

## First Read of 2021-2022 Tuition and Fees

### Summary:

Based on the Budget Development calendar, staff is providing proposed information on tuition and fees. Staff has developed the tuition and fee information based on Board approval of the Budget Development Guidelines, which include the following assumptions for tuition and fees:

*Tuition and general fees will be set at a rate that:*

- A. gives consideration to the impact on students, student enrollment, and student retention rates;*
- B. increases incrementally; and*
- C. is competitive in our market by maintaining a comparative position to the average tuition at other Arizona community colleges.*

*Course fees will be set at a rate calculated to offset expendable supplies and equipment.*

### Tuition

In March, 2020 the District Governing Board approved a three-year tuition plan that covers the period 2021-2023 for in-state and out-of-state tuition. A \$3 increase is estimated to increase overall revenues a total of \$90,000; however, due to declining enrollment tuition revenues for 2021-22 will decrease.

- Year 1 (2020-21) - increase of \$3, or 4%.
- Year 2 (2021-22) - increase of \$3, or 4%
- Year 3 (2022-23) - increase of \$3, or 4%

Historical tuition rates are included along with comparative information to projected tuition rates at other community colleges in Arizona, if available.

### Course Fees

Instructional staff review course fees to assure fees are based on cost of consumable supplies and other course specific expenses. Proposed course fee changes are expected to cover new courses and the increased cost of course supplies, equipment maintenance, and course-specific operational expenses. Changes in the fees are noted by bold type.

### General Fees

General fees include the Media Fee, transcript fees, testing fees and other. These fees are per transaction and not assessed on a credit hour basis.

**Notes:**

- **Bold** items indicate a change from prior year.
- 199-299 and non-credit/special interest courses have variable fees determined by the length and type of each.
- Business courses have moved online and utilize Open Educational Resources eliminating the need for course fees with the exception of BUS 227 with requires that the business department purchase medical coding books annually for student use in the course.
- CIS charged \$100 for CIS 141 and \$100 for CIS 142, those classes are commonly taken together, so the total fee was \$200. CIS is now providing students in CIS 141 with a computer/kit to keep and that is where the cost should be absorbed. In speaking with TAS, who is providing us with disposal computers for students to keep, we agreed that \$150 was a reasonable fee for the equipment that students will be provided with.

### Arizona Community Colleges FY21 Tuition per Credit Hour

**Notes:**

Most colleges are not proposing an increase for FY22

Northland has already approved a \$3 (or 4 percent) increase to \$82 per credit hour for FY22
