

Bachelor of Arts Elementary Education (BAEE) –Students interested in pursuing a degree that leads to teaching elementary education and teacher certification (K-8th grade) may want to complete their BAEE. This plan maps the required courses that build on the foundation of an AAEE and are necessary for a bachelor's degree in elementary education. Courses are outlined in blocks that are suggested for full-time students, but may be adjusted based on scheduling, student employment, or individual needs. Courses **highlighted in green** are required prerequisites prior to enrolling in the program. To ensure you are on track, it is recommended that you meet with the Educator Preparation Programs Advisor prior to registering. **Bolded** courses are taken together in a single semester.
