployed, and trade-impacted workers.

Major Issues and Resolutions, 2012-13

Pima Faces Probation: On April 6, 2013, the Higher Learning Commission placed Pima County Community College District on Probation. The Commission's Board of Trustees took this action because of concerns related to integrity. financial personnel policies management, and **Board** procedures, shared governance, oversight of the institution, and systemic and integrated planning. The Board based its action on the findings of an evaluation conducted as a result of complaints received by the Commission about the College. The Criteria for Accreditation (effective January 1,

2013) identified in the Board's action as not being met are: Criterion Two. Component 2.A, "the institution operates with integrity in its financial, academic, personnel, and auxiliary functions; it establishes and follows fair ethical policies and processes for its governing board, administration, faculty, and staff"; Criterion Five, Core Component 5.B, "the institution's governance and administrative structures promote effective leadership and support collaborative processes that enable the institution to fulfill its mission," and Core Component 5.C, "the institution engages in systematic and integrated planning."

Upcoming Issues, 2013-14

The College was required to. successfully filed, a monitoring report August 1st, 2013, outlining a plan by which it will establish conformity with the Commission's Assumed Practices related to complaints and grievance procedures and to faculty oversight of the curriculum by July 2014. The College is also required to file a comprehensive self-study no later than July 2014 or eight weeks prior to comprehensive evaluation. The self-study must provide evidence that the College has resolved the concerns of the Board identified in the Probation action and evidence that the College meets the Criteria for Accreditation. The College will host a comprehensive evaluation visit in Fall 2014. At its meeting in February 2015 the Board will review the Probation Report and the report of the evaluation visiting team to determine whether the College can be removed from Probation. If the College has not resolved the Board's concerns that led to the imposition of Probation and demonstrated that it is in compliance with all the Criteria for Accreditation, other action may be appropriate.

Pinal County Community College District Central Arizona College

Dr. Doris Helmich, President/CEO 8470 North Overfield Road, Coolidge, Arizona 85128

Phone: 520.494.5200 Fax: 520.494.5575 Website: www.centralaz.edu

Introduction

The Pinal Community College District through Central Arizona College (CAC) serves county residents via nine locations.

The Signal Peak Campus serves the western and central communities of Stanfield, Arizona City, Eloy, Casa Grande, Florence, Coolidge and Sacaton.

The Aravaipa Campus serves the eastern communities of SaddleBrooke, San Manuel, Mammoth, Winkelman, Kearny, Hayden and Oracle.

The Superstition Mountain Campus serves the northern communities of Apache Junction, Gold Canyon and Superior, as well as the East Valley communities of Mesa, Gilbert and Chandler.

The new Maricopa Campus serves the city of Maricopa, the Ak-Chin Indian Community and the surrounding areas of western Pinal County.

The San Tan Campus that will open in January of 2014 will serve the San Tan Valley, the neighboring community of Queen Creek, and the northern sections of Florence.

In addition to the five campuses, the district boasts four centers strategically located throughout Pinal County to enhance accessibility to the institution - two in Casa Grande (the Casa Grande Center and the Corporate Center) - as well as the Florence and SaddleBrooke centers.

- CAC received \$1,889,827 in new grants during fiscal year 2012-13, including:
- A Workforce Investment Board Title 1
 Youth Programs grant of \$1,775,219
 from the Pinal-Gila Workforce
 Investment Board.
- A \$71,000 STEM grant from Arizona Public Service.
- A Union Pacific grant of \$5,000 for Promise for the Future scholarship program.
- A Fulbright Scholar In Residence grant of \$32,608 from the U.S. State Department
- \$6,000 for Promise for the Future from Saddlenotes, inc.
- CAC's Science Night & Open House drew more than 500 visitors to the Superstition Mountain Campus for the grand reopening of the campus.
- In February of 2013, six CAC students were selected to the 2013 All-Arizona Academic Team – Lynda Dickey, Mayra Gutierrez, Shirley Gutierrez, Cole McClary, Gerardo Lona and Alejandero Romero.
- CAC awarded 552 degrees and 563 certificates during the 2012-13 commencement ceremonies.
- CAC helped nearly 700 individuals test and pass the GED test at one of its testing centers. Of that total, 132 scored at, or above, 580 making them eligible for a four-semester scholarship at CAC. During fiscal year 2012-13, 275 of CAC's adult education students received their GED diplomas.

 Finished spending the funds from the 2008 general obligation bond in December 2012.

Major Issues & Resolutions in 2012-2013

- The Pinal County Community College District named Dr. Doris Helmich as the president/CEO.
- In an extremely challenging economy, CAC has continued fiscal responsibility by achieving its targeted goal of expending less than 100% of its approved budget.

Upcoming Issues for 2011-2012

- Major construction projects throughout the district will come to completion by January of 2014.
- The 72,000-square-foot, full-service San Tan Campus will open for the January 2014 semester. A campus preview and ribbon-cutting ceremony will take place on Thursday, Dec. 5, in conjunction with the local chamber of commerce.
- Completion and cost containment will be the mantra of Central Arizona College for 2013-14 as CAC focuses on students earning their degrees and certificates while also being responsible to taxpayers through strong fiscal responsibility and management.

Yavapai County Community College District Yavapai College

Dr. Penelope H. Wills, President 1100 E. Sheldon Street, Prescott AZ 86301

Phone: 928.776.2022 Fax: 928.776.2019 Website: <u>www.yc.edu</u>

Introduction

Yavapai College (YC) has been serving the higher education needs of Yavapai County since 1969. Yavapai College's mission is to provide quality higher learning and cultural resources for the diverse populations of Yavapai County. The College's service area is over 8,000 square miles, which is larger than the states of New Jersey, Delaware, Connecticut and Hawaii. than 15,000 credit and non-credit students now take classes each year at multiple locations throughout the county. In 2012-13, Yavapai College offered 57 certificate programs, 32 degree programs, many of which transfer to four-year colleges and universities. Overall, there are 76 programs of study available to students.

- Yavapai College completed a successful on-site accreditation review by a Higher Learning Commission (HLC) team in March 2013. The HLC team college commended the for its performance in nine areas: planning, engagement with strong communities, well maintained facilities, strong online courses and support services, data-driven decision making, strona student services. faculty engagement, communication from the college leadership team, and a complete Assurance Argument, a key part of the HLC review.
- The Yavapai College nursing program successfully completed the accreditation

- site review by the National League for Nursing Accrediting Commission (NLNAC) and the Arizona State Board of Nursing in February 2013. The review team recommended continued accreditation of the program.
- In 2012-13, Yavapai College awarded 1,291 degrees and certificates to 1,003 graduates. This represents a 10% increase in degrees awarded and a 17% increase in the number of graduates over the previous year.
- Yavapai College was awarded a \$1.87 million federal grant as part of a \$13,477,799 grant awarded to a consortium of five Arizona community colleges to develop programs and help fulfill the state's energy industry workforce needs.
- Yavapai College received a \$1.25 million, 5-year grant from the U. S. Department of Education to fund its Veterans Upward Bound (VUB)-TRiO program. The program helps veterans transition into postsecondary education.
- One hundred percent of the Joint Technical Education District students in Pre-Engineering passed certifications in the fall 2012 semester, includina International Society Certified Electronics **Technicians** Tech. (ISCET) Electronics HAAS Certified Machine Operator and HAAS Certified Tool Setter.
- In November 2012, Yavapai College received \$161,172 from APS and \$15,500 from Unisource Energy Services in energy savings rebates. The rebates were awarded for installation of high-efficiency boiler and chiller systems

- in the new plants located on the YC Verde and Prescott campuses.
- Yavapai College Joint Technical Education District (JTED) students scored first in the Arizona Department of Education examinations for high school students in Robotics, Computer Numerical Control (CNC) Machining and Engineering, surpassing the next closest schools by nearly 22 percent.
- Yavapai College Career & Technical Education had the highest passing rate in the state on third-party licensure and certifications, with nearly 600 students passing examinations during 2012-13).

Major Issues & Resolutions in 2012-2013

- The College completed all projects funded under the \$69.5 million Yavapai College General Obligations Bond Issuance of November 2000. The bond funded new construction, renovations, land purchases and improved infrastructure for College facilities throughout Yavapai County.
- Yavapai College completed a comprehensive update of its Emergency Operations Plan to prepare for crisis situations. The College developed its plan in conjunction with local, county and state emergency management and public safety agencies.

Upcoming Issues for 2013-2014

- The College will finalize its next 10-year Campus Master Plan, which will define the College's capital needs for its ends, mission and Educational Master Plan.
- The College will complete renovation of its 40-year-old on-campus student housing complex, including updates to comply with the latest building codes. Construction is scheduled to conclude by the start of the fall 2014 semester.

Yuma-La Paz Counties Community College District Arizona Western College

Dr. Glenn Mayle, President 2020 S. Avenue 8E, Yuma, AZ 85365

Phone: 928.317.6000 Fax: 928.344.7730 Website: <u>www.azwestern.edu</u>

Introduction

Arizona Western College (AWC) offers educational, career and lifelong learning opportunities through innovative partnerships that enhance the lives of people in Yuma and La Paz counties. AWC awards associate degrees and certificates to students who successfully complete programs of study and prepares students for transfer, employment and individual enrichment. Its diverse and widely-dispersed population enjoys a broad range of classes, programs and services in Yuma, San Luis, Somerton, Wellton, Quartzsite, Parker, Salome and via television, interactive television network and Internet. The College maintains three residence halls on its main campus.

Yuma and La Paz Counties comprise 10,037 square miles of remote rural and suburban communities in southwest Arizona, bordering California and the Mexican states of Sonora and Baja California, as well as lands of the Cocopah and Colorado River Indian Tribes.

Major Accomplishments in 2012-2013

The Governing Board adopted eight collegewide objectives for 2012-2013 which comprise Arizona Western College's major accomplishments:

 Developmental Curricula - Continue the implementation of the revised English developmental curriculum and assess its effectiveness. Revisit the Mathematics developmental curriculum to see if previous changes have been successful. Investigate new pedagogical approaches as warranted.

- Software Efficiency Develop functional core team experts via training on Datatel which can lead to an investigation of Datatel performance problems, improved access to data, etc.
- Accreditation/Policies Develop a plan to migrate to the Higher learning Commission (HLC) Open Pathways accreditation model with an emphasis on identifying potential topics and developing topics and developing plans for the Quality Initiative project.
- Resource Development Planning –
 Strategically plan resource development concepts that address unmet college and partnership needs while sustaining and expanding current college-wide efforts.
- Wellton Learning Center Completion

 Continue to work with Pilkington
 Construction to ensure the completion of the Wellton Learning Center by October 2012.
- Market and Deploy the Solar test and Incubation Sites – To provide research and development opportunities.
- Emergency Response Plan Develop a comprehensive plan for evacuation of buildings, situation training and crisis communication.
- Elementary School Outreach –
 Continue to seek ways to expand campus visitation and college experience programs for K-6 students throughout the district.

Upcoming Issues for 2013-2014

The Governing Board adopted six collegewide objectives for 2013-2014:

- Sustained Enrollment Develop a plan for sustained enrollment growth, with particular emphasis on specific demographic groups.
- Higher Learning Commission Continue the Higher Learning
 Commission Assessment Academy
 emphasis on student learning outcomes in
 General Education with a focus on
 student knowledge and skills in scientific
 literacy.
- Sustainability Create a model to support sustainability district-wide with an emphasis on energy savings and interaction with environmental impact. Implement "Power it Off" campaign; complete meter project. Pursue deployment of solar test and incubation sites for research, development and revenue.
- Facility Needs Continue to focus on district-wide facility needs, including exploring partnerships for an educational park in San Luis, meeting deadlines of grant-funded projects like Welding and Engineering Technology, pursuing a Public Safety Institute, and further development of La Paz county facilities.
- Reporting Program Optimize districtwide use of the college's enterprise reporting program and student information system with support from the Ellucian Project management team.
- Information Technology Model

 Develop a strategic plan to establish a student-focused information technology model with an emphasis on improving our student communication system, updating our infrastructure to allow instructors to share with students large amounts of information electronically, and stabilizing the Blackboard online learning environment.

SECTION II Credit/Non-Credit Courses Tuition and Fees

ANNUAL REPORT A.R.S. §15-1427

FY 2012-13

CREDIT / NON-CREDIT COURSES TUITION AND FEES SECTION OVERVIEW

Per revision of A.R.S. §15-1427 in 2011, the Arizona Community colleges are required to report data on credit and non-credit courses tuition and fees. This is a new section added to satisfy this requirement. Data were submitted by each ACCCC district and compiled by ACCCC.

Cochise County Community College District Tuition and Fees FY 2012-13

Credit courses

During fiscal year 2012-13 in-state tuition was charged at \$70 per credit hour and out-of-state full-time tuition at \$290 per credit hour. Mandatory per term registration and technology fees were discontinued starting in 2012-13. Therefore, the tuition and fees for a full-time in-state student taking 30 credits per year would be \$2100; the similar rate for out-of-state students would be \$8700. Some programs, including Nursing and Health Sciences, and Aviation charge additional class and laboratory fees.

Non-credit courses

The Center for Lifelong Learning offers non-credit courses at various locations throughout Cochise and Santa Cruz counties. The tuition ranges from \$19 to \$175 with an average class length of 3 hours. The Center also contracts with several companies to offer online instruction that may lead to nationally-recognized certificates. Tuition varies from \$79 to \$600 depending on the subject matter and length of course; the certificates range from \$595 to \$5595.

Adult Education offers various programs at no cost to all Cochise County residents. These programs include English Language Acquisition for Adults (ELAA), GED preparation, and Adult Basic Education. Classes meet on Cochise College campuses as well as other locations in the county. Online instruction is also available for GED preparation. An advanced ELAA class is offered as a blended model of instruction at three locations.

Coconino County Community College District Tuition and Fees FY 2012-13

Credit courses

CCC tuition charges are dependent upon the residency of the student enrolling at the college. In- District and in-State tuition for FY 2012-13 was \$85 per credit hour. Students with out of state residency paid \$297.50 per credit hour. Out-of-state students using the Western Undergraduate Exchange Program paid \$127.50 per credit hour. Students enrolling for 15 to 18 semester credit hours paid the same amount.

CCC had a late registration fee approved for FY 2012-13, and continues to assess \$5 per credit hour fee for all credit classes, a \$35 fee per online class, and a \$25 per credit hour fee for auditing classes.

Graham County Community College District Tuition and Fees FY 2012-13

Credit courses

The district continued to provide excellent financial access to education by holding down costs for tuition and fees in FY 2013. Tuition cost per credit hour was \$90 for Arizona residents and \$180 for out-of-state non-residents. Arizona residents enrolling in 12 or more credits paid a maximum per semester of \$960 whereas out-of-state non-residents paid a maximum of \$4,410 per semester. Full-time Western Undergraduate Exchange (WUE) students paid \$1,140 in tuition per semester. There were no additional across-the board fees charged to all students. Some lab fees for specialized programs such as Allied Health were charged as well as general administrative service charges for transcripts and photocopies etc. The non-refundable fees for FY 2013 follow.

Nonrefundable Fees for 2012-2013

Allied Health:

Nursing lab fee \$375 per term EMT lab fee \$25 per credit hour

EMT 103 lab fee \$75 per term

CLEP administrative fee \$15

Course fees (per term):

Cooking lab fee \$30 Jewelry course fee \$15

Lapidary course fee \$15

Welding course fee \$20

Credit by exam (per credit hour, in addition to General Tuition) \$35 Diploma/Certificate replacement fee

\$15

Graduation fee \$25

ID card replacement fee \$10 International student admission

application fee \$25

Paramedic lab fee \$25 per credit hour

Check returned fee:

1st time \$25 Additional \$30

Library:

Overdue books fee .05 per day Overdue videos fee .50 per day

Overdue reserve books fee .50 per hour

Parking Violation: 1st Offense \$10 Additional \$15

Transcripts:

Transcript fee \$3

FAX surcharge fee \$2

Non-credit courses

All courses in the district are for credit courses. Our district does not have non-credit courses

Maricopa County Community College District Tuition and Fees FY 2012-13

Credit courses

Tuition:

The Maricopa County Community College District Governing Board expects that students will contribute to the normal basic costs of their education through the payment of tuition and registration fees. In accordance with the Arizona Constitutional mandate to provide education as nearly free as possible, Maricopa traditionally sets tuition below the national average of two-year public institutions. Non-resident students pay an additional surcharge to support the cost of their education so as not to create a financial burden Maricopa County or Arizona residents. With Board approval, colleges may charge a special course fee to offset unique course costs that exceed the normal basic costs that are covered by tuition. The special course fee provides additional funding for extraordinary materials/services or access to specialized equipment/software necessary to meet the stated course competencies.

The tuition and fee rates are available at the following website: http://www.maricopa.edu/business/budget/tuitionfees.htm

Tuition per credit hour:

In-State residents	Non-Residents
(All terms)	(All terms)
\$ 76.00	\$ 317.00

Tuition per credit for audit classes is \$101.00 for all terms for both in-state residents and non-residents.

Non-credit courses

Non-credit courses operate on a fee-for-service basis and are expected to be self-supporting. These courses are designed to meet the needs of students who want to increase general knowledge, learn or upgrade skills or develop personal interests. The specific charge will depend on the length and type of each course. Non-credit courses provide an opportunity for Maricopa residents to engage in lifelong learning during the time they are actively participating in the workforce and into their retirement years.

Mohave County Community College District Tuition and Fees FY 2012-13

Credit courses

Tuition is applied to all credit courses and is charged per credit hour. The tuition rate is as follows, some restrictions apply: in-state is \$76 per credit hour, out-of-state is \$304 per credit hour, western undergraduate exchange is \$114 per credit hour during the 2012-13 academic year.

In addition to regular tuition a \$6 technology fee and a \$2 student activity fee is charged per credit. Some programs, courses and activities at MCC have additional fees associated with them. Please see the fee section of the catalog for a complete list of fees.

Non-credit courses

Tuition for non-credit courses is set at \$4 per contact hour. A tuition rate for senior citizen is available at \$3 per contact hour. Because some non-credit courses have additional fees associated with them, please refer to the appropriate MCC Community Outreach semester schedule for specific details.

Non-credit courses

Tuition for non-credit courses varies based on the cost of offering the given course. Pima Community College produces a Continuing Education Schedule of Classes for each academic term. This schedule provides full information on all non-credit offerings, including the tuition cost for each course.

Additional information regarding the cost of non-credit courses can be found on the Pima Community College website at: http://www.pima.edu/costs/costpayments/costofnoncreditclass.shtml

Pinal County Community College District Tuition and Fees FY 2012-13

Credit courses

Tuition and fees were approximately 15% of the total operating funds revenue budget in FY 13. The Governing Board has a philosophy that Central Arizona College remains in the middle of the ten other community college districts in relation to cost per student. More than half of the districts charge fees for items such as technology, student activity, and/or lab fees. CAC does not charge these fees. The tuition was raised from \$70 per credit to \$72 per credit for 2012-13.

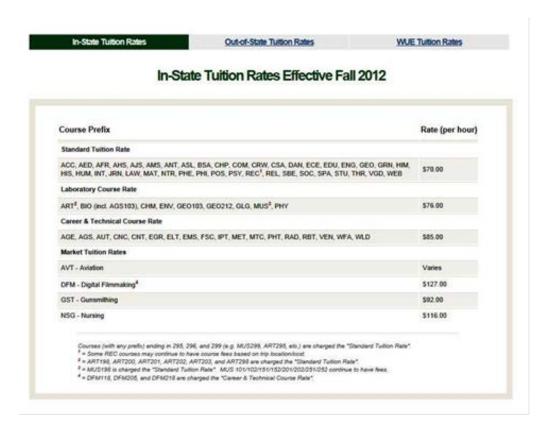

Non-credit courses

Fees for Central Arizona College Lifelong Learning non-credit special interest courses are determined on a course by course basis using a formula to cover costs. The course costing formula includes the following: instructional salary, overhead fee (25%), administration fee (15%), and instructional materials fee (when needed). Our instructional salary rate for these courses was \$43.38 per instructional contact hour for the fiscal 2012-13 year. These courses are designed to enhance skills, expand knowledge, and provide personal growth and enjoyment. The lifelong learning comes in the form of adult education courses, trips, events and training in flexible course formats at reasonable prices. Instructors teach these short-term courses and facilitate seminars that usually last from one day to six weeks.

Yavapai County Community College District Tuition and Fees FY 2012-13

Credit Courses

Yavapai College tuition charges are dependent upon the residency and program of study of the student enrolling at the college. Yavapai College offers a differential pricing model which eliminates almost all course fees and provides more transparent pricing. The following information pertains to regular academic ("for-credit") classes at Yavapai College.

The average in-state tuition for FY 2012-13 was \$79 per credit hour; the average outof-state tuition was \$330 per credit hour; the average tuition rate for Western Undergraduate Exchange (WUE) was \$113. Students enrolled in the Aviation, Nursing, Emergency Medical Services and Radiology Technology Programs are not eligible for the WUE rate.

Non-credit Courses

Yavapai College continuously develops continuing education non-credit programs to meet the needs of communities served by the college. YC has two distinct non-credit opportunities for our community. Both programs maintain themselves with program fees only. No tuition is charged.

<u>The Osher Lifelong Learning Program:</u> Is a peer-directed, membership-driven program for older adult learners. Membership is tiered:

- \$155 per year includes three learning groups per semester; \$25 fee for each additional learning group.
- \$65 per year with a \$25 learning group fee
- A one-time \$10 six-week membership plus \$25 per learning group of your choice.

<u>Community Education:</u> Non-credit courses are offered for ages 18 and older. Fees are market-driven and range from \$35 to \$110 per course.

The College reserves the right to make changes in the Schedule of Fees without notice as they become necessary

The following criteria for determining a student's residency have been reproduced from Arizona statutes (A.R.S. 15-1802). Arizona state law now requires Arizona Western College to verify citizenship or legal resident status of students prior to registration. Students may be required to complete a Tuition Status Assessment Form and provide documentation as proof of residency. Students who have applied for federal financial aid will have their legal citizenship status determined through the Free Application for Federal Student Aid (FAFSA). Information about the verification process for all other students is available on the AWC website at

<u>www.azwestern.edu/student_services/enrollment_services/admissions_and_registratio_n/prop300.html</u>

^{*}In-State Student Status

- A. Except as otherwise provided in this article no person having a domicile elsewhere than in this state is eligible for classification as an in-state student for tuition purposes.
- B. A person is not entitled to classification as an in-state student until the person is domiciled in this state for one year, except that a person whose domicile is in this state is entitled to classification as an in-state student if the person meets one of the following requirements:
 - 1. the person's parent's domicile is in this state and the parent is entitled to claim the person as an exemption for state and federal tax purposes.
 - 2. the person is an employee of an employer which transferred the person to this state for employment purposes or the person is the spouse of such employee.
 - 3. the person is an employee of a school district in this state and is under contract to teach on a full-time basis, or is employed as a full-time noncertified classroom aide, at a school within that school district. For purposes of this paragraph, the person is eligible for classification as an instate student only for courses necessary to complete the requirements for certification by the state board of education to teach in a school district in this state. No member of the person's family is eligible for classification as an instate student if the person is eligible for classification as an in-state student pursuant to this paragraph.
 - 4. the person's spouse has established domicile in this state for at least one year and has demonstrated intent and financial independence and is entitled to claim the student as an exemption for state and federal tax purposes or the person's spouse was temporarily out of state for educational purposes, but maintained a domicile in this state. If the person is a non-citizen, the person must be in an eligible visa status pursuant to federal law to classify as an in-state student for tuition purposes.
- C. The domicile of an unemancipated person is that of such person's parent.
- D. Any unemancipated person who remains in this state when such person's parent, who had been domiciled in this state, moves from this state is entitled to classification as an in-state student until attainment of the degree for which currently enrolled, so long as such person maintains continuous attendance.
- E. A person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders or who is the spouse or a dependent child as defined in section 43-1001 of a person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders is entitled to classification as an in-state student. A spouse or dependent child does not lose in-state student classification under this subsection if the spouse or dependent child qualifies for in-state tuition classification at the time the spouse or dependent child is accepted for admission to a community college under the jurisdiction of a community college district governing board or a university under the jurisdiction of the Arizona Board of Regents. The student, while in

- continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification.
- F. A person who is a member of the armed forces of the United States or the spouse or a dependent as defined in section 43-1001 of a member of the armed forces of the United States is entitled to classification as an in-state student if the member of the armed forces has claimed this state as the person's state of legal residence for at least twelve consecutive months before the member of the armed forces, spouse or dependent enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under the jurisdiction of a community college district governing board. For purposes of this subsection, the requirement that a person be domiciled in this state for one year before enrollment to qualify for instate student classification does not apply.
- G. A person who is honorably discharged from the armed forces of the United States shall be granted immediate classification as an in-state student on honorable discharge from the armed forces and, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification if the person has met all of the following requirements:
 - 1. Declared Arizona as the person's legal residence with the person's branch of service at least one year prior to discharge from the armed forces.
 - 2. Demonstrated objective evidence of intent to be a resident of Arizona which, for the purposes of this section, includes at least one of the following:
 - a) an Arizona driver license
 - b) Arizona motor vehicle registration
 - c) employment history in Arizona
 - d) Arizona voter registration
 - e) transfer of major banking services to Arizona
 - f) change of permanent address on all pertinent records
 - g) other materials of whatever kind or source relevant to domicile or residency status.
 - 3. Filed an Arizona income tax return with the department of revenue during the previous tax year.
- H. A person who is a member of an Indian tribe recognized by the United States Department of the Interior whose reservation land lies in this state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.

Alien In-State Student Status

A. According to A.R.S. 15-1803 an alien is entitled to classification as an in-state refugee student if such a person has been granted refugee status in accordance with all applicable laws of the United States and has met all other requirements for domicile.

B. In accordance with the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (P.L. 104-208l; 110 stat. 3009), a person who is not a citizen or legal resident of the United States or who is without lawful immigration status is not entitled to classification as an in-state student pursuant to section 15-1802 or entitled to classification as a county resident pursuant to section 15-1802.1

Arizona Western College offers non-credit Continuing Education Courses which charge various market-based prices.

SECTION III Dual Enrollment: Statement of Compliance and Faculty advisory committees

ANNUAL REPORT A.R.S. §15-1427

FY 2012-13

STATEMENT OF COMPLIANCE

In FY 2012-2013, the Arizona community colleges offering dual enrollment courses were required to comply with the statutory requirements for the courses as outlined in A.R.S. 15-1821.01 paragraphs 3 through 5, which included:

- 3. The courses shall be previously evaluated and approved through the curriculum approval process of the district, shall be at a higher level than taught by the high school and shall be transferable to a university under the jurisdiction of the Arizona board of regents or be applicable to an established community college occupational degree or certificate program. Physical education courses shall not be available for dual enrollment purposes.
- 4. College approved textbooks, syllabuses, course outlines and grading standards that are applicable to the courses if taught at the community college shall apply to these courses and to all students in the courses offered pursuant to this section. The chief executive officer of each community college shall establish an advisory committee of full-time faculty who teach in the disciplines offered at the community college to assist in course selection and implementation in the high schools and to review and report at least annually to the chief executive officer whether the course goals and standards are understood, the course guidelines are followed and the same standards of expectation and assessment are applied to these courses as though they were being offered at the community college. The advisory committee of full-time faculty shall meet at least three times each academic year.
- 5. Each faculty member shall meet the requirements established by the governing board pursuant to section 15-1444. The chief executive officer of each community college district shall establish an advisory committee of full-time faculty who teach in the disciplines offered at the community college district to assist in the selection, orientation, ongoing professional development and evaluation of faculty teaching college courses in conjunction with the high schools. The advisory committee of full-time faculty shall meet at least two times each academic year.

As part of the routine audit to confirm full time student enrollment (FTSE) counts, the Auditor General reviews dual enrollment courses. The review includes adherence to the requirements noted above.

Cochise County Community College District

Faculty advisory committees with responsibilities applicable to ARS 15-1821.01

In accordance with ASR 15-1821.01, Cochise College is providing the following information pertaining to classes offered in conjunction with high schools to the Joint Legislative Budget Committee (JLBC).

1. Documentation of Compliance/Assurances

a. That in accordance with ASR 15-1821.01, paragraph 6(a), Cochise College has complied with all provisions of this paragraph to wit:

All courses offered in conjunction with High Schools have been evaluated and approved through the official college curriculum approval processes pursuant to ASR 15-1821.01, paragraph 3 (Cochise College Course Outlines are available online at https://my.cochise.edu/web/curriculum/complete-list1);

i. All courses offered are at a higher level than that taught by the High Schools; and, ii. All courses offered are transferable to an Arizona public university as evident at Arizona Course Applicability System; and/or are applicable to an established community college occupational degree or certificate program (the 2010-11 Cochise College Catalog is available online at

http://www.cochise.edu/cfiles/files/catalog/archives/catalog%202012-13/index.htm).

- b. That in accordance with ASR 15-1821.01, paragraph 4, Cochise College has college-approved textbooks, syllabi, course outlines, and grading standards, applicable to the courses taught.
- c. That in accordance with ASR 15-1821.01, paragraph 4, the Cochise College President has established an Advisory Committee, of which a listing of members follows, of full-time faculty teaching in the disciplines offered at Cochise College to assist in: i. Course selection and implementation in the High Schools;
- ii. Faculty selection, orientation, ongoing professional development, and evaluation of faculty teaching college courses in conjunction with the High Schools; and, iii. Reviewing and reporting (at a minimum) annually whether the course goals and standards are understood, the course guidelines are followed, and the same standards of expectation and assessment are applied to these courses as though they were being offered in Cochise College classrooms.

That in accordance with ASR 15-1821.01, paragraph 5, all faculty members teaching courses at local High Schools in conjunction with Cochise College met the requirements established by the Cochise College Governing Board pursuant to section 15-4444, paragraph 6. (Cochise College faculty credentialing requirements is available online at

https://my.cochise.edu/c/document_library/get_file?uuid=bdb62177-8915-4712-aa23-a37f398171ff&groupId=2079034)

2. Dual Enrollment Faculty Advisory Committee Members

(Note: Deans and department chairs are faculty.)

• Barbara Richardson, Director, Benson Center

- Debra Ellis, Director, Willcox Center
- Rhonda Douglas, Coordinator, Tech Prep
- Chuck Hoyack, Dean, Liberal Arts

Faculty advisory committees with responsibilities applicable to ARS 15-1821.01

The Director of Curriculum and Student Learning Assessment collaborates with the Dean in charge of Dual Enrollment, the Advising Director and Associate Director. They make recommendations for division chairs to consider courses for inclusion in CAC's Dual Enrollment program, and approve CAC's Dual Enrollment Course List. The list is then submitted to the state director of transfer and articulation with AZTransfer so that CAC's course decisions are reflected in the CAC Course Equivalency.

4. FINANCIAL AID POLICIES

Except as indicated in this section, College offers no grant, scholarship or financial aid for the dual enrollment program. The provision, if any, of any grant, scholarship or financial aid shall be subject to and in compliance with College policies and procedures, and relevant state statutes and regulations.

The Dual Enrollment Grant program is offered for high school students attending Maricopa Community Colleges in dual enrollment programs. High School students not in dual enrollment programs may apply for financial aid through the Maricopa Grant Program.

¹Academic or Occupational

Additional Pima Community College Notes:

1. High School graduation year was used to determine student standing (Senior, Junior, etc.) when that information was available in the College database. If graduation year was missing, student age was used as a proxy for standing. Students 18 years of age or older are reported as seniors. Students between 17 and 18 years of age are reported as juniors. Students between 16 and 17 years of age are reported as sophomores. All students under 16 years of age are reported as freshmen.

²Senior, Junior, Sophomore or Freshman

Regular Meeting Agenda Item 7E December 17, 2013 Action

REQUEST TO APPROVE 2014-15 BUDGET DEVELOPMENT ASSUMPTIONS

Recommendation:

Staff recommends approval of the 2014-15 Budget Development Assumptions and Guidelines.

Summary:

Staff will provide an overview of proposed budget development assumptions and guidelines for 2014-15, which are summarized in the following document. Supporting information for revenues and expenditures is also attached. Staff will seek additional Board input and guidance.

STRATEGIC PLANNING AND BUDGET DEVELOPMENT CALENDAR

FISCAL YEAR 2014 – 2015

APPROVED NOVEMBER 19, 2013

ACTIVITY	RESOURCE	DUE BY
1. Receive and approve budget calendar	DGB	✓19 November
2. Receive proposed three-year strategic plan	DGB	✓19 November
3. College Council review of wage/salary recommendations	✓ERC-*FA- ✓ CASO	*13 December
4. Approve three-year strategic plan	DGB	17 December
5. Receive and approve budget assumptions & overview	DGB	17 December
6. Review approved strategic plan and current year budget	Budget Managers	20 December
7. Distribute materials for departmental operational & capital	Director Fin Svcs	3 January
8. College President receives wage & salary recommendation	College Council	4 January
9. Receive departmental operational & capital requests	Executive Team	3 February
10. Executive review of operational & capital budget	Executive Team	10 February
11. Receive introductory budget analysis	DGB	18 February
12. Receive wage and salary recommendation	DGB	18 February
13. Receive tuition and fee schedules	DGB	18 February
14. Budget hearings	SPASC co-chairs Director Fin Svcs Budget Managers	3 March
15. Receive preliminary budget analysis	DGB	18 March
16. Approve tuition and fee schedules	DGB	18 March
17. Approve salary schedules	DGB	18 March
18. Receive complete budget analysis	DGB	16 April
19. Approve budget publication	DGB	16 April
20. Adopt tentative current budget & three-year capital budget	DGB	16 April
21. Publish notice of budget public hearing/TNT hearing	VP Adm Svcs	2 May
22. Notice of TNT hearing second publication	VP Adm Svcs	9 May
23. Publish notice of budget public hearing/TNT hearing	VP Adm Svcs	16 May
24. Public hearing conducted for taxpayers	DGB	20 May
25. Final current budget and three-year capital budget adopted	DGB	20 May
26. Notify PTOC of primary property tax levy	VP Adm Svcs	21 May
27. Submit Tax levy to Navajo County	VP Adm Svcs	21 May

Northland Pioneer College Budget Development Assumptions FY 2014-15

GENERAL ASSUMPTIONS

- Budget Development Calendar will be followed
- Introductory budget analysis for DGB in February will be prior to budget hearings and will be limited to an overview of expenditure and revenue trends.
- Preliminary budget analysis for DGB in March will include a detailed examination of budget planning similar to prior year preliminary budget analyses
- Statutory Expenditure Limit will be breached. Carry-forward is available to address short-term issues and expenditures will not be restricted by statutory limitations

REVENUE ASSUMPTIONS

- Overall revenues are expected to remain flat compared to current fiscal year
- State funding expected to be decreased in FY14-15 by approximately \$260,000
- Tuition and general fees will be set at a rate that
 - (A) Gives consideration to the impact on students
 - (B) Increases incrementally
 - (C) Is competitive in our market by maintaining a comparative position to the average tuition at other Arizona community colleges
- Course fees will be set at a rate calculated to offset expendable supplies and equipment
- Primary property tax will be levied at the maximum rate, which is 4% higher than current year tax and will require a truth-in-taxation hearing. Property tax valuation is expected to continue to decline causing a greater than 4% increase in the current tax rate of \$1.4769/\$100 NAV.
- Other revenues will be estimated based on historical information and emerging trends

EXPENDITURE ASSUMPTIONS

- Items in budget requests will be linked to the current **NPC Strategic Plan** through operational plans developed at the division or departmental level. Any budget amounts that are higher than FY13-14 budget **or** actual historical spending will require written **justification and review during the budget hearing process**.
- Budget requests for operational and capital expenditures will be completed by **Friday**, **February 3, 2014.**

- SALARY SCHEDULES will be developed with
 - (A) Incrementally increasing rates
 - (B) Consideration to competitive market conditions with the goal to maintain a comparative position to the average increases/rates at other local public entities, other Arizona community colleges, and other similar institutions.
 - (C) Consideration to salary recommendations received through the shared governance process
 - (D) Other
- BENEFITS will be developed with
 - (A) No major changes expected in plan benefit structure or options
 - (B) Consideration on impacts from third-party partnerships
 - (1) Navajo County Schools Employee Benefit Trust for medical and dental insurance
 - (2) Arizona State Retirement System for retirement contributions
- Education partner relationships will be maintained
 - (A) Apache County
 - (B) NAVIT
 - (C) Dual enrollment
 - (D) Other
- CAPITAL budget requests will be developed for a three-year period (2014 2017)
- GRANT funding will continue to be identified and pursued
- AUXILIARY fund activities will be maintained
- Other

Northland Pioneer College Budget Development Assumptions FY 2014-15

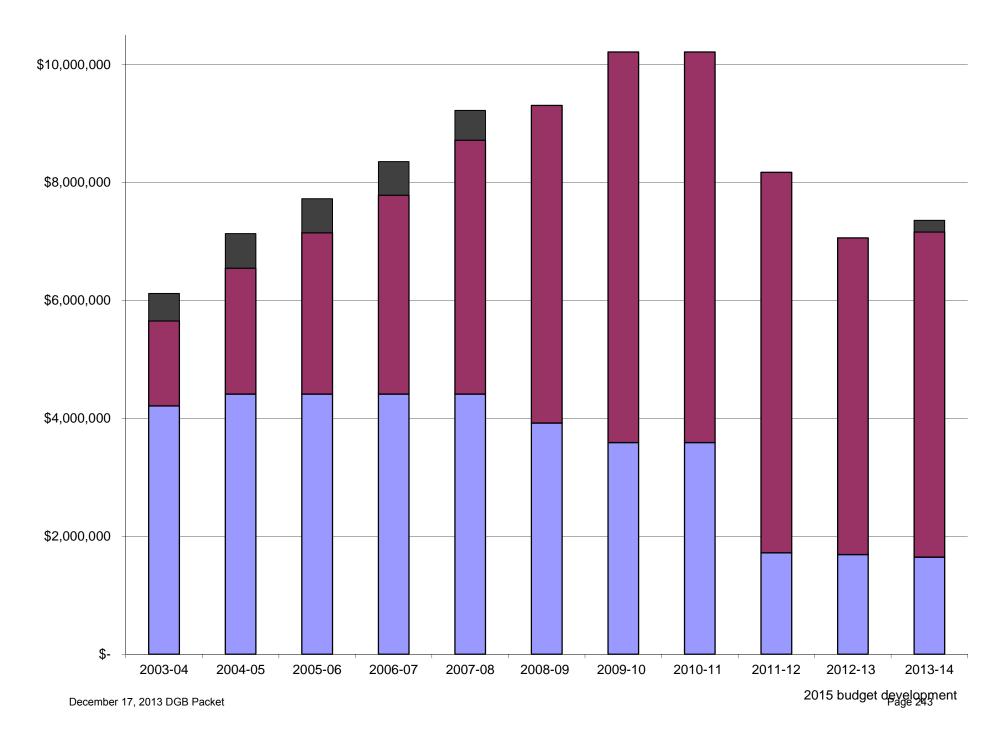

Budget Categories & Targets:

Revenues	Budget will be prepared by Administrative Services.
Salaries/Wages & Benefits Operating Expenditures	Budget will be prepared by Administrative Services except for the following that budget managers will include in budget request: O Adjunct Salaries, Overload, Temporary Salaries, Lab Aids, and Substitute Salaries. Funding expected to remain level in FY 14-15. Budget requests should reflect only those items identified in division or
	departmental operational plans. Any new programs/services must demonstrate linkage to the adopted strategic plan.
Capital Expenditures •	All requests for funding will be linked to revenues from the operational budget, grant funds, or reserved funds. Minimal state funding for STEM is expected to continue.

^{1/} Of the \$848,800 appropriated to the Rural County Reimbursement Subsidy line item, Apache County will receive \$466,000 and Greenlee County \$382,800. (General Appropriation Act footnote)

^{2/} A.R.S. § 42-5031.01 directs the State Treasurer to annually transmit to the tribal colleges 10% of Transaction Privilege Tax (TPT) revenues collected from sources located on the reservation, or \$1,750,000, whichever is less, as well as 5% of TPT revenues collected on the reservation, or \$875,000, whichever is less, to a technical college on the same reservation.

General Appropriation Act funds are appropriated as District-by-District Special Line Items.

AGENCY DESCRIPTION — The Arizona community college system is comprised of 10 college districts and 2 provisional districts. Arizona's community colleges provide programs and training in the arts, sciences and humanities, and vocational education leading to an Associates degree, Certificate of Completion, or transfer to a Baccalaureate degree-granting college or university.

Operating State Aid

The budget includes \$34,464,800 from the General Fund in FY 2014 for Operating State Aid. This amount funds the following adjustments:

Formula Decreases

The budget includes a decrease of \$(1,026,900) from the General Fund in FY 2014 to fund the statutory formula for Operating State Aid.

This amount funds statutory formula costs for a (3,996), or (2.7%), decrease in Full Time Student Equivalent (FTSE) students in community colleges statewide (see Table 1). The (3,996) net FTSE decrease consists of a (4,190) FTSE decrease in non-dual enrollment students and a 194 FTSE increase in dual enrollment students. A.R.S. § 15-1466.01 requires dual enrollment students be funded at 50% for state aid purposes. Dual enrollment refers to high school students who are enrolled in community college courses for both high school and community college credit.

Table 1								
Community College Enrollment								
FY 2011 FY 2012 Percentage								
District	FTSE	FTSE	Change					
Cochise	9,511	9,210	(3.2)%					
Coconino	2,399	2,355	(1.8)%					
Gila	964	790	(18.0)%					
Graham	3,512	3,433	(2.2)%					
Maricopa	84,544	83,024	(1.8)%					
Mohave	3,975	3,450	(13.2)%					
Navajo	2,219	2,070	(6.7)%					
Pima	22,907	22,028	(3.8)%					
Pinal	5,129	5,246	2.3%					
Santa Cruz	277	258	(6.9)%					
Yavapai	4,205	3,974	(5.5)%					
Yuma/La Paz	5,828	5,636	(3.3)%					
Total	145,470	141,474	(2.7)%					

Background – The Operating State Aid Special Line Items provide each community college district with funds for continuing operating and maintenance expenses pursuant to A.R.S. § 15-1466. The Operating State Aid formula adjusts state aid in an amount that reflects changes in the FTSE enrollment count. This enrollment adjustment is calculated by multiplying the change in the most recent year's actual FTSE for each district by the average state aid per FTSE appropriated in the current fiscal year. (For FY 2014, the last actual FTSE data was from FY 2012.)

Capital Outlay State Aid

The budget includes \$2,000,000 from the General Fund in FY 2014 for Capital Outlay State Aid. This amount funds the following adjustments:

Rural District Capital Outlay Aid

The budget includes an increase of \$2,000,000 from the General Fund in FY 2014 for rural district Capital Outlay State Aid. The \$2,000,000 will be distributed proportionally to all community college districts, excluding Maricopa and Pima, in a manner that provides each rural district with approximately 31% of the full formula amount that it otherwise would receive pursuant to A.R.S. § 15-1464. The Higher Education Budget Reconciliation Bill (BRB) (Laws 2013, 1st Special Session, Chapter 7) suspends the capital outlay state aid formula in A.R.S. § 15-1464 for FY 2014 and instead funds the amounts specified in the General Appropriations Act.

The Capital Outlay State Aid formula previously had been completely suspended since FY 2009. The FY 2014 suspension forgoes \$20,991,600 in formula costs for Capital Outlay State Aid for FY 2014.

Background – The Capital Outlay Special Line Items provide the community college districts with funds for capital land, building, and equipment needs pursuant to A.R.S. § 15-1464.

The Capital Outlay State Aid formula provides per capita funding to districts based on the district's size and the most recent year's actual audited FTSE. The statutory formula provides \$210 per FTSE for districts with 5,000 or less FTSE or \$160 per FTSE for districts with greater than 5,000 FTSE.

(See Additional Legislation for more information.)

Equalization Aid

The budget includes \$26,301,700 from the General Fund in FY 2014 for Equalization Aid. This amount funds the following adjustments:

Formula Decreases

The budget includes a decrease of \$(1,550,400) from the General Fund in FY 2014 to reflect reduced formula costs for funding Equalization Aid due to assessed valuation changes. Detail of specific district changes is shown in *Table 2*.

Table 2					
FY 2014 Equalization Funding Changes					
Year-over-					
District	FY 2013	Year Change	FY 2014		
Cochise	\$ 5,614,700	\$(902,300)	\$ 4,712,400		
Graham	16,867,300	(792,200)	16,075,100		
Navajo	<u>5,370,100</u>	144,100	<u>5,514,200</u>		
Total	\$27,852,100	\$(1,550,400)	\$26,301,700		

Background – The Equalization Special Line Items provide additional state aid to community college districts with property tax bases that are less than the minimum assessed value specified in A.R.S. § 15-1402. Under the Equalization Aid formula, the minimum assessed valuation is revised by the average change in actual assessed valuation for the most recent year for all rural districts with populations of less than 500,000 persons. For the FY 2014 Equalization Aid formula calculation, the minimum assessed valuation decreased (5.3)% to \$1.38 billion. (See Table 3 for the calculation of the growth rate.)

Table 3						
Equalization Growth Factor						
for Tax Years (TY) 2011-2012						
			TY 2011-			
	TY 2011	TY 2012	2012			
District	Primary AV	Primary AV	% Growth			
Cochise*	\$ 1,049,827,400	\$ 1,038,327,100	(1.1)%			
Graham*	228,474,100	208,931,300	(8.6)%			
Navajo*	1,026,137,100	974,292,400	(5.1)%			
Coconino	1,808,850,500	1,747,818,100	(3.4)%			
Mohave	1,932,681,700	1,791,765,200	(7.3)%			
Pinal	2,160,151,200	2,153,783,700	(0.3)%			
Yavapai	2,712,177,900	2,405,473,700	(11.3)%			
Yuma/LaPaz	1,473,877,600	1,414,572,400	(4.0)%			
Total	\$12,392,177,500	\$11,734,963,900	(5.3)%			

These districts qualify to receive Equalization Aid under the state funding formula.

Equalization Aid is paid based on the difference between the minimum assessed valuation and the most recent actual assessed valuation for the district. Equalization Aid is calculated at the lesser of \$1.37 per \$100 of the district's assessed valuation or the district's levy rate.

As noted in *Table 3*, the average rural district assessed value declined by (5.3)% in TY 2012. In comparison, Cochise declined by (1.1)%, Graham declined by (8.6)% and Navajo declined by (5.1)%. By not declining as much as the average districts or by having an assessed valuation that comes closer to the minimum assessed value than in the previous year, Cochise and Graham qualify for less aid in FY 2014 than in FY 2013. Due in part to raising its levy rate, Navajo qualifies for additional aid.

In any one year a district's equalization assistance will depend on 1) whether the district falls below the minimum threshold (\$1.38 billion in FY 2014) and 2) whether the district's change in assessed value was less than the rural districts' average and 3) the applicable tax rate.

Rural County Allocation

The budget includes \$3,273,100 from the General Fund in FY 2014 for Rural County Allocation. This amount funds the following adjustments:

Formula Increases

The budget includes an increase of \$282,900 from the General Fund in FY 2014 to reflect increased formula costs for funding Rural County Allocation.

Background - The Rural County Allocation Special Line Item facilitates payment to community college districts for students enrolled from counties that are not a part of an established community college district. If a county is not part of a community college district, it is responsible for the cost of their students attending community college in another county. A.R.S. § 15-1469.01 provides that the General Fund will pay the initial cost for these counties and then the state will withhold these counties' sales tax revenues to offset that cost; therefore there is no net General Fund impact. The FY 2012 expenditure of \$3,051,700 and the FY 2013 expenditure of \$2,990,200 were offset by corresponding reductions in the counties' sales tax apportionment. The payments made on behalf of the counties are not included in county expenditure limits established in the Arizona Constitution. The county payments are partially offset by a state subsidy (see next Special Line Item).

Monies for the Rural County Allocation are authorized by A.R.S. § 15-1469.01, and therefore do not appear in the General Appropriation Act.

Rural County Reimbursement Subsidy

The budget includes \$848,800 from the General Fund in FY 2014 for Rural County Reimbursement Subsidy. This amount is unchanged from FY 2013.

This funding partially offsets the cost to counties that are not part of an established community college district. The funding is appropriated to Apache and Greenlee Counties. The FY 2014 budget allocates \$466,000 to Apache and \$382,800 to Greenlee.

Tribal Community Colleges

The budget includes \$2,625,000 from the General Fund in FY 2014 for Tribal Community Colleges. This amount funds the following adjustments:

Tribal Technical Colleges

The budget includes an increase of \$875,000 from the General Fund in FY 2014 to begin funding the Navajo Technical College. The increase is required by A.R.S. \$42-5031.01, as amended by the Revenue BRB for FY 2014 (Laws 2013, 1st Special Session, Chapter 9).

Background - A.R.S. § 42-5031.01 allows any qualifying tribal community college to receive \$1,750,000, or 10% of the Transaction Privilege Tax (TPT) revenues collected from all sources located on the reservation, whichever is less. These monies provide tribal community colleges with funding for maintenance, renewal, and capital expenses. As amended by the Revenue BRB, A.R.S. § 42-5031.01 also allows any additional technical college located on the same reservation to receive \$875,000, or 5% of the TPT revenues collected from sources located on the reservation, whichever is less, starting in FY 2014. While actual amounts for FY 2014 will depend on FY 2014 collections, the projected distribution amount to tribal community and technical colleges is \$2,625,000. Given the language of A.R.S. § 42-5031.01, these monies do not appear in the General Appropriation Act. The most recent actual distribution in FY 2012 was \$1,750,000.

This funding is limited to tribes that entered into a contract with the Executive prior to September 1, 2012. Diné College and Navajo Technical College on the Navajo Nation are the only schools that currently qualify to receive TPT revenues.

Additional Legislation

Provisional College Rural County Reimbursement

Laws 2013, Chapter 155 requires a provisional community college district to continue to provide reimbursement payments to other community college districts that serve its students until the fiscal year in which a "qualifying levy" is adopted and budgeted by the provisional district. A "qualifying levy" must be at least equal to the sum of the reimbursement payments in the fiscal year immediately before the year that a levy was first adopted to support the operations of the provisional district.

Under Chapter 155, a provisional district that was formed before the effective date of the act that has not adopted a qualifying levy is not required to provide reimbursement payments to other community college districts if a qualifying levy is adopted within 2 years after the effective date of the act.

Voters in Santa Cruz County approved a levy to support a provisional community college district in FY 2011. The \$0.07 primary tax rate generated \$287,600, which was less than the \$1,355,600 in total reimbursement payments owed in the year prior. In order to avoid having to make reimbursement payments, the Santa Cruz County Provisional Community College Board approved increasing the primary tax rate to \$0.42 in FY 2014, which will generate more than the \$1,355,600 required for a "qualifying levy".

STEM and Workforce Programs State Aid

Laws 2013, Chapter 223 replaces state aid for community college capital outlay with aid for Science, Technology,

Engineering and Mathematics (STEM) and Workforce Programs. The funding formula remains the same as only the funding name and allowed uses are changed. Appropriations for community college STEM and Workforce Programs Aid shall be made to an account designated as the Science, Technology, Engineering and Mathematics and Workforce Programs Fund. Districts may use the monies for STEM and workforce programs purposes, including:

- 1) partnerships with businesses and educational institutions
- additional faculty for improved and expanded classroom instruction and course offerings
- technology, equipment and technology infrastructure for advanced teaching and learning in classrooms or laboratories
- 4) student services such as assessment, advisement and counseling for new and expanded job opportunities
- 5) the purchase, lease or lease-purchase of real property, for new construction, remodeling or repair of buildings or facilities on real property

The General Appropriation Act provided \$2,000,000 in capital outlay funding. The preliminary Legislative Council interpretation of this language is that these monies in FY 2014 are limited to capital outlay and not the broader STEM purposes.

Tuition Waiver for Former Foster Care Children

Laws 2013, Chapter 237 establishes a 5-year pilot program requiring public universities and community colleges to provide tuition waivers to qualifying former foster children. Qualifying persons are currently in foster care and are at least 16 years old, or were in foster care when they were at least 16 years old. Recipients must have less than \$10,000 in personal assets and be under 21 when the first waiver is awarded. They may continue to receive the waiver until they are 23. Recipients are also required to submit a completed federal financial application each year, be accepted into a degree or certificate program, annually complete 30 hours of volunteer service, and remain in good standing with the policies of the school they attend. The tuition waiver covers the remaining tuition balance after the application of other grants and scholarships.

If the pilot program is terminated before a recipient is 23 and obtains a degree or certificate, that person must continue to be awarded a tuition waiver until the person obtains a degree or certificate or reaches 23 years of age.

Other Issues

Community College Revenue Sources

In addition to state General Fund monies, Arizona's community colleges receive revenues from a number of other sources, including student tuition and fees, local property taxes, grants, and other monies generated by the

Table 4								
	Total Estimated Community College Revenues – FY 2013						% Change	
			Property			FY 2013	FY 2012	from

^{1/} Includes auxiliary programs, interest incomes, workforce development funds, and transfers.

colleges. Of the total, the community colleges receive 4% of their revenues from state aid.

For FY 2013, base operating revenues from all sources are estimated to be \$1,809,461,500, an increase of 9% from FY 2012. (See Table 4 for a summary of FY 2013 total revenue estimates.)

Property taxes are the single largest revenue source for the community colleges, accounting for 41% of their revenues. There are 2 types of property taxes: primary and secondary. For the community colleges, primary property taxes are levied for operating purposes and secondary property taxes are levied to pay for capital outlay expenses. Each community college district determines its primary and secondary property tax rates. (See Table 5 for a summary of FY 2013 property tax rates.)

Table 5					
Community College Tax Rates – FY 2013					
District	Primary Rate	Secondary Rate	Combined Rate	% Change in Combined Rate from FY 2012

Yavapai	1.67	0.22	1.89	16.7%	
Yuma/La Paz	1.69	0.35	2.04	4.6%	

In November 2012, Arizona voters approved Proposition 117, which will consolidate the primary and secondary tax bases into a single tax base (for purposes of levying taxes) and will cap annual property value increases on any single parcel of real property to 5% starting in FY 2016. The proposition will not limit the community college districts' current ability to generate 2% more in property tax revenues annually, not including revenue from new construction. Any increase over 2% requires voter approval, unless the district has forgone increases in prior years and consolidates those increases into a single year.

Long term property value growth has been approximately 5%. From that perspective, Proposition 117 would tend to reduce the year-to-year volatility in property tax values rather than reduce the dollar amount of long term revenues. However, the property tax base might grow more slowly under Proposition 117 because the property tax values would not be able to increase by more than 5% to offset the years that experience growth that is less than 5%.

To the extent that the property value grows more slowly because of Proposition 117, the community colleges could still generate the same level of revenue by increasing their tax rates.

The community colleges also collect tuition and fees from enrolled students. These collections account for approximately 23% of total revenues. Tuition and fees are assessed on a per credit hour basis. FY 2013 weighted average tuition was \$2,207, an increase of 3% from FY 2012. Full-time annual tuition costs range from \$1,600

^{2/} Total revenues do not include bond proceeds or district fund balances. Including these amounts total revenues are estimated to be \$2,443,040,100 for FY 2013.

^{3/} Total revenues do not include bond proceeds or district fund balances. Including these amounts total revenues are \$1,856,415,800 for FY 2012.

^{4/} Gila Provisional Community College contracts with Graham County's Eastern Arizona College in order to provide degree programs. Therefore, Gila's tuition and fee revenues are collected by Graham according to their contract agreement. Santa Cruz Provisional Community College contracts with Cochise County's Community College in order to provide degree programs. Therefore, Santa Cruz's tuition and fee revenues are collected by Cochise according to their contract agreement.

at Graham, to \$2,550 at Coconino. (See Table 6 for FY 2013 resident tuition and fee rates.)

 $[\]underline{1}$ / Annual cost is for 30 hours a year, or 15 hours per semester.

Total Community College Expenditures

Table 7 shows total budgeted FY 2013 community college expenditures. In FY 2013, total budgeted expenditures are \$2,430,228,500. As mentioned previously, base operating revenues for FY 2013 are \$1,809,461,500; however, this figure does not include allocated fund balances or bond proceeds. Including these amounts, total available revenues are \$2,443,040,100. Of the total \$2,430,228,500 in expenditures, \$1,601,600,000, or 66%, of these expenditures are from the community colleges' general and restricted funds. This includes about \$521,461,400, or 21%, for instruction and \$229,474,600, or 9%, for administrative support.

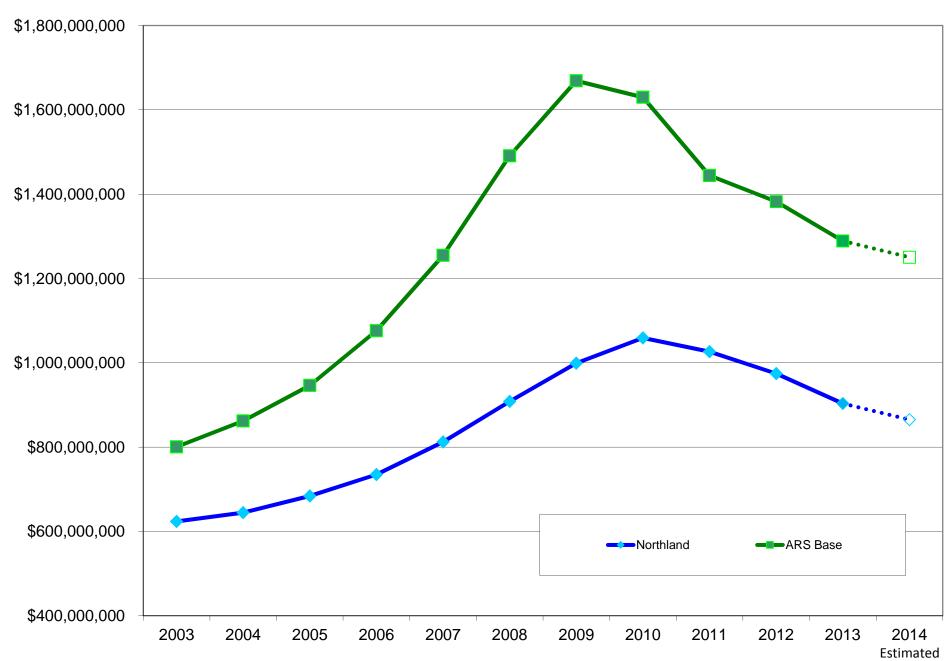

Table 7						
Community Colleges - FY 2013 Budgeted Expenditures						
General/Restricted Funds	<u>Total</u>	% of Total				
Instruction	\$ 521,461,400	21%				
Public Service	25,383,900	1%				
Academic Support	134,542,400	6%				
Student Services	145,912,600	6%				
Administrative Support	229,474,600	9%				
Operation & Maintenance	103,652,500	4%				
Scholarships/Grants	381,774,800	16%				
Contingency	59,397,800	<u>2%</u>				
Subtotal	\$1,601,600,000	66%				
Auxiliary Enterprises Fund	\$ 139,844,900	6%				
Plant Fund	580,922,800	24%				
Debt Service	107,860,800	4%				
Total	\$2,430,228,500	100%				

Expenditures for auxiliary enterprises, including revenue generating retail and business services such as parking lots, book stores, and food service, are \$139,844,900, or 6% of the total. Plant Fund expenditures, which generally include capital costs, are \$580,922,800, or 24% of the total. The remaining \$107,860,800 is for debt service.

Community colleges also receive grants and "other" revenue from a variety of sources. Combined, they account for approximately 32% of community college revenues. Grants traditionally come from the federal government, including: the U.S. Department of Education, Small Business Administration, National Science Foundation, and Health and Human Services. Revenue listed in the "other" category includes auxiliary programs, interest incomes, workforce development funds, and transfers.

^{2/} Santa Cruz did not submit tuition and fees data for FY 2012.

Contribution Rates set for FY 2014-15 PBI to remain constant

November 22, 2013

At its November 22, 2013 meeting, the ASRS Board of Trustees accepted valuations for the various ASRS program plans and approved new contribution rates for the Defined Benefit Plan for fiscal year 2014-15, which take effect July 1, 2014. The contribution rates will be as follows:

	_	scal 2014-15 14 – June 30, 2	015
	Retirement Pension & Health Insurance Benefit	Long Term Disability Income Plan	Total
Employee	11.48%	0.12%	11.60%
Employer	11.48%	0.12%	11.60%

The current rates are 11.30% for the Pension Plan and 0.24% for LTD, for a total current contribution rate of 11.54% for employees and employers, which will remain in effect through June 30, 2014.

The slight increase in pension plan rates is due to continued efforts to pay off the unfunded liability and continued recognition of market losses in 2008 and 2009. New actuarial assumptions will be implemented that change the timeframe for paying off the deficit from a 30-year rolling period to a 30-year fixed timeframe for the pension plan, and to 15-year fixed periods for the health insurance benefit and LTD fund. This more conservative assumption will help to pay off the deficit sooner and improve the plan's funded status.

The funded status for the ASRS for the year ended June 30, 2013 is 75.9%, compared with the previous fiscal-year end status of 75.7%. A plan is generally considered in sound territory when the ratio is 80% or above.

Separately, the Long Term Disability plan's funded status is 85.7%, and the Health Insurance Benefit funded status is 89.2%.

"We continue on a path of improved financial status for our plans," ASRS Executive Director Paul Matson said. "We are constantly balancing our approach to investments and reviewing our plan structure to ensure we continue to have a sound plan for the near and long term for our members."

The contribution rate for the Long Term Disability Plan was reduced by half due to improved financial standing of the LTD fund because of lower usage of the program.

Also at the Board meeting, the 2013 valuation for the Defined Benefit Plan showed there are no excess funds available for an addition to the Permanent Benefit Increase for retired members. All current PBIs will continue to be included in benefit checks.

As outlined in state statute, increases can only be provided when there are excess returns. Given the market performance over the past 10-year period that the ASRS uses to recognize gains and losses over time, it is expected to be several years before the PBI pool can rebound to provide for an addition to the PBI for retirees.

CONSUMER PRICE INDEX – OCTOBER 2013

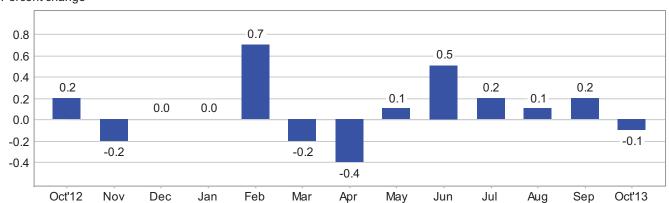

The Consumer Price Index for All Urban Consumers (CPI-U) decreased 0.1 percent in October on a seasonally adjusted basis, the U.S. Bureau of Labor Statistics reported today. Over the last 12 months, the all items index increased 1.0 percent before seasonal adjustment.

The gasoline index fell 2.9 percent in October and led to the seasonally adjusted decline in the all items index. Other energy indexes were mixed, with the electricity index rising, but the indexes for fuel oil and for natural gas declining. The food index rose slightly, with major grocery store food group indexes evenly split between advances and declines.

The index for all items less food and energy rose 0.1 percent in October. The shelter index rose, but posted its smallest increase since December 2012. The indexes for airline fares, for recreation, and for used cars and trucks also increased. The medical care index was unchanged, while the indexes for apparel, for household furnishings and operations, and for new vehicles all declined.

The all items index increased 1.0 percent over the last 12 months; this was the smallest 12-month increase since October 2009. The energy index has declined 4.8 percent over the last 12 months, its largest 12-month decline since July 2012. The index for all items less food and energy has risen 1.7 percent over the last year, while the food index has risen 1.3 percent.

The following information is from a quarterly news release titled *Survey of Professional Forecasters*. The report consolidates multiple well-regarded national macroeconomic forecasts. It is the oldest quarterly survey of its kind in the United States. The survey began in 1968 and was originally conducted by the American Statistical Association and the National Bureau of Economic Research. The Federal Reserve Bank of Philadelphia took over the survey in 1990.

This report was released on November 25, 2013.

Little Change in the Inflation Outlook

The forecasters expect current-quarter headline CPI inflation to average 1.6 percent, slightly lower than the last survey's estimate of 1.7 percent. They predict current-quarter headline PCE inflation of 1.5 percent, down from 1.7 percent in the previous survey.

Measured on a fourth-quarter over fourth-quarter basis, headline CPI inflation is expected at levels unchanged from the previous survey: 1.4 percent in 2013, 2.0 percent in 2014, and 2.2 percent in 2015.

Forecasters see fourth-quarter over fourth-quarter headline PCE inflation at levels nearly unchanged from their projections of three months ago. They expect headline PCE inflation of 1.1 percent in 2013, 1.9 percent in 2014, and 1.9 percent in 2015.

Revisions to the projections for long-term inflation are also small. Over the next 10 years, 2013 to 2022, the forecasters expect headline CPI inflation to average 2.3 percent at an annual rate, up from 2.2 percent in the previous survey. The corresponding estimate for 10-year annual-average headline PCE inflation is 2.0 percent, unchanged from the survey of three months ago.

Regular Meeting Agenda Item 7F December 17, 2013 Action

REQUEST TO APPROVE 2014-16 NPC STRATEGIC PLAN

Recommendation:

Staff recommends approval of the 2014-16 Strategic Plan.

Summary:

This is the second reading and vote submission of the Strategic Plan for 2014-2016. The Plan is updated annually and projects forward to a three year planning window. Changes in the timing of strategic plan adoptions will assist in the continuing goal to improve linkages between the strategic plan and the budget.

The Strategic Plan is the umbrella level planning document for the college, delineating the "what and why" of our organizational goals. As an example of an operational plan linking strategy and goals with budget, the Operational Plan from Pillar 3 has been appended. The specificity of the operational plan can be linked more directly to budget items and accounting codes, and it brings to life the "how" of attaining our strategic goals.

Strategic Plan

2014-2017

Presidential Strategic Initiatives, January 2014

Northland Pioneer College's updated 2014-2017 Strategic Plan is thorough and well-thought out, with broad participation from across the college community. However, the president of the college has identified certain strategic initiatives that must move rapidly to the forefront of college planning, decision-making and implementation. Additionally, the Higher Learning Commission's Open Pathway mandates immediate attention to these initiatives.

The president is issuing the following strategic initiatives as a preface to the NPC Strategic Plan and a vision for the direction of NPC; these strategic initiatives must be the main focus of our work together for the next several years.

- 1. Successful entry into HLC Academy for student persistence and retention.
- 2. Strengthen relationships and partnerships with K-12, counties and communities through shared resources, projects and programs.
- **3.** Align the culture of all areas of college to goals of student completion, retention, persistence.
- Sustain and improve use of network connectivity to support student success.
- 5. Facilitate resolution of year round college, fast track schedules, new scholarships and other recently introduced topics all oriented toward student success.

 Accurately track short and long-term results of each project.
- **6.** Connect current, past and future students more closely to the college.
- 7. Find opportunities for students and staff to have fun.

Pillar 1: Improve Student Learning and Success in all

Instructional Areas

Overall Responsibility: Vice President for Learning and Student Services

<u>Priority 1</u>: Continue to Improve Student Learning

Next Major Milestone: June 30, 2014

Responsibility: Vice President for Learning and Student Services, Deans and

Directors

Goals:

1.1.1 Develop learning opportunities to assist with student goals and community needs. Supports HLC core components 2DE, 3ABCD, 4ABC, 5AC

- Develop operational and innovative plans to support student goals and community needs in all instructional areas.
- Assess the need for alternative curriculum, scheduling, and delivery systems in each division.
- Provide adequate facilities to support student learning.
- Provide a culture of continuous improvements in all courses/programs that reflects current standards, technology and global knowledge.
- Develop a schedule in each division to audit and evaluate curriculum to assess current viability.

1.1.2 Create adequate support services to enhance student success.

Supports HLC core components 2DE, 3CD, 4AC

- Strengthen the link of information sharing between advisors and instruction.
- Strengthen and enhance the tutoring program.
- Expand scholarship opportunities for students.
- Establish and implement processes for student access to faculty.

1.1.3 Promote faculty and staff development activities that contribute to student learning

Supports HLC core components 2ADE, 3CD, 4A

- Promote sabbatical opportunities.
- Promote conference participation.
- Encourage all faculty members and staff to participate in in-house professional development workshops.
- Improve pedagogical strategies and techniques to enhance student learning in all divisions.

1.1.4 Continue to develop, evaluate and assess student learning.

Supports HLC core components 3BCD, 4ABC, 5C

- Establish a schedule to provide summative assessments for all courses.
- Utilize student data to evaluate, document and improve learning.
- Develop and implement internal processes that allow an increase in student completion rates.

- Evaluate, revise and improve student evaluations.
- Evaluate and improve the assessment of student knowledge (ASK).
- Strengthen department assessment projects and participation.

Pillar 2: Strengthen Institutional Planning and Accountability

Overall Responsibility: President

<u>Priority 1</u>: Support Student Success

Next Major Milestone: Ongoing

Responsibility: Vice President for Learning and Student Services, Director of

Information Services, Director of Institutional Effectiveness, Director of Marketing and Public Relations, Academic Deans, Dean of

Students and staff, Career Services Advisor

Goals:

2.1.1 Facilitate student enrollment in a variety of learning opportunities

Supports HLC Core Components 1ABCD, 2B, 3B, 4AC, 5AC

- Conduct environmental scanning, including student, personal interest/lifelong learning for all age ranges, and employer markets (Spring 2014: community survey completed, student and employer market surveys pending)
- Work with local public school districts to identify and educate students on college-ready skills and college options (Ongoing: GEAR UP grant in development, coordination of regional science fair underway)
- Educate eligible district residents of GED and high school graduation options; provide preparation courses and support for GED aspirants (Ongoing)

2.1.2 Support enrolled students' educational goals

Supports HLC Core Components 1ACD, 2BE, 3ABCDE, 4ABC, 5ABCD

- Support emerging Open Pathways Quality Initiative project focused on student retention and persistence
- Support (if accepted) NPC participation in HLC Retention Academy project.
- Develop baseline set of current retention and persistence activities as foundation for Open Pathways Quality Initiative project

2.1.3 Promote and measure student attainment of post-completion goals

Supports HLC Core Components 1D, 2B, 3CDE, 4AC, 5BCD

- Develop alumni communication and tracking strategy (Ongoing: tracking software in place, email communication tools and usage upcoming in next academic year)
- Develop plan for cultivating alumni loyalty, commitment, and identification with NPC (Ongoing: marketing "Reconnect" plan completed, implementation phase in upcoming academic year)
- Initiate feasibility study for development of alumni mentoring program (May 2014, with alumni and community mentoring currently in pilot phase at LCC)

• In conjunction with TAACCCT and Perkins grants, develop procedure for tracking and recording graduate/completer employment data (Summer 2014)

Pillar 3: Strengthen Technology to Support Learning and Service

Overall Responsibility: Director of Information Services

<u>Priority 1:</u> Provide technology solutions to increase student success.

Next Major Milestone: August 31, 2014

Responsibility: Director of Information Services, Faculty & Staff

Goals:

3.1.1 Increase technology availability, access, and support that focuses on student needs. Supports HLC Core Components 1ABD, 2E, 3D, 5ABCD

• Assess student technology needs.

- Provide technology training for students.
- Improve student access to NPC technology resources.

Priority 2: Develop and maintain a reliable, safe, progressive, and efficient

technology infrastructure to support the essential functions of the

College.

Next Major Milestone: August 31, 2014

Responsibility: Director of Information Services

Goals:

3.2.1 Enhance technology resources and infrastructure to increase and improve support for all College operations.

Supports HLC Core Components 1ABD, 2E, 3AD, 5ABCD

- Increase network capacity.
- Assess employee technology needs.
- Provide technology training for employees.
- Provide and support new technologies to improve business processes and student retention.
- Provide effective technologies and processes to enhance communications.
- Implement technology solutions to enhance classroom and other facility spaces.
- Reengineer technology systems and processes to improve access and security.
- Promote processes and new technologies to increase data resolution and accuracy.

Goals:

3.2.2 Sustain the College's technology infrastructure and service levels in order to support transformative and strategic initiatives.

Supports HLC Core Components 1ABD, 2E, 3AD, 5ABCD

- Provide effective and prompt technology support to students and employees.
- Provide high availability and redundancy for critical technology systems.
- Support effective online and distance education course development and usage.

- Support updates and upgrades to all distance-learning systems.
- Maintain standardized technology infrastructure aligned with College and industry standards.
- Ensure all computer and communications systems comply with federal and state laws, regulations, and policies
- Strengthen and support existing network infrastructure through discovery, documentation, and remediation efforts.
- Establish and maintain professional organization memberships.
- Provide continuous training for Information Services staff members.
- Increase Information Services positions to meet increased service demands due to rapidly emerging technologies.
- Continue to develop and implement a set of best practices for IT service management and IT.

Pillar 4: Strengthen Human Resources and Employee Relations

Overall Responsibility: Vice President for Administrative Services

<u>Priority 1:</u> Foster an institutional environment that encourages teamwork,

pride in job and institution, professional growth and development

in support of student learning and success

Next Major Milestone: June 30, 2014

Responsibility: Executive Team, Dean of Students, Human Resources Director,

Employee Relations Committee

Goals:

4.1.1 Provide support to student success in job search and employment skills

Supports HLC Core Components 1AC, 2E, 3BC, 5D

- Collaborate between divisions and departments to determine needs and opportunities
- Develop methods to foster student success through training and support activities

4.1.2 Establish consistency, compliance, and excellence of College staff and services through enhanced training

Supports HLC Core Components 1AD, 2AE, 3BC, 5D

- Improved new employee orientation and ongoing customer service training
- Provide and track ongoing mandatory workplace training
- Develop and respond to employee training priorities based on information obtained through regular feedback mechanisms

4.1.3 Strengthen hiring, evaluation and compensation standards

Supports HLC Core Components 1ABC, 2BCDE, 3CDE, 4A, 5AD

- Develop improved hiring and job performance assessment processes
- Seek to improve compensation structure and hiring placement procedures
- Address adjunct faculty hiring and employment standards

4.1.4 Seek to continuously improve communications

Supports HLC Core Components 1ACD, 2AB, 3D, 5C

- Promote use of existing resources
- Determine best practices and methods to implement college-wide
- Establish written communication protocols

4.1.5 Encourage an institutional environment of excellence

Supports HLC Core Components 1AC, 2ABD, 3BCDE, 5AD

- Foster effective team-building activities focused on community service
- Promote and support professional development activities

- Continue to provide a comprehensive employee benefits package, including an improved wellness program
- Support recognition of individual and group achievement

Pillar 5: Strengthen Fiscal Resources to Innovate Critical Programs

and Services

Overall Responsibility: Vice President for Administrative Services

Priority 1: Support, identify and prioritize fiscal responsibility and funding

opportunities to improve student success

Next Major Milestone: June 2014

Responsibility: President, Vice President of Administrative Services, Vice President for

Learning & Student Services, Director of Financial Services, Director of Institutional Effectiveness, Director of Small Business Development,

Dean of CTE

Goals:

5.1.1 Improve grants management function

Support HLC Core Components 3D1, 5A 5B, 5C, 5D

- Assess need for a grant writer and grant coordinator
- Identify and evaluate grant opportunities
- Expand use of grant search tools to identify grant opportunities
- Improve grant proposal writing strategies
- Consider impact of initial grant requirements and long-term sustainability

5.1.2 Strengthen community partnerships

Support HLC Core Components 3D4, 5A 5B, 5C, 5D

- Develop and provide supporting technical documentation for future grant opportunities
- Actively seek partnership engagement and resources

<u>Priority 2</u>: Support long-term financial planning

Next Major Milestone: Ongoing

Responsibility: President, Vice President for Administrative Services, Vice President for

Learning and Student Services, Director of Financial Services,

Academic Deans, Dean of Students

Goals:

5.1.1 Identify future funding challenges and seek long-term solutions

Supports HLC Core Components 2A, 5ACD

Address expenditure limitation issues

- Seek to stabilize and enhance all state funding sources
- Develop potential alternative funding sources

5.1.2 Increase availability and use of multiple-year planning resources

Supports HLC Core Components 5ABCD

- Improve current capital budget and planning practices at department, division, and college-wide levels
- Explore additional multiple-year planning options
- Strengthen linkage between program review and assessment to multiple-year planning

Pillar 6: Strengthen Facilities through Planning, Development

and Renewal

Overall Responsibility: President, Vice President for Administrative Services

Priority 1: Improve facility planning and development by incorporating a

broad range of considerations into current and future facility use

Next Major Milestone: May 31, 2014

Responsibility: Vice President for Administrative Services, Director of Facilities,

Academic Deans, Dean of Students, Campus & Center Managers

Goals:

6.1.1 Implement facility resources to improve student success

Supports HLC Core Components 1C, 2AE, 3CDE, 4ABC, 5CD

- Regularly review current research identifying role of facilities in improving student success
- Maintain current set of implementation recommendations

6.1.2 Improve availability and use of facilities

Supports HLC Core Components 1A, 2B, 3DE, 4A, 5ACD

- Prioritize implementation of Master Facilities Plan to respond to current needs and provide for growth opportunities
- Create an effective and transparent room availability management system to promote effective use
- Investigate options for expanded use of classrooms equipped with flexible location combinations
- Explore partnership opportunities for facility and new program development

6.1.3 Maintain current facilities and equipment

Supports HLC Core Components 1C, 2B, 5ACD

- Maintain sufficient resources for ongoing preventative maintenance for facilities and equipment
- Maintain a current use catalog and listing of future program plans
- Maintain retention and disposal plans for equipment and materials

6.1.4 Implement safety and emergency plan

Supports HLC Components 1D, 2BE, 5CD

- Consider emergency response planning and management in development and renewal of facilities
- Implement ongoing crisis/safety training and annual drills

6.1.5 Implement the Higher Education Presidents Climate Commitment

Supports HLC Core Components 1CD, 2ABE, 4A, 5ACD

- Evaluate opportunities to implement assurances to and recommendations from the Higher Education Presidents Climate Commitment at individual and local levels
- Include climate leadership concepts in planning process and development processes
- Identify funding resources to implement plans
- Develop climate commitment curriculum

NPC Information Services Operational Plan to Support Pillar 3 of 2014-16 Strategic Plan

<u>Priority 1:</u> Provide technology solutions to increase student success.

Goals:

3.1.1 Increase technology availability, access, and support that focuses on student needs.

- Pilot virtual desktop and software application access to a group of students in a model that supports "anytime, anyplace, and to any Internet connected device". (February 2014)
- Design and deliver a survey to solicit input from students regarding their technology needs and capture their impression of technology products and services currently offered at NPC. (April 2014)
- Develop a plan to offer regular/ongoing workshops and web-based resources in order to help students leverage technology tools and services that are available to support their learning. (August 2014)
- Increase the variety and availability of assistive technologies for students seeking DRA related accommodations. (August 2014)
- Develop a plan to assist students with procuring computer hardware to support their learning. (August 2014)
- Develop a plan to support a Bring Your Own Device (BYOD) initiative for students as well as staff and faculty. (December 2014)
- Implement centralized scheduling for computing labs in order to increase open lab times that are available to students as well as expand the use of these facilities to additional instructional departments. (December 2014)

Priority 2:

Develop and maintain a reliable, safe, progressive, and efficient technology infrastructure to support the essential functions of the College.

Goals:

3.2.1 Enhance technology resources and infrastructure to increase and improve support for all College operations.

- Design and deliver a survey to solicit input from employees regarding their technology needs and capture their impression of technology products and services currently offered at NPC. (April 2014)
- Develop a plan to offer regular/ongoing technology workshops and web-based resources in order to help employees use electronic systems with increased confidence and effectiveness. (August 2014)
- Install wireless audio-amplification systems in the PAC and large symposiums.
 (August 2014)
- Integrate document imaging and electronic form processing into primary business and enrollment processes. (August 2014)
- Design and implement a single sign-on authentication process for all College systems. (December 2014)
- Implement a Network Access Control solution to centralize security and network

- management. (December 2014)
- Provide ERP system enhancements to support greater data resolution and accuracy. (January 2015)
- Increase network capacity to HOPI, STJ, and NATC that support 50 Mbps of connectivity for each location. (August 2015)
- Design and implement an integrated photo ID/data card that will be issued to students and employees that serves as a method of authentication for various College systems and services. (January 2016)

Goals:

3.2.2 Sustain the College's technology infrastructure and service levels in order to support transformative and strategic initiatives.

- Provide effective and prompt technology support to students and employees.
- Provide high availability and redundancy for critical technology systems.
- Provide fast and reliable network connectivity to each College location.
- Increase capacity of Internet connections to support all College operations.
- Support effective online and distance education course development and usage.
- Support updates and upgrades to all distance-learning systems (Video, Audio, Model, and Online systems).
- Provide effective technologies and processes to enhance communications.
- Maintain standardized technology infrastructure aligned with College and industry standards.
- Ensure all computer and communications systems comply with federal and state laws, regulations, and policies
- Provide continuous, reliable, and secure network data storage for all students and employees.
- Strengthen and support existing network infrastructure through discovery, documentation, and remediation efforts.
- Establish and maintain professional organization memberships.
- Provide continuous training for Information Services staff members.
- Increase Information Services positions to meet increased service demands due to rapidly emerging technologies.
- Continue to develop and implement a set of best practices for IT service management and IT governance with a focus on change management processes.

Regular Meeting Agenda Item 7G December 17, 2013 No Action

REVIEW OF COMMUNITY SURVEY 2013

Summary:

NPC's Marketing Department engaged an outside research firm to survey local residents who are not currently our students. Questions focused on information awareness and public perception of the college.

Approximately 100 residents of each of several towns in our service area were included. The demographic selections attempted with good success to replicate local populations in each survey area.

Results overall were very positive. While a couple of response sets indicated areas in which we might refine our public messaging, mostly the perceptions of the college were quite positive, even during times of economic hardship. Northland Pioneer College appears to be considered an important area partner and community contributor.

The paper handouts go into more detail about specific results, and questions are welcomed. We recommend repeating this survey in 3-5 years as part of our regular cycle of environmental scanning.

Human Resources UPDATE DGB-December 17, 2013

FILLED

1. Campus Monitor – Robert Gruler started December 9, 2013. Mr. Gruler received his Bachelor's degree from Arizona State University.

OPEN

- 2. Faculty in Business Closed November 15, 2013; 16 applicants
- 3. Faculty in Business and Computer Information Systems Closed October 15, 2013; 21 applicants
- 4. Head Librarian Closed September 27, 2013; 6 applicant
- 5. Purchasing and Fixed Asset Specialist Extended to November 13, 2013; 7 applicants
- 6. Systems Analyst Will be re-advertised in January.
- 7. Faculty in Cosmetology Extended to November 30, 2013; 4 applicants
- 8. Academic Advisor and Student Activities Coordinator Closed November 25, 2013; 43 applicants
- 9. Audio/Video Support Technician; Closed November 1, 2013; 11 applicants
- 10. Center Assistant/Monitor Closed November 15, 2013; 7 applicants
- 11. Campus Manager WMC Closed December 3, 2013 25 applicants
- 12. Interim Faculty in Nursing Assistant Training Open until filled.
- 13. Faculty in Nursing Open until filled. 1 applicant
