2021-22 Salary & Wage Recommendation

Recommendation:

Staff recommends increasing salaries and wages by 5% for all eligible employees for an estimate of \$859,000 and adding new positions/adjustments for an estimate of \$425,000. The total estimated impact is \$1,284,000 including benefits/taxes.

Summary:

Salaries & Wages

The President, the Chief Human Resource Officer, Faculty Association and the Classified Administrative Staff Organization developed the salary and wage recommendation collaboratively. The salary and wage increase for the upcoming year takes into consideration inflation and increases in retirement and medical costs. However, the most important factor considered in proposing this rate is the dedication and loyalty of our employees. NPC employees went above and beyond in adapting to new modes of operations due to the pandemic. Faculty had to make quick curriculum changes to move from in-person classes to online classes with many challenges to overcome while staying focused on the needs of our students. All employees were also required to adhere to new safety protocols on campus to keep employees and students safe. For the past year, NPC employees have been working remotely from their homes, with higher out-of-pocket costs associated with setting up offices, internet usage, and electric bills. The disruption of the pandemic continues to be an enormous burden, but our employees continue to help our students achieve their academic goals. Further, the proposed salary increase helps the college to remain competitive in retaining and attracting high caliber employees to our rural communities.

The recommended 5% would be applied as follows.

Contract employees:

- Faculty employees will move 2 steps (approximately 3%) and the salary schedule will be adjusted by increasing the base by 2%.
- Nonexempt employees will move 2 steps (approximately 3%) and wage schedules will be adjusted by increasing the base by 2%).
- Exempt employees will receive a 5% salary increase that includes adjusting the salary ranges by 2%.

Noncontract employees:

• Adjunct Faculty – the salary schedule will be adjusted by increasing the base by 5%.

Note: Adjustments to the base will provide a 2% increase for employees who have reached the maximum amount for their position based on the salary schedules. These are known internally as "redlined" employees. The number of redlined employees has declined over the years as employees retire.

New Positions & Adjustments

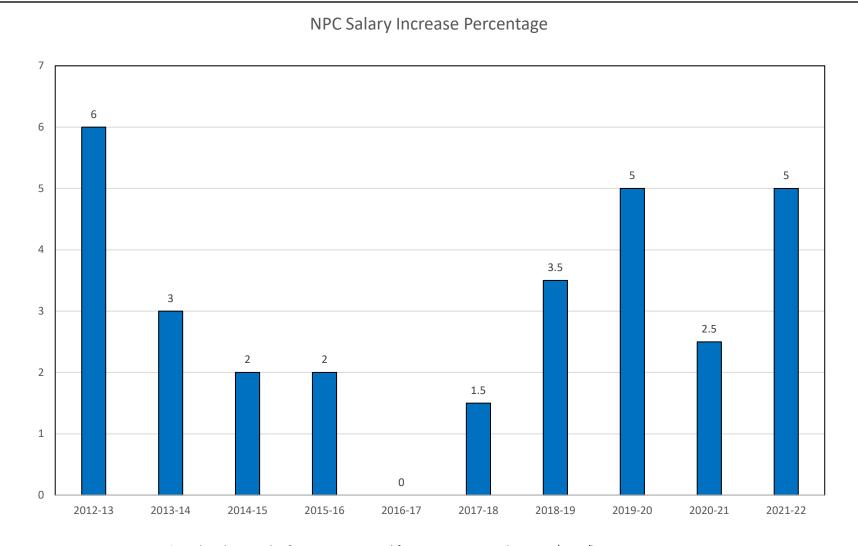

Based on increased demand and operational changes, new full-time positions are being added and several positions require adjustments. The new positions include three faculty members (1 in welding and 2 in Nursing) and two staff positions (1 in Maintenance and 1 Office Clerk). The adjustments include moving some positions from part-time to full-time and increasing the salary range for the incoming president.

Employee Related Expenses

Health Insurance: Mountain Public Employee Benefit Trust will continue to offer a High Deductible Health Plan (HDHP) and a PPO plan. The increase in health coverage for the upcoming year is 3.3%. The related increase in cost along with the addition of new employees is estimated at \$82,000. NPC pays all or nearly all of the health insurance for each employee and the employee is responsible for coverage for their family. Dental and vision benefits are voluntary benefits and paid solely by the employee electing coverage for themselves and their family.

ASRS: Employee and employer ASRS contributions will increase from 12.22% to 12.41%. The Alternate Contribution Rate (ACR) will be applied to all ASRS retirees who are employed under the ASRS Return to Work (RTW) provisions. The ACR is paid by NPC and the rate will increase from 10.21% to 10.22%. The impact of these changes is minimal, under \$10,000.

 $FY2020-21-2.5\% is related to Faculty \& Exempt; proposal for Nonexempt employees is $1.00/hour \\ FY2016-17-$1390 per employee ($550 stipend plus employer paid $360 for medical/HSA & $480 for dental $1.00/hour $1.00/hour$

Contribution Rates

ASRS Defined Benefit Plan

The Arizona State Retirement System Defined Benefit Plan provides for lifelong monthly retirement income for qualified members.

The plan is tax qualified under section 401(a) of the Internal Revenue Code. It is a "cost sharing" model, meaning both the member and the employer contribute equally. Members also participate and contribute to the ASRS Long Term Disability Income Plan, which provides benefits for actively contributing members.

Contribution rates as a percent of pay are actuarially determined and adjusted annually to ensure the plan remains fiscally sound and able to meet current and future obligations.

There are two portions to the ASRS contribution rate - the Retirement Pension & Health Insurance Benefit, and the Long Term Disability Income Plan. The Pension Plan contribution is a pre-tax deduction, and the Long-Term Disability deduction is post-tax. Tax on pension benefits is deferred until payment is made to the member as a benefit or refund.

General Information

Legislation passed in 2011 under Senate Bill 1609 authorizes the ASRS to implement an Alternate Contribution Rate (ACR) to employers who hire ASRS retirees who return to work. The rate will be charged to and remitted to the ASRS by the employer. The purpose of the legislation is to mitigate the potential actuarial impact that retired members who return to work may have on the Trust Fund.

Here is a summary of the provisions now contained in Arizona Revised Statute 38-766.02:

- o Effective August 27, 2019, an amendment to this statute provides that an employer is not required to pay alternate contributions if the retired member is working in a position that is currently filled by another employee who is actively contributing to the ASRS. This means if an active member employee is on paid leave (and therefore actively contributing to the ASRS), and the employer hires a retired member to fill in during the active member's paid leave, then the employer is not required to pay ACR for the retired member. For further information please refer to the Employer Manual Chapter 6 page 11.
- o Beginning July 1, 2012, requires employers to pay an Alternate Contribution Rate (ACR) for members who return to work in any capacity and in a position ordinarily filled by an employee of the employer.
- Charges the ACR starting the first day after retirement for a member who reached normal retirement and for a member who is an early retiree working less than 20/20 for as long as that member stays in service and for any future employment periods during which the member does not suspend their benefits and resume active membership.
- States that the retired member does not accrue credited service, member service (for UORP), account balances, retirement benefits or LTD Program benefits, and the time is not later eligible for service purchase.
- Requires employers to pay the ACR on behalf of any retiree that it employs regardless of 20/20 status, direct/leasing/contracting arrangement, or whether the retiree satisfied the 12-month break in service without working in a leased or contract arrangement.
- States that late contributions are subject to interest (7.5%) and may be recovered in court or by state revenue offsets.
- o Requires employers to submit any reports, data, paperwork, or materials required by the ASRS to determine the function, utilization, efficacy or operation of the return to work program.
- o Includes a Legislative Intent clause that states the purpose of the legislation is to mitigate the potential actuarial impact that retired members who return to work might have on the Trust Fund.
