# **Notice of Public Meeting**

Pursuant to A.R.S. § 38-431.02, notice is hereby given to the members of the Navajo County Community College District Governing Board (Board) and to the general public that the Board will hold a regular District Governing Board Meeting open to the public on April 19, 2011, beginning at 11:00 a.m. Further notice is given that the Board will hold a Study Session open to the public beginning at 9:30 a.m. All sessions will be held at the Northland Pioneer College Painted Desert Campus, Tiponi Community Center meeting room, located at 2251 E. Navajo Blvd., Holbrook, Arizona.

The public is invited to check on addenda that may be posted up to 24 hours prior to the meetings. Copies of the meeting agenda may be obtained through the Office of the President, Northland Pioneer College, Painted Desert Campus, 2251 E. Navajo Blvd., Holbrook, AZ, telephone (928) 524-7418 or (800) 266-7845 Ext. 7418, at least 24 hours in advance of the meeting. If any disabled person needs any type of accommodation, please notify Russell Dickerson at the above address or telephone number at least 24 hours prior to the scheduled time.

The Board may vote to hold an executive session for the purpose of obtaining legal advice from the District's attorney on any matter listed on the agenda pursuant to A.R.S. 38-431.03 (A)(3). Should the District's attorney not be present in person, notice is further given that the attorney may appear by speakerphone.

I, <u>Russell Dickerson</u>, certify that this notice of public meeting, prepared pursuant to A.R.S. § 38-431.02, was posted on the <u>18th</u> day of April at <u>9:00</u> a.m.

#### Navajo County Community College District **Governing Board Study Session Minutes**

March 15, 2011 2251 East Navajo Boulevard, Holbrook, Arizona, 86025

Governing Board Members Present: Bill Jeffers, Ginny Handorf, Louella Nahsonhoya, E.L. Parsons and Daniel Peaches.

Staff Present: President, Jeanne Swarthout; Vice President, Blaine Hatch; Vice President, Mark Vest; Director, Eric Bishop; Recording Secretary to the Board, Russell Dickerson.

#### **Reports:**

1. Study Session Agenda Item 1.: Assignment of New HLC Liaison to NPC (Informational) - President Swarthout

Dr. Swarthout reported that in response to a request made approximately two months ago, the Higher Learning Commission (HLC) has assigned Eric Martin to serve as the new HLC Liaison to NPC. Dr. Swarthout anticipates many discussions with Mr. Martin as he becomes familiar with NPC and noted that college personnel will meet with him in Chicago while attending the April HLC Annual Conference.

#### 2. Agenda Item 7.A: Request to Approve Resolution (Action) – President Swarthout

Dr. Swarthout presented the request to approve the resolution in support of the Arizona Community College Long Term Strategic Vision. Dr. Swarthout explained that the community college presidents have accepted the Strategic Vision document and wanted their respective district governing boards to have the opportunity to support it as well. Dr. Swarthout explained that the resolution consists of general statements of support highlighting the need for a statewide long term strategic vision; the three strategic vision critical goals – access to education and training, improved retention and greater completion and transfer; as well as important core metrics and key indicators of progress toward the three critical goals. Dr. Swarthout added that the community college long term strategic vision responds to the needs of the public, the legislature and the need to improve educational institutions. Responding to a Board member question, Dr. Swarthout explained that the Community College Strategic Vision has been approved by all community college districts, except Pima, who did not attend the meeting in which ACCPC took formal action. Dr. Swarthout explained that following agreement on the general direction for the strategic vision document, the community college districts worked for several months to align definitions and metrics of performance so future reports will be comparable across all districts. Dr. Swarthout explained that ACCPC will eventually go public with the strategic vision document through a strategic vision website that will link to the websites of individual community college districts. Dr. Swarthout added that the community college will now need to meet with ABOR in order to align metrics and work toward the eventual goal of being able to substitute community college visions and metrics for reports currently required by the state. Dr. Swarthout stated that she expects that the strategic vision metrics will provide valuable information that will be incorporated into future HLC accreditation portfolios and projects.

#### 3. Study Session Agenda Item 3.: Employee Related Expenses (Informational) – Vice President Hatch

Mr. Hatch provided an overview of employee related expenses incurred by the college for Arizona State Retirement System (ASRS) matching contributions and employee healthcare coverage. Mr. Hatch noted that employee related expenses and wages account for between two-thirds and three-fourths of the general fund budget. Mr. Hatch reported that ASRS has already announced a 0.9% increase in FY 2012 contribution rates for employees and employers. Mr. Hatch added that the announced FY 2012 contribution rate of 10.75% will result in a college budget impact of approximately \$110,000.

Mr. Hatch reported that the health insurance trust the college belongs to is operating well and will be able to reduce the impact of anticipated double-digit increases in healthcare costs. Mr. Hatch reported that the Trust has finalized a 5.1% increase in the employer cost for a FY2012 budgetary impact of approximately \$60,000. Mr. Hatch explained that employees with basic coverage for a spouse or children will see an annual increase of \$312, or approximately \$27 per month and employees with basic family coverage will see an annual increase of approximately \$400, or \$33

per month. Mr. Hatch added that basic coverage for employees is paid for by the college and a second premier plan, consisting of a better benefit structure, is also available for employees who are responsible for covering the difference in cost above that of the basic plan paid for by the college. Mr. Hatch reported that employees covered by the premier plan will see a cost increase of 7% which raises the employee coverage cost to \$114 per month. Mr. Hatch reported that an employee with premier coverage for a spouse or children will see an annual increase of \$570, or \$48 per month and premier plan coverage for families will increase annually by \$708, or \$59 per month. Mr. Hatch pointed out that when the premier plan was first offered, approximately half of the employees covered by the Trust opt for the enhanced coverage. Mr. Hatch reported that currently, only one-third of employees covered by the Trust opt for the premier plan. Mr. Hatch anticipates that participation in the premier plan will continue to decline as the price difference between the basic and premier plans continues to grow. Mr. Hatch presented consumer price index (CPI) information and noted that increases in food and fuel costs are also affecting employees. Mr. Hatch noted that approximately 2% of the increases in healthcare costs are a result of the expected additional costs related to implementation of the National Healthcare Act.

4. Study Session Agenda Item 4.: Restoration of Wage and Salary Schedule (First Read) – Vice President Hatch Mr. Hatch reported that due to the State budget situation over the last two years, the economic downturn and college budget projections, the Board approved a 2% decrease in college wages and salaries for the 2010-11 academic year. Mr. Hatch presented comparative information from other Arizona community college districts and noted that for 2010-11, NPC was the only college to institute a compensation decrease or freeze wages and that many districts opted to increase compensation equal to increases in ASRS contributions which resulted in no relative change to employee take home pay. Mr. Hatch noted that for the upcoming fiscal year, many district are expected to take a similar approach and increase employee compensation to offset increases in ASRS contribution rates. Mr. Hatch pointed out that some districts are considering compensation increases above ASRS contribution rate increases in an effort to address increased employee healthcare costs. Mr. Hatch briefly outlined possible approaches some districts are considering to adjust compensation by altering work schedules for staff members, revising pay schedules for faculty members, granting additional pay steps to employees to avoid compensation "leap-frogging" by new employees, as well as adjustments to policies on annual leave for employees. Mr. Hatch presented the staff recommendation to return to the compensation levels in the 2009-10 salary schedule which will be presented to the Board for formal action in April. Mr. Hatch noted that the proposed salary increase would result in a straight 2% increase for faculty and exempt staff. Hourly employees would receive increases in the range of 1.2% to 2% based upon their placement on the non-exempt and technical/skilled staff pay schedules. Mr. Hatch added that a reversion to the 2009-10 salary schedule will cost the college approximately \$210,000 to implement.

Responding to a question from Mr. Parsons, Mr. Hatch explained that the college did not increase wages last year to compensate for increased ASRS contributions or healthcare costs paid by the employee but did cover the additional employer costs for both. Mr. Hatch added that the expected employer costs for ASRS and healthcare would total approximately \$170,000 and when added to the \$210,000 in wages, would result in a total increased cost to the college in the amount of \$380,000 for the upcoming fiscal year. Mr. Hatch explained that an appropriations bill has not emerged from the legislature and reported that Chief Business Officers across the state anticipate that community college funding levels will not deviate substantially from levels outlined in the Governor's budget proposal. Dr. Swarthout added that the universities and K12 schools will likely receive additional budget cuts and currently, there has been no discussion of further cuts to community colleges which for NPC total approximately \$2.1 million. Mr. Parsons expressed concern over being asked to make budget impacting decisions in light of expected additional budget reductions made by the legislature. Dr. Swarthout explained that all community colleges are in the same phase of budget development and are being asked to make decisions regarding tuition, without a finalized state budget in place, in accordance to an established timeline that will allow schools to process Federal student financial aid for the upcoming year. Responding to a question from Chairman Jeffers, Dr. Swarthout confirmed that the college has, through carefully planning, positioned itself early and well to be able to make budget decisions and any necessary adjustments in the current budget environment.

5. Study Session Agenda Item 5.: Preliminary Budget Analysis (Informational) – Vice President Hatch Mr. Hatch reported that the first six items on the budget development calendar have been completed and that the Board is scheduled to take approve tuition and fee schedules, receive the preliminary budget analysis and receive a wage and salary recommendation during the March 15, 2011 DGB study session. Mr. Hatch presented the 2011-

Navajo Community College District Governing Board Study Session - 03/15/11 - Page 2 of 5

2012 preliminary budget analysis and noted that the college continues to develop spending priorities that have strong linkages with the college strategic plan. Mr. Hatch reported that the maximum 2011-12 primary property tax levy totals \$12.71 million, an increase of \$772,000 above current budget levels. Mr. Hatch pointed out that it is important for the college to continue to seek the maximum allowable levy increase and added that to do so helps emphasize the importance of equalization funding in funding higher education in rural communities.

Mr. Hatch reported that the estimated 2011-2012 tuition revenue, which is based upon approval of the proposed \$4 per credit hour tuition increase, totals \$4.2 million, a \$435,000 decrease from 2010-11 levels budgeted for tuition. Mr. Hatch pointed out that this net decrease in tuition revenue is a result of not hitting budgeted tuition levels for the current year. Mr. Hatch reported that previously, out-of-county reimbursements have been included in the tuition revenue budget line. Mr. Hatch explained that out-of-county reimbursements now have a separate budget line and appear in the budget analysis as an increase. Responding to a question from Mr. Parsons, Mr. Hatch reported that NPC charges \$6,436 per FTSE for out-of-county students and explained that, the college receives reimbursement, as outlined in State statute, from the student's county, for all costs minus any State aid.

Mr. Hatch reported that State operating and equalization aid for 2011-12 is estimated to total \$8,172,000 which reflects a decrease in funding of just over \$2 million. Mr. Hatch anticipates no changes in budget amounts for investment earnings, grants and contracts. Mr. Hatch reported that total 2011-2012 revenue is estimated to be \$26.657 million, a decrease of \$1.105 million from current year budget levels. Mr. Hatch reported that general fund transfers to other funds will remain at \$3.3 million, the general fund contingency will be \$3 million, an increase of \$1 million, and general fund expenditures will be \$20.3 million, a decrease of \$2 million. Mr. Hatch stated that previous adjustments to college operations, made in preparation for budget cuts that did not occur, has allowed that college to build reserves that will, at some future point in time, be required to continue to fund college operations.

Mr. Hatch presented Board members with two revenue trend scenarios that provided a long term revenue perspective and highlighted possible changes to state aid, tuition and property tax revenue streams. Mr. Hatch explained that the two funding scenarios assume annual 2% increases in the primary property tax levy total plus growth for new construction, annual 4% increases in tuition, expenditure growth at 5% annually, as well as relatively stable enrollment levels. In both scenarios, continued state aid reductions necessitate the expenditure of a small amount of cash reserves in 2013. An eventual elimination of state aid beginning in 2014 would require use of increasingly higher levels of cash reserve expenditure through 2017 in order to maintain levels of service comparable to what the college currently offers. Mr. Hatch noted that the ability to replace declining state aid with cash reserves would allow the college to make gradual changes to operations thereby avoiding sudden changes to services that would dramatically impact students.

Mr. Hatch reported that unrestricted plant fund revenue, which is limited to transfers from the general fund, is not expected to change and that the expenditure target for the unrestricted fund will be \$2 million. Addressing the restricted fund, Mr. Hatch reported that the transfer from the general fund will remain the same and the college may see opportunities for growth in restricted fund revenue and expenditures as the college seeks more grant opportunities and sees an increase in federal financial aid awards. Mr. Hatch reported that the general fund transfer to the auxiliary fund will not change and reminded Board members that Community Services and Business and Industry Training are now being operated out of the auxiliary fund.

Dr. Swarthout reported that an additional \$70 million to \$75 million cut to universities is a possibility. Mr. Hatch added that he does not expect any additional cuts to community colleges. Mr. Hatch reported there is the possibility that the State will roll over the fourth quarter installment of funding and explained that while this would impact current year cash flow, the college would, in the long term, be able to make the necessary budgetary adjustments. Mr. Hatch reported that Getting AHEAD work groups are currently exploring methods of changing how universities and community colleges are funded and added that equalization aid is being targeted as an incorrect and unfair approach to funding. Mr. Hatch reported that the expenditure limitation will not be an issue for the college in the foreseeable future.

Responding to a question from Mr. Parsons, Mr. Hatch explained that for this year, revenues are expected to exceed expenditures and that the college continues to build reserves with the expectation that the college will have to tap

Mr. Hatch added that building cash reserves also serves to offset the elimination of state capital funding. Responding to a question from Chairman Jeffers regarding cash reserves, Mr. Hatch confirmed that the current level of reserves would allow the college to operate as it currently does for a period of 9 to 10 months.

- 6. Agenda Item 7.B.: Request to Approve Adjustment to FY 2009-10 Adopted Budget Vice President Hatch Mr. Hatch explained that the expenditure limitation report shows that NPC expenditures totaled \$15,515,610 which is approximately \$1.3 million below the 2009-10 expenditure limit. Mr. Hatch explained that the expenditure limit relies solely on budgeted amounts, not actual expenditure amounts, and this necessitates the annual adjustment of the adopted budget to reflect actual expenditures in order to maximize expenditure limitation capacity. Mr. Hatch presented the staff recommendation to approve adjustment to the 2009-10 adopted budget to align total budgeted expenditures million with actual total expenditures in the amount of \$24.4 million. Mr. Hatch explained that the proposed adjustments, particularly in the general fund, are large due to dramatic changes the college instituted to reduce expenditures following budget adoption.
- 7. Agenda Item 7.C.: Request to Approve 2011-2012 Tuition and General Fees Vice President Hatch Mr. Hatch reported that the proposed 2011-2012 tuition schedule has not changed since discussions held at the February DGB study session and the general fee schedule now reflects the addition of a replacement money card fee as presented and discussed in February. Addressing the proposed tuition schedule, Mr. Hatch reported that staff recommends a \$4 per credit hour tuition increase, from \$56 to \$60 for Navajo and Apache County students. Mr. Hatch reported that the proposed out-of-state tuition rate will increase from \$95 to \$100 per credit hour for 1 to 6 credit hours and increase from \$275 per credit hour to \$295 per credit hour for 7 credit hours and beyond. Mr. Hatch reported that the proposed tuition schedule does not call for any change to the senior citizen tuition rate or refund procedures. Mr. Hatch reviewed historical tuition data and noted that since 2006-07, the college has instituted steady \$4 per credit hour increases. Mr. Hatch presented comparative tuition and general fee information for all Arizona community college districts which showed that the proposed 2011-2012 tuition rate of \$60 per credit hour would give NPC second lowest full time annual tuition rate of \$1,870 and the lowest per credit hour tuition and general fee rate of \$62.

Mr. Parsons asked Mr. Hatch to explain how Apache County residents and Navajo County residents are charged for receiving educational services. Mr. Parsons expressed concern over increasing tuition for Navajo County students and asserted that Apache County residents receive educational services that are subsidized through Navajo County property taxes. In response, Mr. Hatch stated that educational services offered in Apache County are paid for in total by Apache County according to the intergovernmental agreement. Mr. Hatch explained that in addition to the upfront cost included in the intergovernmental agreement, an analysis is performed annually to ensure that additional educational costs for Apache County students are captured and paid for totally by Apache County. Mr. Hatch explained that Navajo County residents, through their support of the college with taxpayer dollars, receive a higher level of service at four full service campuses and three centers located within Navajo County. Mr. Hatch added that the Apache County pays a premium for Apache County residents to receive educational services at Navajo County locations. Addressing the question of whether or not to increase tuition, Mr. Hatch explained that at some point, the college will become more reliant on tuition revenue and continuing to institute steady increases will serve to prevent dramatic tuition increases that would greatly impact students. Mr. Parsons reiterated his concern over raising tuition in the face of increasing taxes and unemployment in Navajo County. Chairman Jeffers, having been involved in discussions with Apache County, stated that he is convinced Apache County is paying for all educational services its students receive.

#### Agenda Item 1: Call to Order and Pledge of Allegiance

Chairman Jeffers called the meeting to order at 11:05 a.m. Ms. Handorf led the Pledge of Allegiance.

#### Agenda Item 2: Adoption of Agenda

Mr. Peaches moved to adopt the agenda as presented with the provision that the Board reserve the option to address items so as to accommodate guests attending the meeting. Ms. Handorf seconded the motion. *The vote was unanimous in the affirmative*.

#### **Agenda Item 3: Call for Public Comment**

None.

#### Agenda Item 6.A: College Service Award for A.T. Sinquah (See Agenda Item 2: Adoption of Agenda)

Chairman Jeffers announced that an honored guest, Mr. A.T. Sinquah, former District Governing Board member representing District #2, was in attendance. Chairman Jeffers applauded Mr. Sinquah's service to the County and the College. Chairman Jeffers, on behalf of the Board and staff and students, presented Mr. Sinquah with a Certificate of Appreciation for his service on the Navajo County Community College District Governing Board. Following photographs with Board members, Dr. Swarthout thanked Mr. Sinquah for his service to the college. Mr. Sinquah stated that he most appreciated the opportunity to serve District #2 constituents and is proud that the college is able to offer educational services to Hopi residents. Mr. Sinquah thanked the Board and staff members for the recognition.

#### **Agenda Item 4: Reports**

#### 4.A. - Financial Position - Vice President Hatch

Mr. Hatch presented the financial position report through the end of January 2011 and noted that nearly 60% of the budget period has expired. Mr. Hatch reported that property tax receipts through January totaled about \$500,000 and total collections for the year are at 63% and track exactly with expectations for this time of the year. Mr. Hatch added that April and May collections typically round out property tax collections for the year and he anticipates that the historical trend will hold this year. Mr. Hatch reported that the first three quarterly payments of state aid have been received and the fourth quarter distribution is scheduled for April. Mr. Hatch reported that tuition revenue is below expectations for this point in the year and added that he does not expect tuition revenue budget figures to be met. Mr. Hatch reiterated that out of county reimbursements are now shown on a new budget line having been pulled out of the tuition revenue line, and are expected to total \$600,000 this year. Mr. Hatch

Navajo Community College District Governing Board Meeting - 03/15/11 - Page 1 of 5

reported that 71% of revenues have been collected with 60% of the budget period expired and expenditures are at 44% and indicative of the efforts of the college to reduce costs. Mr. Hatch reported that the restricted fund revenues and expenditures are balanced at 75% and auxiliary fund revenues and expenditures are at 46% and 36%, respectively. Mr. Hatch reported that net cash for all activities totals just over \$9 million. Mr. Hatch reported that February tuition revenue is at expected levels. Responding to a question from Chairman Jeffers, Mr. Vest explained that despite lower enrollments, per class enrollment has increased largely due to an overall reduction in sections offered. Responding to a question from Mr. Parsons, Mr. Hatch stated that college revenues would total approximately \$27.7 million, provided the fourth quarter installment of aid is received, with expenditures forecasted to total \$19.6 million.

**4.B.** – *NPC CASO* – Ina Sommers No report.

#### 4.C. – NPC Faculty Association – Brian Burson

Brian Burson, NPC Faculty Association President Elect, reported that he was selected to attend a Partnership for Assessment of Readiness for College and Careers (PARCC) conference in Florida last month. Mr. Burson explained that Arizona is one of 25 states working together to determine what sequence of common courses are necessary for students to graduate from high school, fully prepared to enter credit bearing college courses. Mr. Burson reported that a clear pathway for mathematics was not determined as many states have differing definitions of credit bearing college courses. Mr. Burson explained that this is an ongoing process and that the immediate challenge will be to assess student learning so that work may continue in future PARCC conferences. Dr. Swarthout thanked Mr. Burson for representing the college and Arizona in this important task.

#### 4.D. – NPC Student Government Association – Jake Hinton

No report. Ms. Handorf noted that the SGA Talent Show will take place on Saturday, March 19, 2011 at 7:00 p.m. and added that she was persuaded to be a participant.

**4.E.** – *NPC Foundation* –Lance Chugg No report.

#### Agenda Item 5: Consent Agenda

Mr. Parsons moved to approve the Consent Agenda as presented. Ms. Handorf seconded the motion. *The vote was unanimous in the affirmative* 

#### **Consent Agenda (Action):**

- A. February 15, 2011 Study Session Minutes
- B. February 15, 2011 Regular Board Meeting Minutes
- C. 2010-2011 Dual Enrollment Intergovernmental Agreement Between the Navajo County Community College District and Round Valley Unified School District No. 10

#### Agenda Item 6: Old Business

None.

#### Agenda Item 7: New Business

7.A. – *Request to Approve Resolution* – President Swarthout

Dr. Swarthout presented the request to approve the resolution in support of the Community College Long Term Strategic Vision as discussed in study session. Dr. Swarthout reported that Arizona Community College Presidents' Council members worked long and hard to develop the strategic vision document which represents an important step forward in representing the Arizona community colleges. Ms. Handorf moved to approve the

Navajo Community College District Governing Board Meeting - 03/15/11 - Page 2 of 5

resolution in support of the Arizona Community College Long Term Strategic Vision as presented. Ms. Nahsonhoya seconded the motion. *The vote was unanimous in the affirmative*.

#### 7.B. - Request to Approve Adjustment to FY 2009-10 Adopted Budget - Vice President Hatch

Mr. Hatch presented the staff recommendation to adjustment to the FY 2009-10 adopted budget as discussed in study session. Mr. Hatch explained that the expenditure limit report showed college \$1.3 million below the statutory limitation and that nearly \$3.3 million is eligible to be carried over for future use. Mr. Parsons moved to approve the adjustment to the FY 2009-10 adopted budget as presented. Mr. Peaches seconded the motion. *The vote was unanimous in the affirmative*.

#### 7.C. - Request to Approve 2011-2012 Tuition and General Fees - Vice President Hatch

Mr. Hatch presented the staff recommendation to approve the 2011-2012 tuition and general fee schedule discussed in study session. Mr. Hatch explained that the proposed tuition and fee schedule includes a \$4 per credit hour tuition increase for in-state and Apache County students and a new general fee to cover replacement of lost student aid money cards. Mr. Hatch explained that even with the proposed tuition increase, NPC would still have the lowest per credit hour tuition rate and second lowest full time tuition cost in Arizona. Mr. Hatch reiterated that small, steady increases have been the practice for the last few years and added that continuing to increase tuition slowly will serve to prevent the college from having to increase tuition sharply which would negatively affect students. Mr. Peaches moved to approve the 2011-2012 Tuition and General Fees schedules as presented. Ms. Handorf seconded the motion. Following Chairman Jeffer's call for discussion, Mr. Parsons stated that the college will have a surplus of revenue without raising tuition and stated that it is wrong for the Board to consider the proposed tuition increase in the current economic environment. Chairman Jeffers commented that modest increases in tuition are a prudent way for the college to be prepared for the future and are preferable to giant increases in the future. Ms. Handorf pointed out that should the proposed tuition increase be approved, NPC will still be one of the most affordable community colleges in the state. *The motion to approve the 2011-2012 tuition and fee schedule passed by a majority vote with four in favor, one against.* 

#### 7.D. - Request to Approve 2011-2012 Course Fees - Vice President Hatch

Mr. Hatch presented the proposed 2011-2012 course fee schedule and explained that of the nearly 1,300 courses the college offers, only one-third charge course fees. Mr. Hatch added that the intent of course fees are to recover the cost of consumables used in teaching the class. Mr. Hatch reported that the course fee schedule presented contains no changes from the one reviewed and discussed in detail during the February study session. Mr. Hatch briefly summarized increased course fees from the three academic divisions. Ms. Nahsonhoya moved to approve the 2011-2012 course fee schedule as presented. Ms. Handorf seconded the motion. *The motion to approve the 2011-2012 course fee schedule as presented passed by a majority vote with four in favor, one against.* 

#### 7.E. – Request to Approve Internet Service Contracts – Director Bishop

Mr. Bishop explained that the college currently has one 10 megabit per second point of presence to the Internet that is shared by students, the community and staff all college locations. To put this into perspective, Mr. Bishop explained that high speed residential Internet service varies anywhere from 3 to 10 megabits per second. Mr. Bishop explained that the college plans to use Title III funding to add a second, redundant point of presence at the Painted Desert Campus in Holbrook in addition to the existing one at White Mountain Campus in Show Low. Mr. Bishop explained that two separate vendors would be engaged to provide additional Internet redundancy. In exploring Internet service options, Mr. Bishop determined that it is possible to establish a 50 megabit per second connection at WMC through Cable One and another 50 megabit per second connection at PDC through Frontier Communications, for a total Internet capacity of 100 megabits per second, utilizing the operational funds that currently pays for a 10 megabit per second connection as well as Title III grant funding. Mr. Bishop presented the staff recommendation to approve a three-year agreement with Cable One in the amount of \$126,000 to be paid from operational funds and a five-year agreement with Frontier Communications in the amount of \$174,000 to be

Navajo Community College District Governing Board Meeting - 03/15/11 - Page 3 of 5

paid from Title III grant funding. Mr. Bishop added that a 100 megabit per second Internet connection, as opposed to a previously considered upgrade to 30 megabits per second with the current Internet service vendor, positions the college well for use of Adobe Connect and other educational technology. Mr. Bishop notified Board members that he will bring recommendations to the Board in the near future that will allow the Hopi and Kayenta Centers to also take advantage of NPC's increased Internet capacity. Ms. Handorf moved to approve the two Internet service agreements as presented and discussed. Mr. Peaches seconded the motion. *The vote was unanimous in the affirmative*.

#### **Agenda Item 8: Standing Business**

8.A. – Curriculum: Request to Approve Program Deletions and Modifications – Vice President Vest Mr. Vest presented the request to approve modification to the Associate of Applied Science, Certificate of Applied Science and Certificate of Proficiency in Cosmetology. Mr. Vest explained that the college currently offers Cosmetology courses at WMC, LCC and the St. Johns Center and is one of a few community colleges in the Southwest to offer the program due to the difficulty in aligning the State Cosmetology Board contact hour requirements with the credit requirements of a community college. Mr. Vest reported that Charlotte Robbins, Cosmetology Department Chair, Dr. Eric Henderson, Dean of Arts and Sciences, and the Career and Technical Education Dean have all worked to align the 1600 contact hour requirement with college loading requirements. Mr. Vest reported that the proposed modifications to the Cosmetology program have been benchmarked against other area community colleges that offer Cosmetology and have been thoroughly vetted by Cosmetology faculty, the CTE Dean and Instructional Council. Mr. Vest added that he is confident that the revised program meets all State Board requirements and noted that the A.A.S degree in Cosmetology consists of 68 credit hours which is higher than the standard 64 credit hour load, but still lower than some programs. Mr. Vest added that the modifications bring the program in line with college standards without changing the student experience. Mr. Parsons moved to approve the Cosmetology program modifications as presented and discussed. Ms. Nahsonhoya seconded the motion. The vote was unanimous in the affirmative.

**8.B.** – Strategic Planning and Accreditation Steering Committee (SPASC) Update – Director Bishop Mr. Bishop, SPASC Co-Chair, reported that SPASC is working on the first revision of the NPC Strategic Plan which should be completed by April 1, 2011 and the Open Pathway Portfolio Content group has begun work. Mr. Bishop reported that the college is sending a large team to the April HLC Annual Conference in Chicago, Illinois to learn more about Open Pathway and a revision to the HLC criteria for accreditation. Mr. Bishop noted that revised accreditation criteria will have an immediate effect on the college strategic plan and budgeting processes. Dr. Swarthout briefly outlined HLC changes that are in response to the Department of Education and include a requirement that online course providers engage in an expensive process of securing permission by individual states to offer Internet courses to their students.

#### 8.C. – Human Resources Update – Peggy Belknap

Peggy Belknap presented the Human Resources update for March and provided updated numbers of applicants for currently open positions. Ms. Belknap announced that Mr. Robert Godfrey has accepted the position of Network and Systems Administrator and Mr. Ernie Hess has accepted a position as Network and Systems Technician.

#### 8.D. – Invitation of Board Members to Spring Commencement Ceremony – Hallie Lucas

Hallie Lucas, Administrative Assistant to the Vice President for Learning and Student Services, as well as NPC Commencement Coordinator, invited Board members to attend the Spring Commencement Ceremony to be held on Saturday, May 14, 2011 at the Show Low Unified School District Auditorium in Show Low, Arizona. Ms. Lucas requested that Board members confirm their attendance by the April 19, 2011 Board meeting.

#### **8.E.** – College Service Award for A.T. Sinquah – President Swarthout

Board members addressed Agenda Item 8.E. following Agenda Item 3, Call for Public Comment, as provided for in Agenda Item 2, Adoption of the Agenda.

#### Agenda Item 9: President's Report – President Swarthout

Dr. Swarthout reported that the executive team will examine, and discuss with the Board, increased costs of accreditation and state licensing, a long overdue project to update the Jenzabar system, relocation of the welding facility located on the former Hermosa Campus, as well as legislative action concerning bills related to weapons on campuses. Matt Weber, NAVIT Superintendent briefly addressed the Board and expressed appreciation for the open dialog between the college and NAVIT. Dr. Swarthout announced that Spring Break will occur next week and that she plans to attend Small Business Development Center and Skills USA functions.

#### Agenda Item 10: Board Report/Summary of Current Events

- Ms. Handorf reported that an upcoming concert featuring the White Mountain Belles, as well as the High Country Barbershop and Jazz Band groups will take place Friday, March 18, 2011.
- Ms. Nahsonhoya announced that the Hopi Center Community Outreach event will take place on Thursday and that a grand reopening for Homolovi State Park will occur on Friday and feature free Hopi food.

#### Agenda Item 11: Announcement of Next Regular Meeting: Tuesday, April 19, 2011.

#### Agenda Item 12: Adjournment

The meeting was adjourned upon a motion by Mr. Peaches, a second by Ms. Handorf and a unanimous affirmative vote.

Respectfully submitted,

Russell Dickerson Recording Secretary to the Board

> Bill Jeffers Chairman

Ginny Handorf Secretary to the Board

# Request to Approve the 2011-2012 Preliminary Budget

#### **Recommendation:**

Staff recommends approval of the 2011-2012 Preliminary Budget as presented.

#### Summary:

The preliminary budget as approved by the District Governing Board will be published prior to the budget hearing according to statutory requirements. The Truth in Taxation notice will be published on April 29 and May 6 in the Holbrook Tribune and White Mountain Independent. A notice of the hearings scheduled for May 17 will also be published and sent as a news release to all area media outlets.

The attached budget document includes operational and staffing adjustments based on the NPC Strategic Plan approved by the District Governing Board. Extensive involvement at the department and executive level produced the attached budget proposal.

The preliminary budget reflects a return to the 2009-10 salary schedules. Staff is also proposing a two percent (2%) increase for all regular employee classes. The Arizona State Retirement System increased the contribution rate for both employees and employers from 9.85% to 10.75%. Subsequent action by the Arizona State legislature has revised the contribution levels from a 50-50 split to a 53% contribution by employees and a 47% contribution by the employer.

The college's cost of employee "basic" health insurance will increase \$26/month (5.16%) in FYE 2012, with minimal changes to the benefits in both the "basic" plan and the "premier" plan. Employee health insurance cost for optional benefits will increase between \$24 and \$50 per month depending on type of coverage selected.

Staff anticipates the expenditure limit will not be breached in FYE 2011 and additional carry-forward balances may be built.

Governor Brewer signed the state's \$8.3 billion FY2011-12 budget into law on April 7, 2011 spending cuts include nearly \$72.9 million from the community college system, including a 52.1% reduction to NPC's operating aid, a cut of \$1,870,00. \$172,000 was also cut from equalization aid for a total reduction of \$2,042,000 or 20 percent.

Operating state aid has been reduced a total of 61 percent compared to three years ago. FY2011-12 will be the fourth year without any capital state aid. Ongoing concerns exist about the continued availability of equalization state aid.

Staff will review the budget with the Board and will also answer questions. The budget can be reduced, but cannot be increased at the Board meeting on May 17, 2011.

Pillar 6 -Strengthen Facilities through Planning, Development and Renewal		Pillar 6 - Strengthen Facilities through Planning, Development and Renewal: Priority 4 – Evaluate and implement the Higher Education Presidents Climate Commitment		3.1.1 Enhance technology resources and infrastructure to increase and improve support for college operations while reducing the college's impact on the environment.
	pital buuget request FY1112 to FY1314	Justification for Request	Required to shred confidential material; maintain data/records integrity; supports internal controls	Required to reduce likelihood of water infiltration into Aspen Center. Water infiltration has occurred through walls and from sidewalk flooding. Possible damage to facilities and mold growth.	In addition to capital budget for ongoing maintenance an aggressive "catch-up" campaign is needed to begin to bring facilities up to standards college-wide. The requested budget will not allow for all outstanding projects to be completed.	Required to properly plan for development of existing and future facility.	Phase Portions of the current parking facilities are deteriorating and need replacement. Addition of more parking spaces is also necessary. Overflow occurs in adjacent private parking areas and in illegal locations within the campus proper.	Increasing age and mileage on fleet passenger vehicles and support service vehicles requires replacement.	Utility costs will decrease as energy conservation improves	CTE 2011-12 REQUEST (aggregated): See CTE request to IS	Required per our lease agreements, preventative maintenance to protect assets/investments, limit liability

# Truth in Taxation Hearing Notice of Tax Increase

In compliance with section 15-1461.01, Arizona Revised Statutes, Navajo County Community College District is notifying its property taxpayers of Navajo County Community College District's intention to raise its primary property taxes over last year's level. The Navajo County Community College District is proposing an increase in primary property taxes of \$249,031 or <u>2.0%</u>.

For example, the proposed tax increase will cause Navajo County Community College District's primary property taxes on a \$100,0000 home to increase from **\$121.44** (total taxes that would be owed without the proposed tax increase) to **\$123.87** (total proposed taxes including the tax increase).

This proposed increase is exclusive of increased primary property taxes received from new construction. The increase is also exclusive of any changes that may occur from property tax levies for voter approved bonded indebtedness or budget and tax overrides.

All interested citizens are invited to attend the public hearing on the tax increase that is scheduled to be held **Tuesday, May 17, 2011** at 11:00 A.M. (M.S.T.) at the Holbrook – Painted Diponi Community Center, 22 **DRAFT** vd., Holbrook, Arizona.

### NPC schedules truth in taxation, budget hearings, May 17

The Navajo County Community College District Governing Board will conduct Truth in Taxation and budget adoption public hearings on the 2011–12 Northland Pioneer College operating budget and district primary property tax rate on Tuesday, May 17, starting at 11 A.M. (M.S.T.) in the Painted Desert Campus Tiponi Community Center Eagle's Nest Conference Room, 2251 E. Navajo Blvd. in Holbrook.

The proposed budget reflects an increase in the primary property tax rate from \$1.1352 to \$1.2387 per \$100 net assessed valuation. Under the state's Truth in Taxation statutes, the rate actually increases from \$1.2144 to \$1.2387, or 2 percent.

The primary property tax for an owner-occupied residence with an assessed valuation of \$100,000 would increase \$2.43 per year, from \$121.44 to \$123.87. For the third year, NPC does not have a secondary tax rate, used to repay voter-approved capital improvement bonds.

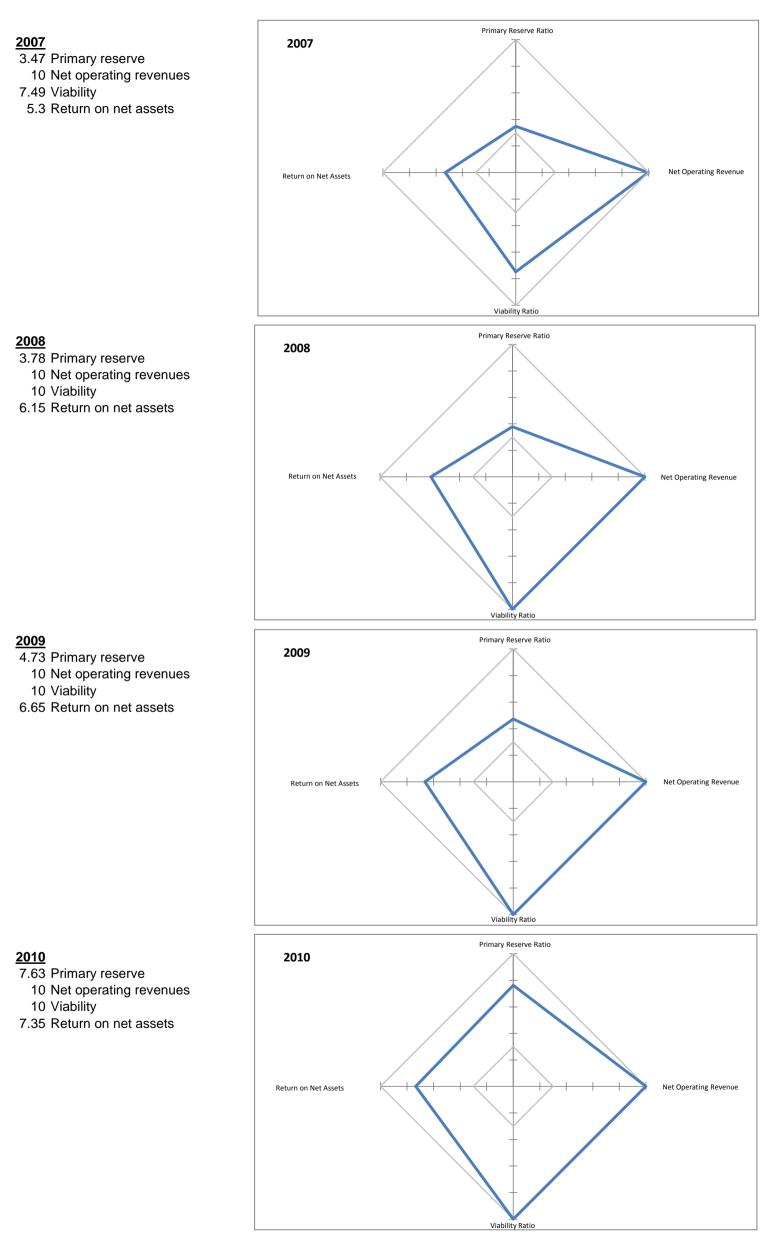

Northland's proposed tax levy is at the maximum allowable under a proposition approved by voters in 2006. The primary property tax levy will generate \$12,710,760. The 9.1 percent increase in the primary tax rate will raise an additional \$249,031 in revenue due to new construction and increases in the county valuation estimates. After the public hearings the governing board can decrease or accept the budget from the preliminary figures adopted on April 19.

The budget data can be downloaded as a PDF from the college's Web site: www.npc.edu/about-npc/public-notices/budget-hearing-notice

Interested citizens are encouraged to attend the Truth in Taxation and budget hearings and make comments prior to formal adoption of the budget by the local governing board during a special meeting immediately after the public hearings.

Comments about the budget or proposed primary tax rate increase should be directed to Blaine Hatch, vice president for administrative services, at NPC's District Offices in Holbrook, 524-7440. .... N P C ....

### **Financial Ratio Strength Factors**

### **2011-12 Salary Schedules**

### **Recommendation:**

Staff recommends approval of the return to the 2009-10 salary schedules for 2011-12 plus an adjustment reflecting a two percent wage increase as presented in the attached schedules.

### **Salary Schedules:**

Due to the State budget situation, along with ongoing depressed economic conditions, the Board approved a reduction in wages for all regular employee classes for the current fiscal year. No other community college district in Arizona implemented a wage and salary reduction in 2010-11, while some districts provided increases. The attached chart presents wage increases applied in the community college system in 2010-11, along with anticipated increases for 2011-12.

The expected budget impact to return wages to 2009-10 levels represents an increase of \$210,000.

### **Employee Related Expenses:**

Employee ASRS contributions will increase from 9.85 percent to 11.4 percent, an increase of 1.55%. The change is the result of an actuarially based adjustment of 0.9% and a last-minute revision of the employee match from 50 percent to 53 percent.

NPC matching contributions will increase from 9.85 percent to 10.1 percent with a budget impact of about \$20,000. This information has been revised from previous discussions and is the result of the employer match changing from 50 percent to 47 percent. Community colleges are not required to remit the savings generated by this change to the State's general fund. The savings equals about \$60,000.

The Navajo County School Employee Benefit Trust is operating well, which has reduced the impact of double-digit increases in healthcare cost. Employer cost in 2011-12 is increasing about 5.1 percent and will have a budget impact of approximately \$65,000.

Dependent coverage will continue to be offered as an optional benefit with the employee bearing the entire cost. Employees with basic coverage for spouse OR children can expect an increase of \$312 annually and family coverage will increase \$396. An employee choosing to cover the additional cost of the premier plan will see an increase of about \$288 annually for their own coverage. Premier coverage for spouse OR children will increase about \$540 annually and family coverage will increase \$660.

Staff proposes an increase in wages to mitigate the impact on employees related to the ASRS changes and increases in health insurance. The 2009 -10 salary schedules have been increased by two percent. The expected budget impact to provide the wage adjustment as shown is expected to be \$210,000.

December 17, 2010

At its December 17, 2010 meeting, the ASRS Board of Trustees accepted valuations for the various ASRS program plans and approved new contribution rates for the Defined Benefit Plan for fiscal year 2012, which take effect July 1, 2011. The contribution rates are as follows:

Combined Pension Plan and Health Insurance Benefit: Current Contribution Rate: 9.6% Rate for July 1, 2011: 10.5%

Long-Term Disability (LTD): Current Contribution Rate: 0.25% Rate for July 1, 2011: 0.25%

Total Contribution Rate (Pension plus Health Insurance plus LTD): Current Contribution Rate: 9.85% Rate for July 1, 2011: 10.75%

Also at the Board meeting, it was presented that there are no funds available for an additional Permanent Benefit Increase for retired members. All current PBIs will continue to be included in benefit checks.

The increase in the Defined Benefit Plan contribution rate is due primarily to the downturn in the overall equity markets in 2008. Also impacting the rates: a shrinking government workforce, leading to decreased total contributions coming in for the fiscal year that ended June 30, 2010, the date of the actuarial valuation used to determine the contribution rate. The rate of return to the overall ASRS fund for the fiscal year ended June 30, 2010 was a positive 14.9 percent, but previous years' negative returns are still being recognized in the valuations.

For retirees, there still remain no excess returns to fund an addition to the Permanent Benefit Increase program. As outlined in state statute, increases can only be provided when there are excess returns. Given the market performance over the past 10-year period that the ASRS employs to recognize gains and losses over time, it is expected to be several years before the PBI pool can provide for an addition to the PBI to retirees.

From: EmployerRelations [mailto:EmployerRelations@azasrs.gov] Sent: Monday, April 04, 2011 3:37 PM Subject: Senate Bill 1614

To: ASRS Employers:

We want to bring to your attention a budget bill that has been passed by the legislature and transmitted to the Governor for her signature that will impact the ASRS. Senate Bill 1614 requires:

- Beginning July 1, 2011, employers to contribute 47% of the total (Plan and LTD) ASRS contribution rate, and the employee to contribute 53 % of the total contribution rate. This replaces the current 50/50 split for employer and employee contribution rates.
- State and educational employers to transfer the difference between the current 50% and the proposed 47% employer contribution rate to the state general fund in fiscal year 2012.
- A new <u>state</u> employee hired after the effective date (not yet determined) who is regularly scheduled to work must wait at least six months before being eligible for and enrolled in the Arizona State Retirement System.

You can read more about this and other ASRS related bills in our 2011 ASRS Pending Legislation Summary: https://www.azasrs.gov/content/pdf/2011 legislation summary.pdf

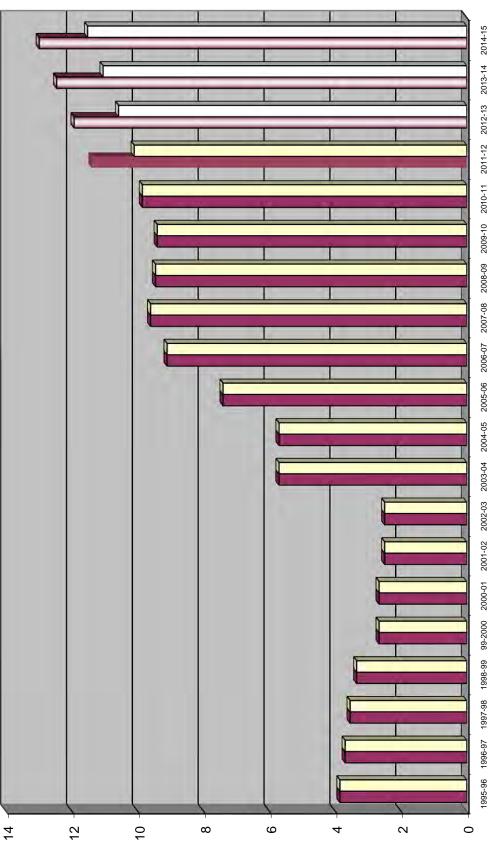

We are interested in learning whether any of the provisions in the legislation would have an impact on you as an employer, particularly if it would require programming costs on your part to implement the changes outlined in the legislation.

Due to the pending action of the Governor and legislature, your quick response to our request for information would be greatly appreciated. Though knowing the dollar impact would be most helpful, even knowing the administrative and IT impacts would be helpful to us at this time.

Please take a moment to send us information on this at EmployerRelations@azasrs.gov

Thank you in advance for your response to this matter.

Consumer Price Index - February 2011

The Consumer Price Index for All Urban Consumers (CPI-U) increased 0.5 percent in February on a seasonally adjusted basis. Over the last 12 months, the all items index increased 2.1 percent before seasonal adjustment. The energy index was once again the largest contributor. The gasoline index continued to rise, and the index for household energy turned up in February with all of its components posting increases. Food indexes also continued to rise in February, with sharp increases in the indexes for fresh vegetables and meats contributing to a 0.8 percent increase in the food at home index, the largest since July 2008. The index for all items less food and energy rose in February as well. Most of its major components posted increases, including the indexes for shelter, new vehicles, medical care, and airline fares.

The 12-month changes in major indexes continue to trend upward. The all items index increased 2.1 percent for the 12 months ending February; the figure was 1.1 percent as recently as November. The 12-month increase in the index for all items less food and energy reached 1.1 percent in February after being as low as 0.6 percent in October. The 11.0 percent increase in the energy index is the largest since May 2010, while the 2.3 percent rise in the food index is the largest since May 2009.

### **Request to Approve Revised Employment Contracts**

### **Recommendation:**

Staff recommends approval of the revised employment contracts as presented.

### Summary:

The revised contracts will replace current employee contract language at the beginning of the next contract period (July 1, 2011) and will allow the college increased flexibility with the current uncertain economic conditions, including ongoing concerns about State aid.

Staff initially reviewed the proposed employment contracts in detail at the January meeting. The proposed versions of each class of contracts are attached along with a copy of the referenced procedure 2720.

(b) If Employee believes a mistake has been made in Employee's placement on the salary schedule, Employee shall have fifteen (15) working days from the effective date of this Contract to notify College of the perceived mistake. If College finds an error concerning placement on the salary schedule, College shall notify Employee and a payment schedule will be set up to correct any such error.

(c) The Base Salary specified above may be reduced due to changed circumstances in accordance with Procedure 2720. In the event that Employee finds a proposed or implemented salary reduction, change of work hours, furlough or change of work location unacceptable, Employee may resign pursuant to paragraph 1.

(d) If Employee takes leave time in excess of that for which Employee is eligible under College Policy and Procedure, or is absent without permission or in violation of College Policy and Procedure, a pro-rata reduction shall be made in the amount of compensation due.

4. **Conditions.** This Contract must be signed and returned within fifteen (15) calendar days from the date it is received by Employee. This contract is also conditioned upon Employee's being in compliance with applicable immigration laws and upon College's receiving satisfactory confirmation thereof pursuant to A.R.S. § 23-214 or any successor statute. This contract may be voided by College if either of these conditions is not satisfied.

5. Conflict of interest. This contract is subject to cancellation for conflict of interest pursuant to A.R.S. § 38-511.

6. **Entire agreement.** This Contract, the attached job description, Procedure 2720 and such applicable employee benefits as may be established by College Policy and Procedure constitute the entire agreement between the parties. Any prior or contemporaneous agreements, whether written or oral, are superseded by execution of this

Contract. To be effective, any subsequent amendment or addendum to this Contract must be in writing and must be signed by both parties.

### Procedure 2720

### CHANGES IN TERMS OF EMPLOYMENT

#### A. Purpose

A change in terms of employment may consist of a reduction in force, a reduction in work hours, a reduction in compensation and/or a furlough. Such changes may be necessitated by a variety of circumstances, including but not limited to changes in or decreases to work requirements, reorganization, a decline in enrollment, elimination of educational or administrative services or programs, reduced funding or financial constraints.

#### B. Applicability

This procedure applies to all employees except for student employees, temporary employees, or probationary employees.

#### C. Procedure

- 1. If the President determines that a change in terms of employment is necessary, the President shall make a written recommendation for such a change to the Board. The recommendation shall identify the employees who would be affected by the recommended change in terms of employment. The President's recommendation should be designed to achieve any necessary savings with as little disruption to the College's mission as possible.
- 2. The change in terms of employment that is recommended by the President shall take effect on the date proposed by the President, which shall be at least ninety (90) days after the recommendation is submitted by the President to the Board, unless the Board rejects or modifies the recommendation prior to its effective date.
- 3. Employees who would be affected by the proposed change in terms of employment shall be given prompt notice of the President's recommendation. Those employees may submit written comments concerning the recommendation to the Board. Such comments should be submitted no later than ten (10) days prior to the meeting at which the Board is to consider the President's recommendation.
- 6. The Board shall consider the President's recommendation at a public meeting. The Board may allow a reasonable opportunity for public comment concerning the President's recommendation. The Board shall approve, modify or reject the President's recommendation within ninety (90) days from the date it is submitted to the Board by the President.

#### D. Procedures Applicable to a Reduction in Force

1. When a change in terms of employment consists of a reduction in force, during a one (1) year period from the date when an employee's employment was terminated, affected employees shall be considered on layoff status. Such employees shall be offered reemployment if suitable positions become available. If positions become available that could be filled by more than one employee on layoff status, the President shall determine

the order in which reemployment will be offered. An individual who is offered reemployment will have ten (10) working days within which to accept or decline the offer. To be entitled to an offer of reemployment, the affected employee must inform the College's Human Resources Department of his or her availability for work. The employee must also keep the Human Resources Department apprised of his or her current mailing address throughout the one (1) year period. Written notice of any offers of reemployment shall be sent to the most current address on file for the employee with the College's Human Resources Department. After one (1) year following the effective date of a layoff, the employee will have no further hiring priority rights.

- 2. Layoff status will impact the benefits of affected employees in the following ways:
  - a. Retirement service credit is not accrued during the layoff period.

b. Health benefits are covered to the extent permitted under COBRA regulations. If the employee elects to continue health coverage, he or she must pay the entire premium for the insurance, which will include both the employee's and the College's portion of the premium.

c. Annual or any other leave benefits are not accrued during the layoff period. Annual leave or any other leave benefits due at the beginning of the layoff period will be paid to the affected employee at normal paycheck distribution time following the date of layoff.

d. Sick leave is not accrued during the layoff period, but sick leave hours that have already accrued at the time the employee is placed on layoff status will be retained. Sick leave benefits may not be used during the layoff period.

e. Employees on layoff status and their eligible dependents may continue to participate in the employee tuition waiver program during the one (1) year period.

3. The Human Resources Department will assist employees on layoff status in finding new employment by providing outplacement counseling and services for three (3) months following the layoff.

# Request to Issue Requests for Proposals for the Aspen Center Canopy Project

### **Recommendation:**

Staff recommends approval to issue requests for proposals for the Aspen Center canopy project at the White Mountain Campus.

### Summary:

The Aspen Center at the White Mountain Campus has experienced several incidents related to water infiltration in and around the building. When the facility was constructed, plans called for lime stabilization of the soil extending to the edge of the sidewalks around the perimeter of the building. However, the soil was stabilized to the edge of the building footprint only. Subsequently, the sidewalks have experienced movement as the soil underneath has taken on water. The sidewalk was eventually removed along the north side of the building. This resulted in significant improvement.

However, recent movement along the east side of the building has required temporary closure of the east entrance to the building. Additionally, efforts to seal the block face of the building, particularly on the south side, have failed to eliminate water infiltration through the walls and windows. Water infiltration has required removal and replacement of the gypsum board and carpeting, often disrupting classes and other college work.

Staff has consulted with engineers, architects and our insurance provider and has concluded the optimal solution to additional possible damage and mold growth is the addition of a canopy around the entire perimeter.

A cost estimate is attached, along with preliminary drawings.

# Request to Approve the Purchase of Cisco Networking Equipment

## **Recommendation:**

Staff recommends an approval to purchase Cisco Networking Equipment from Frontier Technology, LLC ("MicroAge") in the amount of \$119,167.40. This equipment is necessary as it will replace End-of-Life / End-of-Service equipment that is critical to daily network connectivity.

## **Summary:**

The proposed purchase will allow staff to replace 21 network switches that will no longer be supported by Cisco's maintenance support program, SMARTnet. The new devices are the recommended direct replacements from Cisco for our current network devices.

This equipment will also provide advanced features such as PoE (Power-over-Ethernet) which will help with future telephony projects like VoIP (Voice-over-IP) as well as increased throughput capabilities utilizing gigabit connectivity.

# Request to Approve Contract for 3<sup>rd</sup> Party Data/Network Service

## **Recommendation:**

Staff recommends approval of a five-year contract for \$135,000 with Frontier Communications for a 50 Mbps Point-to-Point connection between the Painted Desert Campus and the Kayenta Center.

### **Summary:**

The proposed contract with Frontier Communications for 50 Mbps of connectivity will replace an existing 10 Mbps connection from another service provider. Funding for this project will be comprised of current operational costs for the existing 10 Mbps link as well as Title III funds related to Project EAGLE.

Project EAGLE details the college moving from 10 Mbps to 15 Mbps of connectivity at the Kayenta Center. The college has recently realized a more competitive pricing situation after negotiations with vendors that will allow the college to move to 50 Mbps of connectivity rather than the originally planned 15 Mbps at the same price.

## FRONTIER SERVICES AGREEMENT

This Agreement is made this <u>1st</u> day of April, 2011, by and between **Citizens Tel of the White Mountains, Inc.**, with an address at 655 S. Woodland Rd./PO Box 862 Lakeside, AZ 85929 (referred to herein as "**Frontier**"), and **Northland Pioneer College**, whose address is PO Box 610 Holbrook, AZ 86025 (referred to herein as "**Customer**").

#### 1. Services

rontier

Frontier will provide the services on the attached Schedules that Customer has initialed, which Schedules are incorporated herein by reference and made a part hereof (the "Services"). The Services are described further in the attached Schedules and this Agreement becomes effective for such Services upon Customer initialing each applicable Schedule where indicated. For Services covered by tariff, Customer recognizes that in the event of any inconsistencies between this Agreement and the tariffs, except with respect to pricing, termination charges or cancellation charges for which this Agreement shall control in all circumstances (subject to Section 15 hereof), the tariffs shall control for regulated Services (other than for pricing), and this Agreement shall control for unregulated Services. In the event of any conflict between this Agreement and any Schedule, the Schedule shall control. Customer further recognizes that if Customer selects long distance services, such services will be provided directly by Frontier Communications of America, Inc. ("LD Carrier") and Frontier is acting solely as LD Carrier's agent with respect to such services. If long distance services are being contracted for by Customer hereunder, Customer shall execute a Letter of Authorization in the form of Schedule LD, attached hereto. Services, special facilities and equipment may also be provided by other local or long distance carriers that are affiliates or subcontractors of Frontier and such Services will be subject to the terms and conditions of this Agreement.

Frontier will maintain, repair and service the facilities and equipment used to provide the Services or leased to Customer as part of this Agreement, up to and including the point at which the facilities and equipment are made available for interconnection to Customer's premises equipment or inside wiring. Only authorized agents and representatives of Frontier may perform such work. Any repair, alteration or servicing of Frontier's facilities or equipment by Customer or third parties without the express written consent of Frontier is cause for termination of this Agreement at Frontier's option. For any portion of Frontier's circuits that are provided by third parties, Frontier's maintenance responsibility is limited to the prompt identification and notification of appropriate parties. Frontier will make every reasonable effort as Customer's agent to obtain prompt action from such a third party.

#### 2. Minimum Usage Guarantee

If Customer has selected Service(s) for which there is a Minimum Usage Guarantee, then unless otherwise described in this Agreement or the applicable Schedule, Customer shall be liable to Frontier for meeting such Minimum Usage Guarantee during the initial term stated in the applicable Schedule or tariff. Unless otherwise stated in the Schedule, any Minimum Usage Guarantee period begins on the date of installation of the applicable Service. Taxes or tax-related surcharges, governmentally imposed or permitted surcharges, nonrecurring charges (including but not limited to installation charges), operator assistance charges, and any charges of third parties that are passed through to Customer are not included in determining whether Customer has met any Minimum Usage Guarantee. Customer agrees that the prices in the Schedules are based in part upon any term and volume commitments that Customer is making to Frontier. If Customer's purchases are less than any Minimum Usage Guarantee committed to in any Schedule, Frontier may, in addition to any other rights and remedies it may have, recover the shortfall from Customer, and may

elect at its option either to continue to recover the shortfall prospectively or increase the price prospectively to reflect Frontier's then-current prices for comparable terms and volumes.

#### 3. Cancellation Charges

Whether or not Customer enters into a minimum term commitment, if Customer terminates or cancels an order for a Service prior to the completion of installation of the Service, Customer shall pay a cancellation charge equal to one month of recurring charges for the Service plus the total costs and expenses of Frontier in connection with establishing the Service prior to Frontier's receipt of notice of termination or cancellation, including, but not limited to, Frontier's applicable installation charges for the Service.

If Customer has selected Services for which there is a minimum term commitment or the applicable Schedule includes a minimum term commitment, and if Customer terminates or cancels a Service after completion of installation but prior to completion of the minimum term commitment or Frontier terminates the Service or this Agreement pursuant to Section 9.a. hereof, unless otherwise stated in the Schedule, Customer shall immediately pay Frontier a cancellation charge equal to the monthly recurring charges for the terminated or canceled Service, plus the following associated surcharges for such Service: subscriber line charges, primary interexchange carrier charges, and universal service fund charges, multiplied by the number of months remaining in the applicable Unless otherwise stated in the minimum term commitment. Schedule, partial months shall be prorated so that Customer's total payment of recurring charges (plus applicable surcharges) before and after termination or cancellation equals the monthly recurring charges (plus applicable surcharges) for the Service multiplied by the total number of months in the minimum term commitment. Unless otherwise stated in the Schedule, any minimum term commitment begins on the effective billing date for the applicable Service

It is agreed that Frontier's damages in the event of early termination will be difficult or impossible to ascertain. These provisions are intended, therefore, to establish liquidated damages in the event of termination and are not intended as a penalty.

The minimum term provisions or Minimum Usage Guarantees for any Service selected by Customer hereunder shall have no effect on any other minimum term commitments or Minimum Usage Guarantees that Customer may have with Frontier, whether under this Agreement, or otherwise.

#### 4. Payment

Customer shall pay all charges set forth in the attached Schedules and in applicable tariffs. Customer shall be responsible for all charges for Services commencing upon the earlier of (i) Customer's use of the applicable Service(s) or (ii) five (5) days following Frontier's installation of such Service(s). Unless otherwise specified in an applicable Schedule or tariff, or otherwise required by statute or rule, all payments shall be due within thirty (30) days of the invoice date and late payments shall be subject to a late payment fee of the lesser of one and one-half percent (1.5%) per month or the maximum allowed by law. The late payment fee referred to above will be in addition to and not in lieu of any other remedies Frontier may have hereunder or under the law as a result of Customer's failure to pay. If Frontier does not receive notice of a

payment dispute by Customer within ninety (90) calendar days after Customer's receipt of an invoice, such invoice will be final and not subject to further challenge. Upon timely receipt of a notice of dispute, Frontier will promptly investigate all disputed charges and report its findings and disposition of the dispute to Customer within sixty (60) calendar days. For the purpose of computing partial month charges, a month will consist of thirty (30) calendar days.

In addition to the charges set forth in the applicable tariffs and Schedules, Customer shall pay any and all federal, state or local sales, use, privilege, gross receipts or excise taxes (exclusive of taxes based on the net income of Frontier or its affiliates), or any charges in lieu thereof, and any applicable surcharges, including but not limited to Primary Interexchange Carrier Charge ("**PICC**"), Federal Pre-Subscribed Line Charge ("**FEPS**"), Carrier Cost Recovery Surcharge, E-911, Universal Service and Local Number Portability surcharges related to the Services, in the amounts applicable at the time of billing.

#### 5. Term

This Agreement is effective as of the date written above, and shall continue in full force and effect as long as any of the Services continue to be provided pursuant to any Schedule hereto, unless terminated in accordance with the provisions hereof. If neither party provides the other with written notice of its intent to terminate this Agreement, or any Service provided pursuant to any Schedule, at least sixty (60) days prior to expiration of any minimum term commitment for any or all Services, or any renewal thereof as provided below, then this Agreement shall be deemed automatically renewed for additional one-year periods at the then applicable one-year term rate, excluding promotional rates. Notwithstanding the above, if tariff pricing was applicable during the initial term of this Agreement, pricing for Services continuing during any renewal term shall be at the then applicable tariff rate.

#### 6. Limitation of Liability and Warranty Provisions

The liability of Frontier and its affiliates for the Services provided under this Agreement shall in no event exceed the limitations of liability set forth in the applicable tariffs or regulatory rule or order, or, if there is no applicable tariff provision, rule or order, the total amount paid for the applicable Service pursuant to this Agreement and the attached Schedules. In cases of Service outages or interruptions, liability shall be limited to 1/720 of the monthly charge for each hour the Service is interrupted.

Notwithstanding the above, Frontier will not be liable to Customer for interruptions in Services caused by failure of hardware or software, failure of communications services, power outages, or other interruptions not within the complete control of Frontier. In addition, there will be no credits, reductions or set-offs against charges for Services, or for downtime of Services, except as expressly set forth herein.

IN NO EVENT WILL FRONTIER OR ITS AFFILIATES BE LIABLE FOR ANY LOST PROFITS OR BUSINESS OPPORTUNITIES, OR FOR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES, EVEN IF ADVISED OF THE POSSIBILITY THEREOF. FRONTIER AND ITS AFFILIATES SHALL NOT BE LIABLE FOR ANY LOSS, COST, CLAIM OR EXPENSE EXPERIENCED OR INCURRED BY CUSTOMER RESULTING FROM THE USE OF THE SERVICES OR EQUIPMENT PROVIDED THEREUNDER, INCLUDING, BUT NOT LIMITED TO, TOLL FRAUD.

EXCEPT AS OTHERWISE PROVIDED HEREIN OR IN THE APPLICABLE SCHEDULES, FRONTIER DISCLAIMS ALL WARRANTIES WITH RESPECT TO ITS FACILITIES, TRANSMISSION, EQUIPMENT, DATA OR SERVICES PROVIDED HEREUNDER, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR FUNCTION.

No action, regardless of form, arising out of this Agreement or the Schedules may be brought more than two (2) years after the cause

of action has arisen. The parties hereby waive the right to invoke any different limitation on the bringing of actions provided under state law.

#### 7. Indemnification

Customer shall be liable for and shall indemnify, defend and hold Frontier and its affiliates harmless from and against any and all claims, loss, damage, cost or expense (including reasonable attorneys' fees) arising out of Customer's negligent, willful or unauthorized acts, failures to act or misrepresentations, and, in the case of facilities or equipment, failure to maintain an adequate and safe environment or permitting unauthorized repairs.

#### 8. Confidentiality

Both parties agree that all terms and conditions set forth in this Agreement shall be considered confidential, and that details of the terms of this Agreement, or the Services provided under this Agreement, shall not be disclosed to third parties, other than affiliates, employees, agents or contractors who have a need to know such information in the scope of their employment or engagement, without the prior written consent of the other party, unless required by law.

Customer and Frontier may disclose to each other information that is confidential in nature. In order to receive confidential treatment, all such information (hereafter **"Information"**) shall be either (i) clearly marked as confidential if written, or clearly identified as confidential if oral or (ii) reasonably understood by the recipient, based on the nature of the Information or the circumstances of disclosure, to be in need of confidential treatment or proprietary to the discloser. Customer and Frontier agree not to disclose any Information to any third party, to keep Information in a secure place available only to employees, affiliates or agents who are subject to obligations of confidentiality no less restrictive than those set forth herein, who need to know the Information for purposes of the business dealing between Customer and Frontier, and to use Information only in connection with such business dealings.

Information will lose its confidential status if obtained legitimately from a third party without restriction or upon the expiration of six (6) years from delivery of each item of Information. Information shall remain the property of the disclosing party and shall be returned to such party on request or upon termination of the business dealing between Customer and Frontier. This Agreement is enforceable by injunction.

Notwithstanding anything herein to the contrary, Frontier shall have the right to include Customer's name in a public list of current customers who use Frontier's services, provided Frontier does not make any representation with respect to Customer and does not attribute any endorsements to Customer, without Customer's prior written consent. In addition, Frontier may issue a press release announcing Customer as a new customer of Frontier or an existing customer obtaining expanded or additional services from Frontier, as the case may be.

#### 9. Default

a. <u>Breach by Customer</u>: If Customer fails to make any payment when due, or fails to comply with any other term or condition of this Agreement or any Schedule, and such failure continues for five (5) days in the event of failure to make payments, or thirty (30) days in the event of any other default, after notice of such failure, Frontier shall have the right either to suspend the Service until the default is remedied or to terminate this Agreement or any Schedule. In the case of failure to make payment for equipment purchased or leased hereunder, Frontier shall have the right, without notice, demand or legal process, to demand payment of all amounts remaining to be paid under the applicable Schedule and to take possession and dispose of the property in a commercially reasonable manner. Retaking or resale of such equipment shall not

release Customer from its obligation to pay all amounts due under this Agreement and the Schedules.

- b. <u>Breach by Frontier</u>: If Frontier has not remedied any breach within thirty (30) days after Frontier's receipt of notice from Customer of such breach, Customer may terminate the circuit or Service which is the subject of such breach. Except for charges incurred prior to the termination and except for charges incurred with continued use despite termination, Customer shall have no further obligation to Frontier for payment of charges for the terminated circuit or Service after such termination. Except as otherwise expressly provided herein or in an applicable Schedule, this subsection states Customer's exclusive remedy for a breach by Frontier.
- c. Frontier, after giving notice to Customer and after having given Customer an opportunity, appropriate to the circumstances involved, to respond to such notice, may, under the following conditions, forthwith terminate any Service, and sever the connection to Frontier's network and remove its equipment from Customer's premises:

1) In the event of prohibited, unlawful or improper use of the facilities or Service or abuse of the facilities, or

2) If, in the sole judgment of Frontier, any use of the facilities or Service by Customer would have a material negative impact on the business of Frontier or the efficiency of Frontier's personnel, plant, property or Service.

Frontier, however, shall have the right to take immediate action, including termination of the Service and severing of the connection to its network without notice to Customer when injury or damage to Frontier personnel, plant, property or Service is occurring, or is likely to occur.

#### 10. Force Majeure

In no event will Frontier or its affiliates be liable for any delay in performance directly or indirectly caused by events beyond their control, including, but not limited to: acts of Customer, its agents, employees or contractors; acts of God; acts of the public enemy; acts of the United States, a state or other political subdivision; fire, floods or other natural disasters; accidents; wars; labor disputes or shortages; and inability to obtain material, power, equipment or transportation.

#### 11. Assignment

This Agreement may not be assigned by either party without the other party's prior written consent, which consent shall not be unreasonably withheld or delayed, except that Frontier may assign this Agreement to any successor to the business of Frontier by merger, consolidation or sale of assets or to any corporation controlling, controlled by or under common control with Frontier. Frontier may subcontract portions of the work to be performed hereunder, but shall remain fully liable to Customer for the workmanlike performance thereof.

#### 12. Work Site Conditions

This Agreement assumes that any Services provided hereunder do not involve Frontier's contact with or removal of asbestos or other toxic or hazardous materials. If asbestos, or material containing asbestos, or any other hazardous or toxic materials are discovered during work pursuant to this Agreement, Frontier will suspend its work for a reasonable period of time to permit Customer to engage a qualified firm to remove and dispose of the asbestos or other toxic or hazardous materials from the site and receive an equitable adjustment to the sums due or to be due to Frontier under this Agreement as a result of any increase in costs Frontier experiences as a result of such suspension.

Customer acknowledges that Frontier shall not be responsible for any claims, demands or damages arising out of the removal of asbestos or any other hazardous or toxic material from the work site and agrees to release, indemnify, defend and hold harmless Frontier from and against any damages, losses, claims, demands or lawsuits arising out of or relating to the presence, removal or disposal of asbestos or any other hazardous or toxic material from the work site.

#### 13. Title and Risk of Loss

In the case of equipment provided hereunder, risk of loss or damage shall pass to Customer at time of delivery to Customer. Title to any sold equipment passes to Customer upon payment in full for the equipment or upon completion of installation and Customer's acceptance, whichever occurs first. Unless an acceptance test is deemed necessary by the parties, acceptance by Customer is deemed to occur at the time of cutover as evidenced by the interconnection of the equipment to the public network and its ability to place and receive external and internal telephone calls or data traffic. Until the purchase price and all other amounts added thereto have been paid in full, Frontier shall retain a security interest in the equipment to secure payment of the purchase price. The parties hereby agree that this Agreement shall constitute a security agreement and financing statement as those terms are defined in the Uniform Commercial Code. Customer will promptly execute any additional documents or instruments requested by Frontier to protect Frontier's interests.

Unless expressly sold to Customer, any equipment installed at Customer's premises in connection with the Services remains the property of Frontier and upon termination of this Agreement or any applicable Service, such equipment shall be returned to Frontier in the same condition as installed, normal wear and tear excepted. In the event of Customer's failure to comply with the preceding sentence, Customer will be billed for and pay to Frontier an amount equal to the retail value of such equipment.

Frontier will be provided reasonable access to Customer's premises during normal business hours for the purpose of installing, inspecting, testing, rearranging, repairing or removing any Service and/or related equipment.

Customer will reimburse Frontier for any loss of, or damage to, any Frontier facilities or equipment in or on Customer's premises or property resulting from theft, willful injury, or any other cause whatsoever, other than by fire or unavoidable accident, and other than any loss or damage resulting from the negligence or willful misconduct of Frontier or its agents. The term "unavoidable accident" does not include theft.

#### 14. Competition

Customer recognizes the availability of competitive alternatives for receiving the Service(s) provided under this Agreement either now or in the future, and has freely elected to enter into this Agreement in order to receive the benefits it offers.

#### 15. Government Regulation

Notwithstanding anything in Section 1 regarding the precedence of contract or tariff, to the extent that any Service(s) provided hereunder are subject to the jurisdiction of the Federal Communications Commission ("FCC") and/or any state utility regulatory agency, this Agreement shall at all times be subject to changes, modifications, orders and rulings by the FCC and/or that regulatory agency. Frontier reserves the right to suspend, modify or terminate any Service without liability where any statute, regulation and/or ruling, including modifications thereto, by any regulatory agency (including the FCC), legislative body or court of competent jurisdiction, (i) prohibits, restricts or otherwise prevents Frontier from furnishing such Service, or (ii) has a material negative impact on Frontier's performance hereunder or the benefits provided by this Agreement. If provision of any Service pursuant to this Agreement is subject to advance approval of the FCC and/or any state utility regulatory agency, this Agreement shall not become effective with respect to such Service until fifteen (15) days after receipt by Frontier of written notice of such approval.

#### 16. Governing Law

This Agreement shall be governed by and construed according to the laws of the State in which Services are being provided hereunder without regard to its conflicts of laws provisions. Any related litigation may be brought in any State or Federal courts of competent jurisdiction within such State. Customer and Frontier consent to personal jurisdiction in such courts.

#### 17. Merger and Modification

This Agreement and the Schedules hereto contain the entire agreement between the parties relating to the subject matter hereof, and may not be modified, amended or supplemented except by written agreement signed by an authorized representative of each party.

#### 18. No Waiver

If either party fails, at any time, to enforce any right or remedy available to it under this Agreement, that failure shall not be construed to be a waiver of the right or remedy with respect to any other breach or failure by the other party.

#### 19. Severability

A declaration by any court, or other binding legal source, that any provision of this Agreement or any Schedule is illegal and void, will not affect the legality and enforceability of any other provisions of this Agreement, unless the provisions are mutually dependent.

#### 20. Internet Acceptable Use Policy and Security

If Customer subscribes to any Frontier Internet service, Customer shall comply with Frontier's Acceptable Use Policy ("**AUP**"), which Frontier may modify at any time. The current AUP is available for review at the following address, subject to change:

#### http://www.frontier.com/policies/commercial aup/

Customer is responsible for maintaining awareness of the current AUP and adhering to the AUP as it may be amended from time to time. Failure to comply with the AUP is grounds for immediate suspension or termination of Frontier Internet Service, notwithstanding any notice requirements of Section 9(a) above.

Customer is responsible for the security of its own networks, equipment, hardware, software and software applications. Abuse that occurs as a result of Customer's systems or account being compromised or as a result of activities of third parties permitted by Customer may result in suspension of Customer's accounts or Internet access by Frontier. Customer will defend and indemnify Frontier and its affiliates with respect to claims arising from

## Customer's or third parties' usage of Frontier Internet access through Customer's hardware or software.

Customer shall not bundle or resell Frontier Internet access Services unless Customer subscribes to a Schedule designed for the provision of Internet access by Customer to its customers through Frontier facilities.

#### 21. Non-Frontier Maintained Equipment

If Customer elects to maintain a PBX or similar switching or routing equipment directly or through a third party, then Customer assumes all risks of such maintenance including but not limited to toll fraud that may occur as a result of weak, default or missing passwords. Frontier will not provide credits for fraudulent usage if Frontier does not maintain the equipment.

## 22. Additional Provisions (if applicable, Customer to initial where indicated)

<u>Surcharge Exemption Certification</u> (applies to special access / private line circuits):

Customer certifies [initial: \_\_\_\_\_]: That any special access lines/circuits to be provided by Frontier do not include a termination connected to a PBX or other device capable of interconnecting the line/circuit to a local exchange subscriber line.

Customer understands that if it cannot so certify, or otherwise qualify for another exemption under Frontier's tariff, a special access surcharge may be required to be assessed on each dedicated line/circuit.

b. <u>Interstate / Intrastate Pricing Certification</u> (applies to dedicated point-to-point services):

If the Schedules include dedicated point-to-point Service(s), Customer certifies that its dedicated point-to-point traffic over such Services: [initial: \_\_\_\_] will be more than 10% interstate in nature; OR [initial: \_\_\_] will be 10% or less interstate in nature. The term "interstate in nature" means that the traffic originates in one state and terminates in another state or outside the United States, regardless of how it is routed.
